**WHEREAS**, Sections 2181 through 2193 and 3351(A)(4) of Title 17 of the Louisiana Revised Statutes of 1950, as amended (La. R.S. 17:2181 through 2193 and 17:3351(A)(4)), Chapters 13, 13A and 14A of Title 39 of the Louisiana Revised Statutes of 1950, as amended, and Article VII, Section 6(C) of the Constitution of the State of Louisiana of 1974 (the "Constitution" and, together with the cited statutory authority, the "Act"), and other constitutional and statutory authority, authorize the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College (the "Board") to borrow money and to issue bonds and refunding bonds and pledge revenues to guarantee payment thereof in accordance with law and with the approval of the State Bond Commission; and

**WHEREAS**, the Board previously adopted on June 17, 1994, its General Bond Resolution (as supplemented and amended from time to time, the "General Bond Resolution") authorizing the issuance from time to time of Auxiliary Revenue Bonds of the Board payable from gross revenues of certain auxiliary enterprises of Louisiana State University and Agricultural and Mechanical College (the "University"); and

**WHEREAS**, On August 9, 2006, the Board issued its \$97,095,000 Auxiliary Revenue Bonds, Series 2006 (the "Prior Bonds"), of which \$89,330,000 in principal amount is currently outstanding; and

**WHEREAS**, the University is considering advance refunding all or a portion of the Prior Bonds in order to achieve interest costs savings; and

**WHEREAS**, the Board desires to avail itself of the provisions of the Act and the General Bond Resolution and to grant preliminary approval and authorization to representatives of the University, bond counsel and counsel to the Board to proceed with the necessary steps toward the issuance of its Auxiliary Revenue Refunding Bonds, in one or more series, in an aggregate principal amount not to exceed \$92,000,000 (the "Bonds") to (i) advance refund all or a portion of the Prior Bonds, if economically feasible, (ii) fund a reserve fund or pay the premium for a reserve fund insurance policy or surety bond, if necessary, and (iii) pay the costs of issuance of the Bonds, including, but not limited to, the preparation of the hereinafter described Bond Resolution and the preparation and distribution of preliminary and final official statements, if any, related thereto; and

**WHEREAS**, by this resolution, the Board desires to provide for certain general matters relating to the Bonds and the issuance thereof, it being the intent of the Board that the further details of the Bonds (including, without limitation, the maturity dates of the Bonds, the maximum rate or rates of interest payable on the Bonds, and any security therefor) shall be fixed by the General Bond Resolution and the Seventeenth Supplemental Resolution to be adopted by the Board prior to the date of issuance of the Bonds (the "Seventeenth Supplemental Resolution" and, together with the General Bond Resolution, the "Bond Resolution"); and

**WHEREAS**, prior to the issuance of the Bonds, there shall be submitted to the Board the Seventeenth Supplemental Resolution and the proposed Bonds prepared in connection therewith; and

**WHEREAS**, the Bonds shall be payable solely from and secured by a pledge of the Auxiliary Revenues, as more particularly defined by the Bond Resolution, consisting of revenues derived by the University from certain Auxiliary Enterprises, including, without limitation, athletics, residential life, parking, graphic services, the student union, student health services, and other miscellaneous auxiliaries and certain other revenues that have been dedicated to the payment of bonds issued pursuant to the Bond Resolution; and

Minutes – Regular Board Meeting

**WHEREAS**, the Board desires to authorize the publication of a notice of intention to issue the Bonds, as provided in the Constitution; and

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College that:

SECTION 1. The Board hereby grants preliminary approval to the issuance of its Auxiliary Revenue Refunding Bonds, in one or more series (the “Bonds”), in an aggregate principal amount not to exceed \$92,000,000, at a fixed rate or rates not to exceed five percent (5%) per annum and for a term not to exceed 30 years for the purpose of providing funds for the benefit of Louisiana State University and Agricultural and Mechanical College (the “University”) to (i) advance refund all or a portion of the Board’s Auxiliary Revenue Bonds, Series 2006 (the “Prior Bonds”), if economically feasible, (ii) fund a reserve fund or pay the premium for a reserve fund insurance policy or surety bond, if necessary, and (iii) pay the costs of issuance of the Bonds, subject to the terms and conditions contained herein and in a Bond Resolution, subject to the advice of bond counsel and counsel to the Board, and subject to the required approval of the State Bond Commission (the “Commission”).

SECTION 2. The Bonds shall be secured by the Auxiliary Revenues on parity with the Board’s outstanding Series 2004 Bonds, Series 2004B Bonds, Series 2005A Bonds, Series 2006 Bonds, if any, remaining outstanding after the Prior Bonds are refunded, Series 2007 Bonds, Series 2008 Bonds, Series 2010A Bonds, Series 2010B Bonds, Series 2012 Bonds and Series 2013 Bonds, each as defined in the Bond Resolution.

SECTION 3. The Board hereby authorizes its representatives, including the President and Chancellor of the LSU System, the Vice President for Finance and Administration/CFO and their designees, bond counsel, and counsel to the Board to proceed with the preparation of the Bond Resolution with respect to the Bonds and all documents necessary for the issuance of the Bonds, including, but not limited to the preparation and distribution of preliminary and final official statements, if any, related thereto and to obtain all consents and approvals necessary for the issuance of the Bonds.

SECTION 4. The Board hereby authorizes and approves all matters necessary in connection herewith, subject to advice of bond counsel and counsel to the Board, including, but not limited to the publication of a notice of intention to issue the Bonds as provided in the Constitution, the form of which is attached hereto as Exhibit A.

SECTION 5. The Board hereby formally approves the making of its application to the Louisiana State Bond Commission (the “Commission”) requesting that the Commission grant its approval to the issuance of the Bonds, all in accordance with applicable law and the Rules of the Commission. The representatives of the University are hereby directed to furnish to and file with the Commission all documents, materials and information as may be necessary and appropriate in connection with the approval by the Commission of the issuance of the Bonds. A certified copy of this resolution shall be submitted to the Commission by the representatives of the Board or its

bond counsel, with a letter requesting the prompt consideration and approval of this application and such letter may set forth and request approval by the Commission of the price at which such bonds may be sold and issued.

SECTION 6. The form of the Notice of Intention to Issue Bonds attached hereto as **Exhibit A** is hereby approved in substantially such form, with such additions, omissions and changes as may be approved by bond counsel to the Board.

Minutes – Regular Board Meeting  
June 20, 2014

SECTION 7. It is hereby recognized, found and determined that a real necessity exists for the employment of bond counsel in connection with the issuance of the Bonds and, accordingly, Adams and Reese LLP, Baton Rouge, Louisiana (“Bond Counsel”), is hereby employed as bond counsel for the Board, pursuant to that certain contract for bond counsel services dated effective October 12, 2011, between Bond Counsel and the Board (the “Bond Counsel Contract”), to do and perform any and all legal work incidental and necessary with respect to the incurring of debt and issuance and sale of the Bonds. Bond Counsel shall prepare and submit to the Board for adoption all of the proceedings incidental to the authorization, issuance, sale and delivery of the Bonds, and shall furnish their opinion covering the legality of the issuance thereof.

The fees to be paid to Bond Counsel with respect to Bonds actually issued, sold, delivered and paid for shall be based upon the then current fee schedule promulgated by the Attorney General of the State of Louisiana (at the time any such bonds are sold) with regard to fees for bond counsel for legal and coordinate professional work performed in connection with the issuance of revenue bonds by state entities. Such fees shall be payable out of the funds derived from the sale of the Bonds or other funds legally appropriated therefor pursuant to the Bond Counsel Contract.

SECTION 8. The Bonds shall not be issued until this Board has approved the execution of all legal documents necessary in connection therewith, including, but not limited to, the Bond Resolution.

SECTION 9. The Chairman, Vice Chairman and Secretary of the Board, the President and Chancellor and the Vice President for Finance and Administration/CFO or any one of them and their designees are hereby authorized to execute all documents, and do all things necessary, on the advice of Bond Counsel and counsel to the Board to effectuate and implement this Resolution.

SECTION 10. By virtue of the Board’s application for, and acceptance and utilization of, the benefits of the Louisiana State Bond Commission’s approval(s) resolved and set forth herein, (i) it resolves that it understands and agrees that such approval(s) are expressly conditioned upon, and (ii) it further resolves that it understands, agrees and binds itself, its successors and assigns to full and continuing compliance with the “State Bond Commission Policy on Approval of Proposed Use of Swaps, or other forms of Derivative Products, Hedges, etc.” adopted by the Commission on July 20, 2006 as to the borrowing(s) and other matter(s) subject to the approval(s), including subsequent application and approval under said Policy of the implementation or use of any swap(s) or other product(s) or enhancement(s) covered thereby.

credit of the State of Louisiana, but will be solely a revenue obligation of the Board payable from Auxiliary Revenues (as defined in a Bond Resolution to be adopted by the Board, hereinafter referred to as the "Bond Resolution"), consisting of Auxiliary Revenues derived by LSU from certain Auxiliary Enterprises, including, without limitation, athletics, residential life, parking, graphic services, the student union, student health services, and other miscellaneous auxiliaries and certain other revenues that have been dedicated and pledged to payment of bonds issued under the Bond Resolution. The Bonds will be secured by the Auxiliary Revenues on a parity with the Board's outstanding (i) Auxiliary Revenue Refunding Bonds, Series 2004 issued in the original aggregate principal amount of \$16,035,000, (ii) Auxiliary Revenue Bonds, Series 2004B issued in the original aggregate principal amount of \$51,885,000, (iii) Auxiliary Revenue and Refunding Bonds, Series 2005A issued in the original aggregate principal amount of \$18,905,000, (iv) Auxiliary Revenue Bonds, Series 2006 issued in the original aggregate principal amount of \$97,095,000 (to the extent not refunded by the Bonds), (v) Auxiliary Revenue Bonds, Series 2007 issued in the original aggregate principal amount of \$71,130,000, (vi) Auxiliary Revenue and Refunding Bonds, Series 2008 issued in the original aggregate principal amount of \$52,815,000, (vii) Auxiliary Revenue and Refunding Bonds, Series 2010A issued in the original aggregate principal amount of \$87,625,000, (viii) Gulf Opportunity Zone Auxiliary Revenue Bonds, Series 2010B issued in the original aggregate principal amount of \$31,250,000, (ix) Auxiliary Revenue Refunding Bonds, Series 2012, issued in the original aggregate principal amount of \$41,615,000 and (x) Auxiliary Revenue Bonds, Series 2013, issued in the original aggregate principal amount of \$101,180,000. Within thirty (30) days after publication of this Notice of Intention, any person in interest may contest the legality of the Authorizing Resolution or the Bond Resolution, any provision of the Bonds to be issued pursuant to the Bond Resolution, the provisions securing the Bonds and the validity of all other provisions and proceedings relating to the authorization and issuance of the Bonds. If no action or proceeding is instituted within the thirty (30) days, no person may contest the validity of the Bonds, the provisions of the Authorizing Resolution or the Bond Resolution, the security of the Bonds or the validity of any other provisions or proceedings relating to their authorization and issuance, and the Bonds shall be presumed conclusively to be legal. Thereafter, no court shall have authority to inquire into such matters. Draft copies of the Bond Resolution are available for inspection at the offices of Dr. Dan Layzell, Vice President for Finance and Administration/CFO, LSU, 330 Thomas Boyd Hall, Baton Rouge, Louisiana 70803-2701.

**A. Proposed Amendment of President's Contract**

**Proposed Amendment of President's Contract:**

A paragraph in the University's current letter agreement with President F. King Alexander dated April 17, 2013 reads as follows:

**“Guaranteed Salary and Annual Review.** The initial term of your guaranteed salary shall be four years beginning July 1, 2013 and extending to June 30, 2017. The LSU Board of Supervisors annually shall provide you with a confidential performance evaluation. If the Board considers your second and each subsequent annual performance evaluations to be positive and to warrant extension of your contract, the Board will extend the term of your guaranteed salary annually by one fiscal year in order to provide a rolling three year term for your guaranteed salary.”

It is proposed that this paragraph of the April 17, 2013 letter agreement be amended to read as follows:

**“Guaranteed Salary and Annual Review.** The initial term of your guaranteed salary shall be six years beginning July 1, 2013 and extending to June 30, 2019. The LSU Board of Supervisors annually shall provide you with a confidential performance evaluation. If the Board considers your second and each subsequent annual performance evaluations to be positive and to warrant extension of your contract, the Board will extend the term of your guaranteed salary annually by one fiscal year in order to provide a rolling five year term for your guaranteed salary.”

In all other respects, the letter agreement of April 17, 2013 will remain in full force and effect.

To be eligible for university investment a financial institution must be listed in Capital Category 1 or 2, have a tier one core ratio of at least 5, and be a depository authorized by the La. Interim Emergency Board.

To be eligible for university investment in excess of 5% of its total deposits the institution must have a tier one leverage ratio of at least 10.

#### Core Capital

The capital level established by Section 131 of the FDIC Improvement Act of 1991. This regulation establishes the capital levels that determine a bank's prompt corrective action capital category. There are five possible categories: 1: Well Capitalized 2: Adequately Capitalized 3: Undercapitalized 4: Significantly Undercapitalized 5: Critically Undercapitalized Well Capitalized: Risk Adjusted Capital Ratio  $\geq$  10.00% and Core Capital to Risk Weighted Assets  $\geq$  6.00% and Core Capital to Adj Total Assets  $\geq$  5.00% Adequately Capitalized: Risk Adjusted Capital Ratio  $\geq$  8.00% and Core Capital to Risk Weighted Assets  $\geq$  4.00% and Core Capital to Adj Total Assets  $\geq$  4.00% Undercapitalized: Risk Adjusted Capital Ratio  $<$  8.00% or Core Capital to Risk Weighted Assets  $<$  4.00% or Core Capital to Adj Total Assets  $<$  4.00% Significantly Undercapitalized: Risk Adjusted Capital Ratio  $<$  6.00% or Core Capital to Risk Weighted Assets  $<$  3.00% or Core Capital to Adj Total Assets  $<$  3.00% Critically Undercapitalized: Tangible Equity Ratio  $\leq$  2.00%

#### Total Risk-Adjusted Capital Ratio

Total risk-based capital divided by Total risk-weighted assets. This ratio is used to determine core capital and used to assess the capital adequacy of a financial institution. It can help determine whether a bank has enough capital to withstand a downturn in the economy. Institutions above 10% received Core Capital rating of 1.

#### Leverage Ratio

Tier one Core Capital divided by Average total assets for leverage purposes. It is used to help determine the capital adequacy and to place limitations on the degree to which a banking firm can leverage its capital base.

## CAMPUS CORRESPONDENCE

---

*To:* F. King Alexander  
President and Chancellor

Date: July 31, 2014

*From:* Daniel T. Layzell  
Vice President for Finance and Administration/CFO

*Subject:* Fourth Quarter FY 2013-2014 Budget Report

LSU has completed the 2013-2014 fiscal year within its authorized budget authority. Ending the fiscal year within the authorized budget authority was the result of the cooperation, hard work, and dedication of hundreds of LSU employees from the vice chancellors, deans, heads of budgetary units, down through the department personnel, to individual faculty and staff. All deserve credit for this accomplishment.

Due to the required submission date of the quarterly report, it should be noted that actual expenditure and revenue data presented in this report are preliminary. The data will be finalized once financial reporting entries are complete and audited by the Legislative Auditors. The attached preliminary financial reports include the final budget adjustments from across the campus as well as the university's traditional "closeout" transactions used for institutional accounts at year-end. It is important to carefully read any narrative explanations listed at the end of each section since an attempt was made to describe noteworthy items within the section.

Thank you for your leadership and continued support of LSU. Please contact me should you have any questions concerning this report.

**Budget Adjustments Narrative**

**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

In the fourth quarter there was a mid-year budget adjustment (BA-7) processed to increase interagency transfers by \$294,301 for the Minimum Foundation Program (MFP) Formula funding allocated by the appropriation Act to the LSU Laboratory School. Adjustments in the transfers expenditure function are mainly due to expenditures recorded for risk management's high deductible insurance program's retained losses/reserves. This program was approved at the December 2012 Board of Supervisors meeting. Individual college and unit realignment of budgets and end of the fiscal year closeout procedures are also included in the budget adjustments for this quarter.

## Discuss significant revenues collected and expenses incurred variances in relation to the budget.

### Revenues

The shortfall in Statutory Dedicated funding is attributable to the Firemen Training fund revenues being \$558,541 less than the state Revenue Estimating Conference's estimate.

### Expenditures

The negative expenditures in the Other charges expenditure category and the scholarship function is mainly due to the yearend procedure of transferring Pelican Promise exemption expenditures to the restricted logo licensing revenue. These revenues are shared between the University and Athletic Department as described in the Athletic Fund Transfer Policy that was approved by the Board of Supervisors in 2012. The University's share of the logo licensing revenues are transferred from the Athletic department in the fourth quarter each year. The negative expenditure in the transfer function is attributable to the annual auxiliary administrative surcharge that is processed in the last quarter each fiscal year. These transfers are reflected as negative expenditures due to the original source of the revenues being recorded in the auxiliary unit and so not to "double count" the revenue as prescribed by the Governmental Accounting Standards Board (GASB).

## Report on Restricted Budget

# Overview of Restricted Funds

Campus: Louisiana State University

## Restricted Fees

The Restricted Fees are in excess of the projected total revenues for the fiscal year mainly due to the Student Sports Recreation Complex \$45 fee increase for FY 13-14 not being included in the beginning operating budget.

## Endowment

The endowment revenues are below projected budget because they have not been finalized for the fiscal year at this time. The fourth quarter revenues will increase once the campus receives information on the Board of Regents' endowments held at the LSU Foundation.

## Non-Auxiliary Funds:

The figures included in the estimated column for non-auxiliary funds are based on the actual revenues collected from the previous fiscal year. Most of these funds are one-time or multiyear award funds that are not confined to fiscal year budgets.

## Report on Restricted Operations

**State Grants:** Board of Regents grants provide a large part of the funding in advance, which provides positive cash flow for state projects.

**Indirect Cost Recovered:** The fund balance is comprised of funds that are earmarked to be used as start-up funds for new faculty members, matching funds for grants, high cost maintenance expenses for research equipment or lab renovations, and other unexpected costs. The start-up costs can range from \$100,000 for a researcher in Humanities and Social Sciences to \$500,000 for researchers in Engineering to amounts in excess of \$3 million for an internationally renowned researcher in the College of Science.

RE: LSU Paul M. Hebert Law Center  
Executive Summary  
FY 2013-2014 Quarterly Report on the Budget – 4th Quarter Activities

The Law Center continued the careful management of its expenditures in fiscal year 2013-14.

In the aggregate, unrestricted revenues collected and expenditures incurred were generally consistent with expected budgetary allocations. Expenses for the research and public services functions were in line with annual budget after summer research and interdisciplinary lecture expenditures were recognized in our accounting system in the last quarter.

Restricted fees were generated by the collection of student technology fees and student bar association fees. Revenues from educational activities were realized through the sale of books and materials.

The Law Center's core academic mission remains intact, despite the fact that the Law Center has had a financially challenging year. Like most other law schools around the country, the Law Center has seen a decline in enrollment. As a result of that decline, and a reduction in direct state appropriations, unrestricted revenues decreased \$1.5 million, or 6.75%, from fiscal year 2012-2013 to fiscal year 2013-2014, even as mandated expenditures grew. The Law Center responded by taking a very conservative approach to spending. It also relied on privately-generated funds to cover the shortfall.

The Law Center anticipates that the entering class of 1L students will be larger this year than it has been for the last two years. A revised enrollment strategy should also result in a modest increase in net tuition revenue for the entering first year class and overall. With law school applications nationally and regionally projected to decline again in AY 2014-15, the new fiscal year will again be challenging. The Law Center will continue to adjust its enrollment and scholarship strategy to address the changing legal education environment.

**Overview and Analysis of Campus Operations**

In the aggregate, revenues collected and expenditures incurred were in line with available budget. Self-generated revenues and expenditures actual include Fall, 2013 tuition and fees and Spring 2014 tuition and fees and scholarships/waivers, respectively. Expenses for the research and public services functions fell in line with annual budget after summer research and conference/lecture expenditures were recognized in our accounting system in the last quarter. On the whole, the Law Center took a conservative approach to spending given reduced enrollment, reduction in State funding, and the year-end spending freeze. The restricted fees were associated with the collection of Student Tech and Student Bar Association fees for the fiscal year. Revenues from sales and services of educational activities were realized through the sale of books and materials.

## Discuss significant revenues collected and expenses incurred variances in relation to the budget.

In the aggregate, revenues collected and expenditures incurred were generally in line with available budget. Self-generated revenues and expenditures actual include Fall, 2013 and Spring, 2014 tuition and fees and scholarships/waivers, respectively. Expenses for the research and public services functions fell in line with annual budget after summer research and conference/lecture expenditures were recognized in our accounting system in the last quarter.

### Significant budget variances:

Budgeted self-generated revenue was affected by a projected tuition increase of 10% three years ago, when only a 6% increase was implemented. It was also affected by assumed enrollment numbers that were higher than actual. These impacts have been carried forward. As a result, the budgeted self-generated revenue does not match the actual, and there is an unallotted amount of over \$1 million which will be addressed during the next budget request process.

Other compensation: Actual other compensation exceeded budgeted because of greater reliance on student workers in the Law Library and Information Technology departments.

Travel: Reduced number of conferences attended and Moot Court competition travel expenses.

Operating Expenses: Savings in the reduction of Law Library subscriptions and databases. Additional spending reductions due to the spending freeze.

Supplies: Reduction in the purchase of supplies and software purchases due to the spending freeze.

Other charges: Includes a budgeted unallotted amount of over \$1 million due to reduced enrollment and budgeted higher tuition increase and lower than expected scholarships.

## Report on Restricted Budget

The restricted fees were associated with the collection of Student Tech and Student Bar Association fees for fiscal year. Revenues from sales and services of educational activities were realized through the sale of books and materials.

Significant budget variances:

Restricted fees: Increase from newly implemented Building Use Fee.

Gifts: Greater than expected gifts received throughout the year.

## Quarterly Budget Summary Narrative

For the Quarter Ending June 30, 2014

### Budget

No significant budget adjustments were made in the fourth quarter budget.

### Revenues

Unrestricted Revenues were received as anticipated. Restricted revenues in the form of gifts, grants and contracts are also at expected levels. State Contracts are predominately for the LSU-ICON and OGB projects. Indirect cost recoveries were down in the third quarter due to restructuring of our Clinical Cores into Service Centers. Negative Operating Services in the fourth quarter were the result of shifting utilities costs from unrestricted to restricted sources. All other collections are within expected levels.

The PBRC Stores Auxiliary revenues are at an acceptable level.

### Expenditures

Unrestricted expenditures are in line with budget in the fourth quarter. All Restricted funds expenditures are within expected parameters. There are no unexpected or material variances in relation to the budget. Overall, expenditure budgets are in line with expected expenditures through the 4th quarter.

## Discuss significant revenues collected and expenses incurred variances in relation to the budget.

There are no unexpected or material variances in relation to the budget. For FY 2014, unlike previous years, Other Compensation was budgeted by requesting information about expected needs from budget heads, which resulted in Other Compensation being underbudgeted. Otherwise, the Expenditure budget is in line with expected spending at the time of the report, with the exception of negative Operative Serviecs expenditures in the fourth quarter which were the result of the shifting of utilities expenditures from unrestricted to restricted sources.

## Report on Restricted Budget

Prior to FY 2014, all "Sales and Services of Educational Activities" was unrestricted. Late in FY 2013 we requested to restrict a "Facility User Fees", a component of "Sales and Services of Educational Activities", which accounts for the increase in FY 2014 of restricted "Sales and Services of Educational Activities".

Subject: Fourth Quarter Budget Report for FY 2013-2014

In the fourth quarter of 2013-2014, revenues continue to come in as planned. As of the end of the fourth quarter, all revenue sources were received and spent according our budget plan. The spending freeze was managed in a way that allowed the AgCenter to prioritize expenditures while projecting investment in our most critical programs.

The AgCenter continues to experience significant budgetary challenges. As always, we note that because the AgCenter is a nonstudent campus, increases in tuition and student fees are not available as a revenue source. Passage of the GRAD Act provided no relief for the AgCenter. Self-generated revenue is used to the extent possible, but a declining number of programs and employees create a negative effect. Competition for external sources of funding is acute, and granting agencies increasingly require matching funds or pledges of personnel effort at a time when these AgCenter resources are declining. We are also concerned about a possible decline in grant funding because of fewer faculty members.

Over the last year, the AgCenter reorganized its upper level administrative structure, eliminating the vice chancellor for extension and the vice chancellor for research positions, one by retirement and one by reassignment. This marks the first full fiscal year under this structure and I believe it is serving us well. In place of the two vice chancellors, the AgCenter has designated existing personnel to serve as program leaders over the areas of animal sciences, plant sciences, food and nutrition, and 4-H youth development. The goals are to make better decisions and achieve efficiency gains by managing entire programmatic areas instead of looking at the functions of extension and research separately. Additionally, the four program leaders look at the organization as a whole when making decisions on expending resources. This provides stronger prioritization and necessary checks and balances. In the first year, it appears the structure has helped to better conserve funds and maximize resources.

The AgCenter is also attempting to push down decision-making within the organization. The new structure has simplified administrative and business decision-making and associated processes are being re-designed accordingly. This is a work in progress, but the largest parts should be finished in the next couple of months.

In addition to this internal reorganization, creation of the position of Vice President for Agriculture has brought the functions of teaching, research and extension under a single administrator. An executive associate dean has been selected and is now working with the four program leaders as part of the combined administrative team for agriculture. This team is reviewing staffing and other resource needs and most recently, provided the overall review for the merit increase plan.

Other focus areas include recruiting, student services, development and alumni relations. In cooperation with the LSU A&M campus, we are beginning to roll out a recruiting presence at all of the AgCenter's field locations. This consists of better equipping field personnel with recruiting materials (e.g., brochures, posters, etc.) and having that information more easily accessible by prospective students and their families. The Associate Vice Chancellor for Enrollment Management was a guest speaker at the recent 4-H University attended by over 1,500 4-H members. The development and alumni relations team has been established and is formulating strategic plans. In addition to strengthening enrollment in the College of Agriculture and LSU, these efforts will help to develop the talent required for future staffing needs in the AgCenter and in the agricultural industry.

The AgCenter implemented a merit raise plan for July 1 and this has many positive impacts on employees. We appreciate your support and that of the Board for this issue.

While there are many excellent plans and programs underway within the AgCenter, there continues to be a serious shortage of financial resources. High priority programs are generally understaffed with significant gaps in coverage. The need for stable funding is acute. Providing higher education with funding to provide appropriate merit increases and to meet mandated increases (e.g. retirement benefits) would be invaluable. Otherwise higher education must meet these costs by reducing staffing, support categories, and corresponding programs.

In most ways the AgCenter has had an excellent year from a program standpoint. Faculty and staff are committed to the AgCenter's mission and have a strong, positive impact on the State. Your support and visibility at AgCenter offices and events is welcome and appreciated. The AgCenter intends to make every effort to maintain our most critical programs, to remain true to our core mission of improving the lives of Louisiana citizens and to provide the most we can for every dollar invested in the LSU AgCenter.

**Overview and Analysis of Campus Operations**

We continue to evaluate all our operations to make most efficient use of resources with the continued budget reductions. Without a doubt, our ability to deliver the level and range of research and educational programs to which the public is accustomed will be affected. This also will undoubtedly have a negative effect on support for the undergraduate and graduate programs in the College of Agriculture. We intend to make every effort to maintain our most critical programs, to remain true to our core mission of improving the lives of Louisiana citizens and to provide the most we can for every dollar invested in the LSU AgCenter.

Federal Funds will not reconcile to federal general ledgers due to timing differences related to different fiscal year ends. The Federal fiscal year end is September 30, while the State fiscal year end is June 30. The reporting tools reports are being worked on

Subject: Budget Narrative Fourth Quarter FY 2013-14

Dear Dr. Alexander:

LSU Shreveport, like other institutions of Higher Education in the state, continues to feel the effects of ever dwindling state funding and decreasing enrollment. This year has been extremely difficult financially and we were forced to use a little over \$1.5 million of our reserve funds to cover deficit spending in our General Fund budget. This is the second year in a row that we've had to dip into reserves to balance the budget, as we reduced our reserves by around \$600,000 in FY 12-13. Our reserves are just about exhausted, and for cash-flow purposes, we have arranged with the LSU System a \$1.5 Million letter of credit for FY 2014-15. The letter of credit is secured with \$1.2 million in investments held by LSU.

This FY 2014-15 deficit is due to continued lack of additional funding from state appropriations and continued decrease in enrollment. LSUS enrollment continues to be impacted from annual increases in tuition; fewer high school graduates in Northwest Louisiana; lack of specific academic programs in Allied Health, Nursing, and Engineering; plus increased admission standards which forces a lot of potential LSUS students to regional Community Colleges.

While budget and enrollment challenges will continue to be a concern, strong market opportunities exist for LSUS in Northwest Louisiana and beyond. We are committed to taking advantage of these opportunities to build LSUS enrollment, initially to 4,200 students (not counting dual enrollment students) to stabilize our budget and then beyond. We will continue to take advantage of the LSUS Commitment Plan, a greater level of commitment from the LSUS community, and stronger relationships with Southern University-Shreveport and Bossier Parish Community College. Our new Ed.D. in Leadership Studies has brought favorable attention to LSUS. This attention, along with our successful public/private collaboration with Academic Partnerships, is helping us to more strategically grow our graduate enrollment to record levels. We are continuing to look at everything we do to explore innovative solutions to build enrollment, achieve stronger student retention, and become more efficient/effective in what we do. If necessary, we will continue to further reduce our permanent staffing, hopefully through vacancies and retirements (we eliminated \$585K in positions to start the current fiscal year).

Although there are many challenges, I am confident of our success. We have a committed faculty and staff and a community passionate about increasing higher educational opportunities for the citizens of Northwest Louisiana.

Sincerely,

## Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Because of the a combination of reduction in enrollment and lack of increased funding from the state , LSUS was forced to use its reserve funds in the amount of \$1,553,542. Most of the redcutions by Category or by Function were from freezing of funds during the spring of 2014.

## Report on Restricted Budget

Revenue reduction is due to reduction in on campus enrollment, and enrollment overall.  
Certain fees, such as University Center, or Student Activities, or Athletic fees, are not charged to students taking on-line classes.  
Grants and such are variable from year to year, thus the budget is for these areas is estimated and could be more or less that 100% of budget depending upon grant activity.

## Report on Restricted Operations

There was a transfer of 1,553,542 from restricted funds to the general fund .

**Louisiana State University of Alexandria  
4rd quarter budget report narrative**

Overview and Analysis of Campus Operations:

Campus operations changed to meet the needs of the students and institution. The unrestricted and restricted operating budgets were budgeted at steady-state enrollment budget last fall. Enrollment was lower than anticipated. Operational expenses are higher than anticipated due to significant internal reorganization as the fiscal year began and the legislative addition of funds for deferred maintenance and general operations. Unfortunately, the previous administration opted to dig into reserves rather than to make difficult choice to reduce expenditure needs to live within the constraints of the budget. In addition, new Chancellor and new Vice Chancellors/Directors have initiated new programs. The layoff avoidance plan of a mid-year salary increase was approved by civil service and Board of Supervisors .The one-time non-recurring compensation was distributed as three installments in the third and fourth quarters. Significant enrollment management endeavors were implemented to increase enrollment and student retention including increasing out of state student enrollment & student athletics. Significant re-accreditation activity is occurring as anticipated.

Budget Adjustments Narrative:

Variance Analysis and Program Adjustment:

No budget adjustments occurred in the fourth quarter of FY 2013-2014. No funds moved from academic to non-academic categories.

Report on Changes to Significant Funding Issues:

LSU of Alexandria did not receive a mid-year budget reduction during FY 2013-2014. Since a potential budget reduction was budgeted for contingency, the funds were used for a one-time additional compensation for unclassified and classified employees. LSU of Alexandria received \$175,000 from the LSUA Foundation for enrollment enhancement.

Unrestricted Operations:

Self-generated revenues are lower than anticipated at 86% of budget. Expenditures by Category and Expenditure by Function are higher than anticipated. Revenues collected include summer, fall, and spring tuition and fees, state general fund support, and state statutory dedicated funds from the state's overcollections fund. Expenditures by Category are at 91% of budget. Expenditures include Professional Services, Travel, Supplies, and General Acquisitions expenditures that are over original budget due to significant enrollment management endeavors implemented to increase enrollment and student retention. Expenditures by Function are at 91% of budget. Scholarships are at 100% of budget as anticipated at the end of spring scholarship distribution. Plant Operations and Maintenance is at 177% of budget. The interagency transfers for the Office of Risk Management insurance payments of \$706,362 were paid at the beginning of the fiscal year. Some building operations expenditures for the second quarter were be

charged to the new restricted building use fee however reduced spring enrollment resulted in \$32,000 less revenue once spring enrollment revenues was confirmed and after expenditures were made.

Report on Restricted Budget:

Restricted revenues for LSUA auxiliary services are at 107% of budgeted revenue and include mandatory student fee receipts for summer, fall, and spring registration. Student Athletic fee increased from \$3.50 per credit hour to \$10 per credit hour for the expansion of the five new Athletic programs. Also included in the mandatory student fee receipts is the revenue generated by the new Building Use fee. The bookstore revenue is collected from the bookstore vendor, Follette, on a monthly basis. The child care center receives parent paid tuition on a weekly basis which decreased due to low enrollment. The golf course revenue decreased due to the harsh winter. Duplications & Copy revenues were lower than expected due to the Governor mandated expenditure freeze.

Report on Restricted Operations:

Restricted operations are worse than anticipated due to reduced student enrollment. Athletic expenditures increased due to the preparation of the five new teams starting Fall 2014. Approval was given by the LSU System to run in a deficit for FY 14 and FY 15. FY 16 balance is projected at \$382,000. Campus Housing expenditure also increased due to the preparation of additional residents. Revenues are projected to increase with the new Athletes starting Fall 2014 and increased enrollment efforts to recruit out of state students. Parking, Street, & Safety revenue is also projected to increase with the increased enrollment. FY 15 projected revenue is \$170,000 with budgeted expenses at \$81,600. Union should also see an increase in revenue. Unfortunately it may not cover the current deficit. Administration has proposed outsourcing and mandatory meal plans for housing residents to be in place by Spring 15. Federal Grants & Contracts historically runs in a deficit due to the timing of the drawdowns from the Department of Education and the recording of the administrative allowance at year end. Overall the fund balance is lower than beginning due to movement of activities from unrestricted to restricted. New Administration will have new procedures, such as monthly budget variance reports, in place for FY 15 to monitor budget activity and reduce deficits to ensure total restricted fund balance is positive. These procedures are also in place for unrestricted operating accounts so that movement of activities from unrestricted to restricted will not be necessary.

**Overview and Analysis of Campus Operations**

Campus operations changed to meet the needs of the students and institution. The unrestricted and restricted operating budgets were budgeted at steady-state enrollment budget last fall. Enrollment was lower than anticipated. Operational expenses are higher than anticipated due to significant internal reorganization as the fiscal year began and the legislative addition of funds for deferred maintenance and general operations. Unfortunately, the previous administration opted to dig into reserves rather than to make difficult choice to reduce expenditure needs to live within the constraints of the budget. In addition, new Chancellor and new Vice Chancellors/Directors have initiated new programs. The layoff avoidance plan of a mid-year salary increase was approved by civil service and Board of Supervisors. The one-time non-recurring compensation was distributed as three installments in the third and fourth quarters. Significant enrollment management endeavors were implemented to increase enrollment and student retention including increasing out of state student enrollment & student athletics. Significant re-accreditation activity is occurring as anticipated.

**Budget Adjustments Narrative**

**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

No budget adjustments occurred in the fourth quarter of FY 2013-2014. No funds moved from academic to non-academic categories.

**Report on changes to Significant Funding Issues**

LSU of Alexandria did not receive a mid-year budget reduction during FY 2013-2014. Since a potential budget reduction was budgeted for contingency, the funds were used for a one-time additional compensation for unclassified and classified employees. LSU of Alexandria received \$175,000 from the LSUA Foundation for enrollment enhancement.

## Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Self-generated revenues are lower than anticipated at 86% of budget. Expenditures by Category and Expenditure by Function are higher than anticipated. Revenues collected include summer, fall, and spring tuition and fees, state general fund support, and state statutory dedicated funds from the state's overcollections fund. Expenditures by Category are at 91% of budget. Expenditures include Professional Services, Travel, Supplies, and General Acquisitions expenditures that are over original budget due to significant enrollment management endeavors implemented to increase enrollment and student retention. Expenditures by Function are at 91% of budget. Scholarships are at 100% of budget as anticipated at the end of spring scholarship distribution. Plant Operations and Maintenance is at 177% of budget. The interagency transfers for the Office of Risk Management insurance payments of \$706,362 were paid at the beginning of the fiscal year. Some building operations expenditures for the second quarter were be charged to the new restricted building use fee however reduced spring enrollment resulted in \$32,000 less revenue once spring enrollment revenues was confirmed and after expenditures were made.

## Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Self-generated revenues are lower than anticipated at 86% of budget. Expenditures by Category and Expenditure by Function are higher than anticipated. Revenues collected include summer, fall, and spring tuition and fees, state general fund support, and state statutory dedicated funds from the state's overcollections fund. Expenditures by Category are at 91% of budget. Expenditures include Professional Services, Travel, Supplies, and General Acquisitions expenditures that are over original budget due to significant enrollment management endeavors implemented to increase enrollment and student retention. Expenditures by Function are at 91% of budget. Scholarships are at 100% of budget as anticipated at the end of spring scholarship distribution. Plant Operations and Maintenance is at 177% of budget. The interagency transfers for the Office of Risk Management insurance payments of \$706,362 were paid at the beginning of the fiscal year. Some building operations expenditures for the second quarter were be charged to the new restricted building use fee however reduced spring enrollment resulted in \$32,000 less revenue once spring enrollment revenues was confirmed and after expenditures were made.

## Report on Restricted Budget

Restricted revenues for LSUA auxiliary services are at 107% of budgeted revenue and include mandatory student fee receipts for summer, fall, and spring registration. Student Athletic fee increased from \$3.50 per credit hour to \$10 per credit hour for the expansion of the five new Athletic programs. Also included in the mandatory student fee receipts is the revenue generated by the new Building Use fee. The bookstore revenue is collected from the bookstore vendor, Follette, on a monthly basis. The child care center receives parent paid tuition on a weekly basis which decreased due to low enrollment. The golf course revenue decreased due to the harsh winter. Duplications & Copy revenues were lower than expected due to the Governor mandated expenditure freeze.

## Report on Restricted Operations

Restricted operations are worse than anticipated due to reduced student enrollment. Athletic expenditures increased due to the preparation of the five new teams starting Fall 2014. Approval was given by the LSU System to run in a deficit for FY 14 and FY 15. FY 16 balance is projected at \$382,000. Campus Housing expenditure also increased due to the preparation of additional residents. Revenues are projected to increase with the new Athletes starting Fall 2014 and increased enrollment efforts to recruit out of state students. Parking, Street, & Safety revenue is also projected to increase with the increased enrollment. FY 15 projected revenue is \$170,000 with budgeted expenses at \$81,600. Union should also see an increase in revenue. Unfortunately it may not cover the current deficit. Administration has proposed outsourcing and mandatory meal plans for housing residents to be in place by Spring 15. Federal Grants & Contracts historically runs in a deficit due to the timing of the drawdowns from the Department of Education and the recording of the administrative allowance at year end. Overall the fund balance is lower than beginning due to movement of activities from unrestricted to restricted. New Administration will have new procedures, such as monthly budget variance reports, in place for FY 15 to monitor budget activity and reduce deficits to ensure total restricted fund balance is positive. These procedures are also in place for unrestricted operating accounts so that movement of activities from unrestricted to restricted will not be necessary.

LSU EUNICE  
FY 2013-14 QUARTERLY BUDGET NARRATIVE  
FOR THE FOURTH QUARTER ENDING JUNE 30, 2014

Revenues for the 4<sup>th</sup> Quarter for LSU Eunice included \$875,640 from the remaining allocated Statutory Dedications and \$62,265 of Self-Generated Revenues for a 4<sup>th</sup> Quarter Revenue total of \$937,905. Moreover, while anticipated, Self-Generated Revenues were collectively below the originally-budgeted projection of \$7,529,837 by a sum of \$1,329,565—reflective of the 13% drop in enrollment for Fall 2013 and, consequently, a drop in the needed tuition revenue projected for Fiscal Year 2013-14. (NB. In the 3<sup>rd</sup> Quarter Budget Narrative it was communicated that “... with a spending freeze in effect for the remainder of FY 2013-14, it is anticipated that the campus will have to cover a (projected) revenue deficit for FY 2013-14 of approximately \$1.0 million.”) It follows then, given our campus’ (higher education’s) current, inextricable dependence upon student tuition, the loss of Fall/Spring enrollment in FY 2013-14 was responsible for the majority of the budgetary shortfall experienced this past fiscal year, in contrast to the amount projected for FY 2013-14. Therefore, to avoid the reoccurrence of this problem for FY 2014-15, the campus has re-doubled, enhanced and added to its recruitment/retention strategies and action plans for Fall 2014 in order to ensure that the student enrollment/revenue, necessary to cover the campus’ FY 2014-15 Operating Budget, is achieved.

Finally, in keeping with the anticipated shortfall for the Fiscal Year, expenditures for the 4<sup>th</sup> Quarter were held to \$1,895,565 which represented \$1,329,565 less than what would have ordinarily been expended, or \$3,225,130, for the remaining budget quarter – if tuition revenues (enrollment) had been achieved as originally projected. Therefore, with the reduction in expenditures by \$1,329,565, the total (actual) expenditures of \$11,464,033 (or 89.6% of the projected revenue of \$12,793,598) resulted in the achievement of a balanced budget for the FY 2013-14.

**LSU Health Sciences Center New Orleans  
Executive Summary  
FY 2013-2014 Quarterly Report on the Budget – 4<sup>th</sup> Quarter Activities**

The Fiscal Year 2013-2014 appropriation for the LSU Health Sciences Center in New Orleans Campus was \$170,177,707.

Throughout the fiscal year we monitored and took actions to manage funding reductions that were outlined in the Chancellor's Narrative for the 2013-2014 Operating Budget:

**Threats**

- Continued increases in employer contributions to retirement and health insurance.
- The impact of the federal spending on support for sponsored research.
- Uncertainty as to the revenue that would be generated from providing graduate medical education and patient care at the newly privatized teaching hospitals (Interim LSU Hospital, University Medical Center in Lafayette and Our Lady of the Lake in Baton Rouge)

**Mechanisms for Coping with Threats**

- Revenue Generation
  - Emphasis on creating and enhancing alternative sources of funding by generating funds from sponsored research, patient care services, additional overhead support from private patient care contracts, and billing and collection efficiencies.
  - Our campus sought and expanded relationships and affiliations with private and not-for-profit health care entities. We generated almost \$29 million more in net clinical revenue from contracts during the fiscal year.
- Cost Containment
  - LSUHSC at New Orleans limited new hires to critical needs mainly in the areas of instruction, patient care, and sponsored research.
  - We continued to curtail expenditures for travel, professional services, and acquisitions as much as possible.

**Unrestricted Operations**

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

- Revenues
  - State General Funds have been drawn down completely.
  - The Overcollections and Self Fund appropriations have been drawn down completely.
  - Tobacco Tax Fund revenues, which are passed through to the Louisiana Cancer Research Center (LCRC) for research and smoking cessation programs, was short approximately \$1,057,000 from our appropriation. This in turn impacted expenditures for Other Charges and the expenditures for the NACUBO functions of Research and Public Service. The process of funding the LCRC is flawed. The LCRC board adopts a budget based on their annual appropriation and a final number for actual revenue is not known until mid-August, six weeks after the end of the fiscal year.
  - Self-Generated Revenue- There are four major components to this means of financing: student tuition and fees; contracts with Louisiana Children's Medical Center for LSU Interim Hospital in New Orleans, Our Lady of the Lake in Baton Rouge, and Lafayette General for University Medical Center in Lafayette; Sales and Services of Educational Departments (primarily the Dental Student and Resident Clinics); and other sources.
    - We exceeded our tuition and fee budget by \$1.2 million due to higher enrollment and more non-resident fees than anticipated.
    - We exceeded our other sources budget by \$.2 million largely due to rebates we earned for our pcard program.
    - The \$38.4 million in revenues from the hospital contracts are overstated as the revenues and expenditures for patient services and graduate medical education at these facilities are reflected under restricted private grants and contracts.
- Expenditures
  - Spending was within the parameters of our overall operating budget.
  - Salaries and Related Benefits- Lags well below budget due to the overstatement of hospital contract budgets under the category of Self-Generated Revenues.
  - Budget adjustments were made to supplies and general acquisitions during the fourth quarter. Salary savings were used to fund start-up costs for new faculty.
  - While budget adjustments were not made for other compensation, operating services and major repairs, salary savings were used to fund spending in these categories that exceeded budget amounts.

## **Restricted Operations**

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

- The quarterly report excludes projects we maintain on behalf of the HCSD and FEMA/ORM related activity for project worksheets and contents replacement.
- Sales and Services of Educational Activities- There was some decline in continuing education and student dental clinic activities under this category.
- Bookstore-Our ability to piggy-back on the LSU A&M contract with Office Max for office supplies resulted in savings on campus but diminished sales for the office supplies portion of the Bookstore Auxiliary.
- Cafeteria- In January 2014, we began self-operating our food services. As a result, there will be a significant increase in revenues and expenditures for the Cafeteria Auxiliary.
- Health Sciences Center Stories-Beginning in the second quarter, there was a significant drop in revenue. We have changed our model of procurement for scientific supplies from one where labs place orders through the Health Sciences Store to one where they purchase items off of general university contracts without the markup.
- Overall, results in our Auxiliary Enterprises were impacted by significant write-offs of obsolete office and scientific supplies for resale and the costs of a project to repair and overlay the student parking lot at the Dental School.
- State and Local Grants and Contracts- We underestimated the impact of the privatization on the levels of revenues from state contracts. Prior to FY 14, the bulk of our state contracts were with the HCSD.
- Private Grants and Contracts-Conversely, the level of funding that we received from our hospital partners for graduate medical education and patient care was underestimated.
- Indirect Costs- We had greater success in convincing grantors and contractors to recognize our overhead costs and to reimburse us for them.
- Gifts=There is a significant increase in gifts as a result of funds raised by the foundation to support the School of Graduate Studies and the recruitment of a director for the Cardiovascular Center of Excellence.
- Practice Plan- Increased services in the privatized hospitals meant increases in patient activity-visits, procedures, etc.
- Revenues for All Other Sources are inflated by almost \$8.2 million in non-recurring revenues we received from the IRS FICA Refund Project.
- Excluding the projects we maintain on behalf of the HCSD, FEMA/ORM related activity for project worksheets and contents replacement; and the one time IRS FICA Refund, we added over \$4.8 million to our reserves after losing money the previous two fiscal years.

## Report on Restricted Operations

Please see the attached executive summary.

**LSUHSC-S Operating Budget  
HSC-S, EACMC, and HPLMC  
Quarterly Financial Reporting Narrative  
FY 2013-2014 as of June 30, 2014**

The original FY 2013-2014 LSU Health Shreveport, E.A. Conway Medical Center, and Huey P. Long Medical Center appropriated expenditure authority is as follows: LSU Health Shreveport Academics – 12 months and LSU Health Shreveport Hospital – 3 months; EACMC – 3 months; and HPLMC – 3 months.

**LSU Health Shreveport**

The original academic FY 2013-2014 operating budget appropriation of \$101,216,784 includes \$41,480,383 of self-generated one time funding. The LSU Health Shreveport Hospital budget of \$112,690,737 reflects spending authority for July 1, 2013 through September 30, 2013. Effective October 1, 2013, the LSU Health Shreveport Hospital transferred to BRFHH, LLC management. As a result of the transition, LSU Health Shreveport Academic Center is contracting with the BRFHH, LLC for physician and resident services, as well as mid-level practitioner services.

**Unrestricted Revenues and Expenditures:**

Operating Budget revenue includes state general funds, statutory dedications (tobacco tax, overcollection funds, and self-fund), self-generated (tuition and fees, one-time funds from prior fiscal year hospital services and current fiscal year hospital services in the first quarter of FY 2013-2014) income to include DSH, Medicaid, Medicare, and Commercial/Self Pay. The Operating Budget expenditures include costs associated with the hospital transition (termination benefits, retiree benefits, mandated costs, resident program costs, etc...)

**Restricted Revenues and Expenditures:**

Restricted sales and services revenues include income from the BRFHH, LLC service agreements that will be offset with expenditures from the operating budget. In addition, the reduction in hospital sales and services reflect the one-time transfer to the operating budget for current year operational costs.

### **E.A. Conway Medical Center in Monroe**

The original FY 2013-2014 operating budget appropriation of \$18,293,582 reflects spending authority for July 1, 2013 through September 30, 2013. Effective October 1, 2013, the EACMC transferred to BRFHH, LLC management. As a result of the transition, LSU Health Shreveport is contracting with the BRFHH, LLC for physician and resident services, as well as mid-level practitioner services.

#### **Unrestricted Revenues and Expenditures:**

Operating Budget revenue includes statutory dedications overcollection funds, and self-generated (patient care collections to include DSH, Medicaid, Medicare, and Commercial/Self Pay). The Operating Budget includes expenditures associated with the hospital transition (termination benefits, retiree benefits, mandated costs, etc.)

#### **Restricted Revenues and Expenditures:**

Restricted sales and services revenues include income from Radiology Physician and CRNA Fees that are offset with expenditures from the operating budget.

### **Huey P. Long Medical Center**

The original FY 2013-2014 operating budget appropriation of \$11,535,382 reflects spending authority for July 1, 2013 through September 30, 2013. Since the facility was not closed to patient care services until June 30, 2014, a budget adjustment in accordance with HB1094 of 2014 Regular Session and BA-7 #6 was approved increasing the total spending authority to \$27,228,018.

#### **Unrestricted Revenues and Expenditures:**

Operating Budget revenue includes statutory dedications, overcollection funds, and self-generated (patient care collections to include DSH, Medicaid, Medicare, and Commercial/Self Pay). The Operating Budget includes expenditures associated with the hospital closure effective June 30, 2014 (employee benefits, mandated costs, building maintenance, etc.).

#### **Restricted Revenues and Expenditures:**

Restricted sales and services revenues include income from Physician and CRNA Fees that are offset with expenditures from the operating budget.

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

### Quarter 1:

(1) FY 13-14 Operating Budget only reflects Hospital spending authority for 1 quarter and Academic spending authority for the year; (2) FY 13-14 1st quarter amounts are final as of September 30, 2013; (3) effective 10/01/13, HSCS Hospital transitioned to the BRFH, LLC

### Quarter 2:

(1) FY 13-14 amounts reflected above are being reported before December 2013 final close; (2) effective 10/01/13, HSCS Hospital transitioned to the BRFH, LLC. The total campus budget includes the schools and hospital. The appropriated budget for the schools is for 12 months and the hospital for 3 months. However, the cumulative expenditures for the campus reflected through December 2013 includes termination pay of \$8.2M and House Officer expenditures of \$10.5M which is not fully reflected in the budget. Financial negotiations are currently underway with BRFH, LLC regarding the services of the residents to the Shreveport and Monroe hospitals. This agreement, along with others, will impact the actual expenditures reported for LSU Health Shreveport at fiscal year end.

### Quarter 3

(1) FY 13-14 amounts reflected above are as of March 2014... please note that the second quarter reporting has been adjusted to reflect the final December 2013 close; (2) effective 10/01/13, HSCS Hospital transitioned to the BRFH, LLC; (3) the total campus budget includes the schools and hospital... the appropriated budget for the schools is for 12 months and the hospital for 3 months. However, the cumulative expenditures for the campus reflected through March 2014 includes termination pay of \$9.4M and House Officer expenditures of \$10.6M, which is not fully reflected in the budget. Financial negotiations are being finalized with BRFH, LLC regarding the

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

## Quarter 1:

- (1) FY 13-14 Operating Budget only reflects spending authority for 1 quarter; (2) FY 13-14 1st quarter amounts are final as of September 30, 2013; (3) effective 10/01/13, EACMC transitioned to the BRFHH,LLC.

## Quarter 2:

- (1) FY 13-14 amounts reflected above are being reported before December 2013 final close; (2) effective 10/01/13, EACMC transitioned to the BRFHH,LLC.

The appropriated budget for the hospital is for 3 months. However, the cumulative expenditures for the campus reflected through December 2013 include residual costs [termination pay and state wide mandates] , which are not fully reflected in the budget.

## Quarter 3:

- (1) FY 13-14 Personnel Services includes activity for Retiree Group Health, Life, and Definity. (2) Supplies activity includes the expense of medical supply inventory which was transferred to UH during the transition. (3) Professional Services includes payments to Conifer for patient collections for services prior to October 1, 2013; (4) IATs include Workmen's comp payments

Revenue credits in Quarter 2 and 3: Commercial/Self Pay under Self Generated and Medicare under Federal reflect the result of contractual adjustments for hospital charges prior to October 1, 2013 with no offset of new charges .

## Quarter 4:

- (1) FY 13-14 revenue and expenditures reflected as of June 30, 2014 are not final since the financial statements have not been submitted or reviewed by the System Office; (2) effective 10/01/13, EACMC Hospital transitioned to the BRFHH, LLC; (3) Revenue in Quarter 4 has been adjusted for year end entries; (4) Expenditures in

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

## Quarter 1:

(1) FY 13-14 Operating Budget only reflects spending authority for 1 quarter; (2) FY 13-14 1st quarter amounts are final as of September 30, 2013;

## Quarter 2:

(1) FY 13-14 amounts reflected above are being reported before December 2013 final close HPLMC was appropriated a budget for 3 months. As a result, the actuals reflected through December 2013 exceed the original appropriation. The transition to a public/private partnership will not be completed until June 30, 2014. Therefore, LSU Health Shreveport is in the process of completing a proposal to annualize the spending authority for FY 2013-2014. This increase in spending authority should be considered during the FY 2014 Legislative Session.

## Quarter 3:

(1) FY 13-14 amounts reflected above are as of March 2014... please note that the second quarter reporting has been updated to reflect the final December close; (2) HPLMC was appropriated a budget for 3 months; as a result, the actuals reflected through March 2014 exceed the original appropriation. LSU Health Shreveport is in the process of completing a proposal to annualize the spending authority for FY 2013-2014. This increase in spending authority should be considered during the FY 2014 Legislative Session

Revenue credits in Quarter 2 and 3: Commercial/Self Pay under Self Generated and Medicare under Federal reflect the result of contractual adjustments for hospital charges prior to October 1, 2013 with no offset of new charges.

## Quarter 4:

(1) Increase in Interagency Transfer revenue budget in accordance with HB1094 of 2014 Regular Session and BA-7 #6. Expenditure budgets were adjusted accordingly. (2) FY 13-14 actual revenue and expenditures reflected as of June 30, 2014 are not final since the financial statements have not been submitted or reviewed by the System Office; (3) effective 06/30/2014, HPLMC closed to patient care services; (4) Actual revenue in Quarter 4 has been adjusted for year end entries; (5) Actual expenditures in Quarter 4 have been adjusted for year end entries related to actual revenue earnings.

RE: LSU System FY2013-14 4th Quarter Financial Report

The LSU Board of Supervisors approved the System Office's 2013-2014 operating budget on September 6, 2013. The LSU System's operating budget includes \$3,495,054 of state funds; a 2.67% reduction from last year's beginning operating budget. Since the beginning 2008-09 Budget, the LSU System Office has been reduced over seven million dollars, or 67.2%.

It should be noted that the System Office's appropriation does include the Audubon Center for Research of Endangered Species pass-through (ACRES-\$555,694). This pass-through will be transferred out of our budget as the recipient campus or entity submits invoices for expenses incurred. This report reflects these transfers as expenditures on the LSU System Office's budget.

On the Overview of Restricted Funds form, the largest portion of revenues received in the fourth quarter is associated with premiums for the LSU Health Plan.

On the Overview of Restricted Operations form, the All Other Sources fund balance includes monies for (1) System Technology Transfer activity, (2) the operation of the System Human Resource Benefits Office, (3) royalty income from System mineral leases, and (4) the LSU System Health Plan.

## Report on Restricted Budget

On the Overview of Restricted Funds form, first quarter revenue is as anticipated, with the largest portion of the revenues associated with premiums for the LSU Health Plan. The estimated state and local grant is not expected this year as it was a 'pass-through' grant for Dual enrollment. The state is not funding this in FY 13-14.

All Other Revenues during the first quarter:

Cigna	\$27,301,104
Mineral Revenues	\$65,845
Benefit Plan	\$170,440

All Other Revenues during the third quarter:

RE: Quarterly Budget Report  
For Quarter Ended June 30, 2014

We have compiled the Quarterly Budget Report for the Quarter Ended June 30, 2014 for the LSU Health Care Services Division.

Major developments during this quarter included:

BA-7 #3 was approved. - Based on the supplemental bill, this BA-7 transferred funds from one appropriated program (WOM) within the LSU-HCSD budget to another appropriated program (BMC) within the same budget unit. This BA-7 does not change the overall budget for the budget unit, it simply moves funds to the where it is needed.

### Budget Adjustments Narrative

**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

The expenditure budget was realigned to reflect actual spending patterns.

BA-7 #3 was approved. - Based on the supplemental bill, this BA-7 transferred funds from one appropriated program (WOM) within the LSU-HCSD budget to another appropriated program (BMC) within the same budget unit. This BA-7 does not change the overall budget for the budget unit, it simply moves funds to the where it is needed.

### Report on changes to Significant Funding Issues

In FY14, Central Office operations was moved off budget. Therefore, central office operations are being reflected in the restricted budget reports.

### Report on Restricted Operations

1st quarter: In FY14, Central Office operations was moved off budget. Therefore, central office operations is being reflected in the restricted budget reports.

2nd quarter: HCSD received \$3M in FEMA Revenue

3rd quarter: HCSD received \$21M in FEMA Revenue

4th quarter: HCSD received \$49M in Private/Partner Revenue

## Report to Board of Supervisors on LSU System Bond Analysis (For Informational Purposes Only)

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to a request from the Board at its June 8, 2012 Finance, Infrastructure, and Core Development Committee the following report is provided:

As of June 30, 2013, the LSU System had \$514,428,213 in outstanding bonds with interest rates ranging from 1.20% to 7.375%. An important aspect of strategic debt management at a University is managing existing debt. The majority of the LSU System bonds have been issued with future maturity dates of ten (10) to thirty (30) years. During that length of time, there can be many changes to the market and the financial environment in which these bonds reside. In response to these changes, the importance of bond refinancing as a debt management tool for the University increases.

A refunding is the issuance of new bonds to replace an outstanding bond issue – similar in concept to refinancing a home mortgage when interest rates decrease. A refunding is typically used to reduce the borrower's interest costs, remove restrictive or burdensome covenants imposed by the current terms, or to restructure existing debt (i.e. rescheduling the timing or amount of the amortization schedules). The most common reason to refund to achieve cost savings, which this report will focus on. As in the refinancing of a home mortgage there are "closing costs", there are transaction costs involved in refunding. Consequently, interest costs need to be reduced to a level that covers not only these costs, but also provides an appropriate amount of annual debt service savings.

In order to effectively evaluate a refunding candidate, it is important to be knowledgeable of certain financing terms:

- Optional Call Provision/Optional Call Date
- Current Refunding
- Advance Refunding
- Escrow Defeasance Portfolio
- Present Value Savings
- Arbitrage Yield

**Optional Call Provision/ Optional Call Date** – Most of our bond issues are structured with an Optional Call Provision or Optional Call Date, which allows the issuer to take the bonds back from investors at a pre-determined date (the "call date") and price, usually expressed as a percentage (%) of the principal ( the "call price", e.g. 101%). Bonds that are called from investors may be paid off with cash on hand, but issuers typically replace them with new bonds. The market standard for our bonds is an optional call date 10 years from the date of issuance.

**Current Refunding** – Under current IRS regulations related to the issuance of municipal bonds, when the bonds being refunded can be called from those investors and paid off within 90 days of the issuance of the refunding bonds, the new issue is considered "Current Refunding". The Escrow Portfolio has a term of 90 days or less in a Current Refunding.

**Advance Refunding** – A refunding in which refunding bonds are sold more than 90 days prior to the call date provided in the financing documents.

**Escrow Defeasance Portfolio** – A deposit with a trustee of a combination of cash and government securities that are sufficient to pay the escrow requirement: the interest on the refunded bonds – either to the call date or maturity date, whichever is applicable, the call premium, if any, and the outstanding principal of refunded bonds.

**Present Value Savings** – The current value of a stream of annual debt service savings achieved over the life of a bond issue discounted at a given interest rate (typically the “arbitrage yield” on the refunding bonds).

**Arbitrage Yield:** The maximum investment rate allowed under IRS regulations on certain bond proceeds, including funds deposited in an escrow to refund existing bonds. The arbitrage yield is the rate that will cause the debt service over the life of the issue, including any costs of credit enhancement, to equal the proceeds of the bond issue.

The table below provides relevant information on the 6/30/2013 outstanding LSU System bonds not recently refunded:

<b>Issue</b>	<b>Date of Issue</b>	<b>Final Maturity</b>	<b>Optional Call Date</b>
LSU Auxiliary Revenue Refunding Bonds Series 2004	4-6-2004	7-1-2015	Not Callable
LSU Auxiliary Revenue Refunding Bonds Series 2005A	6-2-2005	7-1-2017	Not Callable
LSU Auxiliary Revenue Bonds Series 2006	8-9-2006	7-1-2036	7-1-2016
LSU Auxiliary Revenue Bonds Series 2007	12-11-2007	7-1-2037	7-1-2017

LSU Auxiliary Revenue Refund Bonds Series 2012	8-7-2012	7-1-2034	7-1-2022
LSU Auxiliary Revenue Bonds Series 2013	4-25-2013	7-1-2043	7-1-2023
LSU A Auxiliary Revenue Bonds Series 2008	3-18-2008	11-1-2034	1-1-2018
LSU E Auxiliary Revenue Bonds Series 1998	6-1-1998	6-1-2018	6-1-2008
LSU HSC HCSD Bogalusa Community Medical Center Series 2007 A & B	9-1-2007	6-15-2038	6-15-2017
LSU HSC HCSD Mid-City Clinic Project Series 2003B	10-1-2003	2014	Private Placement

Although a particular issue may qualify for advance refunding, it may not always be advantageous for the University to do so. The test most often used by issuers to assess the appropriateness of a refunding is the achievement of a minimum net present value (NPV) savings. The Louisiana State Bond Commission has a guide of what it deems are appropriate savings thresholds for issuers of a Refunding:

Months to Optional Call Date	Minimum Present Value Savings to
------------------------------	----------------------------------

	Refunding Bonds
0-12 months	Present Value Savings Greater than Zero
13-24 months	Present Value Savings Greater than 1.50%
25-48 months	Present Value Savings Greater than 3.00%
Greater than 48 Months	Present Value Savings Greater than 5.00%

It is also important to note, however that federal tax law typically permits an issuer to conduct one advance refunding over the life of a bond issue. As such, the issuer must take greater care (require an adequate acceptable savings threshold) when evaluating an advance refunding candidate.

The majority of the System bond activity is managed by the LSU A&M campus, which has approximately 90% (\$459,420,000) of the system debt. The LSU A&M campus is very engaged in debt management for its campus and has a long history of refunding bond issues. In fact, bond issues for the A&M campus in the year 2000, 2004, 2005, 2008, 2010, 2013, and 2014 refunded issues originally issued in 1994, 1996, 1997, 1999, 2000, 2002, 2004 and 2005, respectively.

Although previous variable rate bonds were refinanced without a new issue being considered in order to minimize financial risk, the standard operating procedure currently practiced by LSU A&M is to evaluate refinancing opportunities when issuing new revenue bonds.

LSU A&M is seeking final approval at this meeting to refund the 2006 issue highlighted in table above in yellow). A recent analysis shows that of the remaining outstanding LSU A&M issues that qualify for advance refunding, they are not appropriate candidates for refunding as the 1<sup>st</sup> optional redemption date and the current interest rates on the bonds would calculate either a negative Present Value Savings (or a net present value loss) or not enough savings due to refunding.

The remaining 10% (\$41,326,250) of system bonds are managed by LSU Alexandria, LSU Eunice, LSU Science Center in New Orleans, and the Health Care Service Division.

At the time of this report, further analysis is being done on the LSU Alexandria issue, but in all likelihood, refunding of this issue would calculate a negative present value savings. This issue has a call date of 2017 and an interest rate of 4%-5.5%. Generally, refunding does not work on issues with longer call dates in an exceptionally low interest rate environment.

Further analysis is also being done at LSU Eunice, however with the impending maturity date, refunding will probably not be beneficial at this time.

The LSU Health Science Center in New Orleans took advantage of rates and on 9/4/2013 issued refunding bonds that provided over \$3.3 million of savings (\$1.2 million PV or 9.7%).

The Bogalusa Community Medical Center Project bonds were privately placed to allow the combination of bond proceeds with the proceeds from a federal program - the New Markets Tax Credit Program (NMTC). The bonds were sold with a typical 10-year call provision and are not callable until 2017, and at a premium. NMTC program requirements will not allow the refunding or defeasance of these bonds prior to November 2014. The bonds will be monitored for potential savings after November 2014. In addition, the Mid-City Clinic bonds were issued as private placement bonds and were not publicly offered in the market.

### ***REQUEST FROM LSUHSC-NO AND LSUS FOR APPROVAL OF MISSION STATEMENT***

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

#### **1. Significant Board Matter**

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D. 1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

#### **2. Summary of the Matter**

All degree-granting campuses of the LSU System are accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Accreditation is for a period of ten years, at which time each campus must seek reaffirmation of its accreditation. Four campuses of the LSU System were scheduled for reaffirmation of accreditation in 2014 and three in 2015.

One of the SACSCOC comprehensive standards that each campus must meet relates to the institutional mission. Specifically, Comprehensive Standard 3.1.1 requires that, *“The mission statement is current and comprehensive, accurately guides the institution’s operations, is periodically reviewed and updated, is approved by the governing board, and is communicated to the institution’s constituencies.”*

Five campuses have recently requested your review and approval of their mission statement. The LSUHSC-NO and LSUS are now requesting your review and approval.

#### **3. Review of Documents Related to Referenced Matter**

The mission statements of the LSUHSC-NO and LSUS were last reviewed and approved by the Board of Supervisors in 2004. Each of the mission statements presented below has been reviewed and approved by appropriate faculty and administrative officers on each campus and by the System Office of Academic Affairs. There is no substantive change in the LSUHSC-NO Mission Statement approved by the Board of Supervisors in 2004 and the only change in the LSUS Mission Statement is the addition of the first bullet to specify that the campus offers bachelors, masters, and selected doctoral programs.

**RECOMMENDATION:**

It is recommended that the LSU Board of Supervisors adopt the following resolution:

**RESOLUTION:**

**“NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College approves the following Mission Statements for LSUHSC-NO and LSUS.

**Proposed LSUHSC-NO Mission Statement**

The mission of the Louisiana State University Health Sciences Center at New Orleans (LSUHSC-NO) is to provide education, research, and public service through direct patient care and community outreach. LSUHSC-NO comprises the Schools of Allied Health Professions, Dentistry, Graduate Studies, Medicine, Nursing, and Public Health.

LSUHSC-NO educational programs prepare students for careers as health care professionals and scientists. The Health Sciences Center disseminates and advances knowledge throughout State and national programs of basic and clinical research, resulting in publications, technology transfer, and related economic enhancements to meet the changing needs of the State of Louisiana and the nation.

LSUHSC-NO provides vital public service through direct patient care, including care of uninsured and indigent patients. Health care services are provided through LSUHSC-NO clinics in allied health, dentistry, medicine, nursing, and in numerous affiliated hospitals, and clinics throughout Louisiana.

LSUHSC-NO provides referral services, continuing education, and information relevant to the public health of the citizens of Louisiana. In addition, LSUHSC-NO works cooperatively with two Area Health Education Centers (AHECs), whose programs focus on improving the number and distribution of health care providers in underserved rural and urban areas of Louisiana and on supporting existing rural health care providers through continuing education programs.

## **Proposed LSUS Mission Statement**

Louisiana State University in Shreveport is the public senior university serving the Shreveport/Bossier Metropolitan area and the Ark-La-Tex. The mission of LSUS is to:

- Serve as a teaching institution focused on the successful education of undergraduate and graduate students through bachelors, masters, and select doctoral programs;
- Provide a stimulating and supportive learning environment in which students, faculty and staff participate freely in the creation, acquisition and dissemination of knowledge;
- Encourage an atmosphere of intellectual excitement;
- Foster the academic and personal growth of students;
- Produce graduates who possess the intellectual resources and professional and personal skills that will enable them to be effective and productive members of an ever-changing global community; and
- Enhance the cultural, technological, social and economic development of the region through teaching, research and public service.

### **REQUEST APPROVAL FROM LSU EUNICE TO BROADEN THE ORIGINAL RESEARCH AREAS OF TWO ENDOWED PROFESSORSHIPS FUNDED BY TRAIN DERAILMENT ENDOWMENTS**

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

#### **1. Significant Board Matter**

This matter is a significant board matter pursuant to the following provisions of Article VII, section 8 of the Bylaws:

D.1 Matter having a significant fiscal (primary or secondary) or long-term educational or policy impact on the System or any of its campuses or divisions.

#### **2. Summary of the Proposal**

LSU Eunice is requesting approval to broaden the original scholarship, research and teaching emphases of two Endowed Professorships funded from a Settlement Award provided by the US District Court as part of the Eunice Train Derailment Endowments. The funds from the Eunice train derailment were originally designated to support research in the areas of Science, Health/Safety, or Economics/Public Policy. The Board of Supervisors approved the Endowed Professorships on August 28, 2008 and the Board of Regents provided matching funds on June 24, 2009.

LSU Eunice submitted a request to Judge Richard Haik, Chief Judge of the US District Court, Western District of Louisiana to expand the eligibility of one or both of the endowed professorships to support faculty research in the liberal arts and natural sciences, especially projects that include the study of the arts, culture, and natural environment of southwestern Louisiana, areas that were negatively impacted by the train derailment. Judge Haik approved the request from LSU-E to broaden the research areas.

#### **4. Review of Documents**

This request was reviewed and approved by the LSU-E Foundation, Judge Haik, by appropriate LSU-E officials, and by the System Office of Academic Affairs.

#### **RECOMMENDATION:**

It is recommended that the LSU Board of Supervisors adopt the following resolution:

**RESOLUTION:**

**“NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College approves the request to broaden and amend the original research areas of two Endowed Professorships funded by Train Derailment Endowments, subject to approval by the Louisiana Board of Regents.”

### **REQUEST APPROVAL FROM LSU A&M TO ESTABLISH THREE ENDOWED PROFESSORSHIPS**

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

#### **1. Significant Board Matter**

This matter is a significant board matter pursuant to the following provisions of Article VII, section 8 of the Bylaws:

D.1 Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

#### **2. Summary of the Matter**

Significant donations have been made to the LSU Foundation for the establishment of three Endowed Professorships. The Board of Regents Support Fund Endowed Professorships program, established in 1990-91, provides matching funds to help campuses recruit or retain faculty whose research, teaching, and/or public service uniquely contribute to the mission of their departments and institutions. Participation requires a contribution of at least \$60,000 from an external source, to be matched with \$40,000 from the BoRSF. Each four-year campus is guaranteed, but not necessarily restricted to, two professorships per year and each two-year campus one per year.

The following Endowed Professorships are proposed based on donations of \$60,000:

- Arthur K. Barton Professorship in Mathematics in the College of Science
- Doris Westmoreland Darden Professorship #6 in the Manship School of Mass Communication
- U.J. LeGrange Endowed Professorship in Accounting #9 in the E.J. Ourso College of Business

#### **3. Review of Documents Related to Referenced Matter**

Supporting materials for the proposed Professorships are in order.

#### **4. Certification of campus (or equivalent) re. paragraph C, Article VII, Section 8.**

Certification was provided in the resolutions to create the Professorships.

#### **RECOMMENDATION**

It is recommended that the Board of Supervisors approve the following resolution:

## **RESOLUTION**

**NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College hereby approves the establishment of the above mentioned Endowed Professorships at LSU,

and

**BE IT FURTHER RESOLVED** that the Chairman of the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College and/or the President of the Louisiana State University System, as may be appropriate, are hereby authorized and directed to execute any documents required to obtain the matching gift and otherwise complete the establishment of the above named Professorships.

**Recommendation to Approve the Establishment of the Arthur K. Barton Professorship in Mathematics in the College of Science at LSU**

WHEREAS, Arthur K. and Shirley Barton have made substantial donations to the LSU Foundation, including therein a specific donation totaling \$60,000, to the Board of Regents Support Fund for the establishment of an endowed professorship in the College of Science at LSU, and

WHEREAS, the Arthur K. Barton Professorship in Mathematics will provide critically needed funds annually to secure and maintain a highly qualified faculty member in the College of Science; and

WHEREAS, the Board of Regents Support Fund was created by the Legislature of Louisiana in 1989 providing therein for multiple \$40,000 challenge grants to be awarded on a one to one and one-half matching basis, and

WHEREAS, this donation of \$60,000 qualifies for inclusion in the Board of Regents Support Fund matching grants program;

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College hereby approves the establishment of the Arthur K. Barton Professorship in Mathematics in the College of Science at LSU;

BE IT FURTHER RESOLVED that it is hereby recommended that the Louisiana Board of Regents approve the establishment of the Arthur K. Barton Professorship in Mathematics in the College of Science at LSU.

**Recommendation to Approve the Establishment of the Doris Westmoreland Darden  
Professorship #6 in the Manship School of Mass Communication at LSU**

WHEREAS, Doris W. Darden has made substantial donations to the LSU Foundation, including therein a specific donation totaling \$60,000, to the Board of Regents Support Fund for the establishment of an endowed professorship in the Manship School of Mass Communication at LSU, and

WHEREAS, the Doris Westmoreland Darden Professorship #6 will provide critically needed funds annually to secure and maintain a highly qualified faculty member in the Manship School of Mass Communication; and

WHEREAS, the Board of Regents Support Fund was created by the Legislature of Louisiana in 1989 providing therein for multiple \$40,000 challenge grants to be awarded on a one to one and one-half matching basis, and

WHEREAS, this donation of \$60,000 qualifies for inclusion in the Board of Regents Support Fund matching grants program;

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College hereby approves the establishment of the Doris Westmoreland Darden Professorship #6 in the Manship School of Mass Communication at LSU;

BE IT FURTHER RESOLVED that it is hereby recommended that the Louisiana Board of Regents approve the establishment of the Doris Westmoreland Darden Professorship #6 in the Manship School of Mass Communication at LSU.

**Recommendation to Approve the Establishment of the U.J. LeGrange Endowed Professorship in Accounting #9 in the E.J. Ourso College of Business at LSU**

WHEREAS, U.J. LeGrange has made substantial donations to the LSU Foundation, including therein a specific donation totaling \$60,000, to the Board of Regents Support Fund for the establishment of an endowed professorship in the E.J. Ourso College of Business at LSU, and

WHEREAS, the U.J. LeGrange Endowed Professorship in Accounting #9 will provide critically needed funds annually to secure and maintain a highly qualified faculty member in the E.J. Ourso College of Business; and

### REQUEST APPROVAL FROM The LSUHSC-NO SCHOOL OF DENTISTRY TO ESTABLISH THE DEPARTMENT OF DIAGNOSTIC SCIENCES BY CONSOLIDATION OF THE EXISTING DEPARTMENT OF ORAL DIAGNOSIS/MEDICINE/RADIOLOGY AND DEPARTMENT OF ORAL PATHOLOGY

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

#### **1. Significant Board Matter**

This matter is a significant board matter pursuant to the following provisions of Article VII, section 8 of the Bylaws:

D.1 Matter having a significant fiscal (primary or secondary) or long-term educational or policy impact on the System or any of its campuses or divisions.

#### **2. Summary of the Proposal**

The LSUHSC-NO School of Dentistry requests approval to consolidate the Department of Oral Diagnosis/Medicine/Radiology and the Department of Oral Pathology and call the new entity the Department of Diagnostic Sciences.

#### Background

The Department of Oral Diagnosis/Medicine/Radiology and the Department of Oral Pathology have existed since the establishment of the school in 1968. Current academic alignment in the area of diagnosis and treatment planning supports oral pathology becoming a key component of the Department of Oral Diagnosis/Medicine/Radiology, thereby enhancing intra-professional activity. Renaming the consolidated departments the Department of Diagnostic Sciences provides a rational, current term reflective of the oral health/disease diagnostic team representative of the disciplines included.

#### **3. Fiscal Note**

The cost of consolidating these 2 entities is anticipated to be minimal, as they are currently functioning as separate administrative units within the School of Dentistry. No faculty or unclassified positions will be relocated. Some classified employees may be relocated to consolidate a single office support staff, thereby allowing for shared staffing and potential cost savings to the School of Dentistry. Other costs associated with consolidation and formation of the Department of Diagnostic Sciences, such as stationary, websites, business cards, and relocation expenses are expected to be minimal.

#### **4. Review of Documents**

The request from the School of Dentistry is available upon request in the System Office of Academic Affairs. This proposal has been reviewed and approved by appropriate

LSUHSC-NO faculty and academic administrators and by the System Office of Academic Affairs.

**5. Certification of campus (or equivalent) re. Paragraph C, Article VII, Section 8.**

Appropriate certifications were provided by LSUHSC-NO.

**RECOMMENDATION:**

It is recommended that the LSU Board of Supervisors adopt the following resolution:

**RESOLUTION:**

**“NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College approves the request to establish the Department of Diagnostic Sciences in the LSU Health Sciences Center in New Orleans School of Dentistry by realigning existing departments of Oral Diagnosis/Medicine/Radiology and Oral Pathology, subject to approval by the Louisiana Board of Regents.”

### ***REQUEST APPROVAL FROM LSU A&M FOR REAUTHORIZATION OF THE LSU HURRICANE CENTER***

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

#### **1. Significant Board Matter**

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D. 1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

#### **2. Summary of the Matter**

The LSU Hurricane Center (HC) was established at LSU in 1999, approved by the Board of Regents in 2000, and reauthorized in 2003 with the goal of developing an interdisciplinary research program on hurricanes and their impacts on the natural, built and human environments. The Center is administratively located in the Office of Research & Economic Development (ORED) to foster interdisciplinary hurricane research and education. The initial strengths of the Center, as noted in a 2008 review by the LSU Council on Research, were in its core expertise in wind engineering, traffic flow management, GIS, and public health impacts.

The September 2008 review by the Council on Research, however, concluded that the Center had not achieved its potential. Because of ongoing budget constraints, coupled with turnover in key leaderships positions related to HC, LSU made a decision in 2011 to seek a two year Board of Regents approved suspension in order to assess the Center's strengths and weaknesses, evaluate support needs, and develop a fresh leadership vision. In 2012, ORED conducted another review, which included the following recommendations:

- New leadership needs to be identified.
- Faculty participants to support the HC's core operations mission need to be engaged.
- A consistent source of support for the operations program needs to be put in place along with a specific set of expectations and tasks.
- A revised strategic plan that articulates appropriately with the focused strengths and capabilities of the unit needs to be drafted and implemented.

During the period between the 2008 Council on Research review and the 2012 review, little activity occurred in the HC aside from a critical operations component linked to severe weather events in support of the LSU Coastal Emergency Risks Assessment (CERA) activities that provide information to the Governor's Office of Homeland Security and Emergency

Preparedness. Because of the critical importance of the CERA support services to the state during the hurricane season, the 2012 ORED review recommended that the HC focus on CERA as its primary function. In order to have time to implement these recommendations, LSU in 2013 requested an additional one year suspension from the Board of Regents.

Since the Louisiana Sea Grant College Program has agreed to support the CERA support services and a search for a new director is underway, LSU is ready to move forward with a request for reauthorization for 5 years.

### **3. Review of Business Plan**

The Louisiana Sea Grant is currently the primary funding source for the HC's activities, staff, and facilities as well as workshops, research, and technology. Administration of HC activities, including contracting, procurement, and grant support, are provided by Louisiana Sea Grant offices and personnel. Indeed, Robert Twilley, Executive Director of the Louisiana Sea Grant College Program, is currently serving as the Interim Director of the Hurricane Center.

The Office of Research and Economic Development will also consider providing funding to the Center once a strategic plan is completed, including a review of the plan by the Council of Research. This budget will include resources for partial clerical support and annual operations.

The Office of Research & Economic Development, in collaboration with Sea Grant, the Department of Civil & Environmental Engineering, and the Center for Computation and Technology, is committed to appointing a new director by January 2015 and is actively recruiting a candidate as a tenured faculty member with joint appointments in Civil & Environmental Engineering and the CCT. The Sea Grant Program has offered additional resources to help recruit an outstanding external candidate -- The Laborde Endowed Chair -- which will provide additional support funds to the director of the Hurricane Center. If this hire is unsuccessful, ORED has identified a strong internal candidate as an alternate.

The HC is housed in space managed by Louisiana Sea Grant in the Military Annex. In addition, space for the HC computing specialist includes an office in the Energy, Coast & Environment Building and an office in CCT.

### **4. Review of Documents Related to Referenced Matter**

This request for reauthorization has been reviewed and approved by appropriate campus and system faculty and administrative officials. A detailed proposal is on file in the System Office of Academic Affairs.

#### **RECOMMENDATION:**

It is recommended that the Board of Supervisors adopt the following resolution:

#### **RESOLUTION:**

***“NOW, THEREFORE, BE IT RESOLVED*** that the Board of Supervisors of Louisiana State University does hereby approve the request for reauthorization of the LSU Hurricane Center, subject to approval by the Board of Regents.”

#### **1. Significant Board Matter**

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D. 1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

#### **2. Summary of the Matter**

The Department of Marketing in the E.J. Ourso College of Business is requesting conditional one-year approval for a new Professional Sales Institute (PSI). The Institute plans to implement a professional sales concentration within the Marketing baccalaureate degree program, which would consist of three courses (professional sales, sales management, and a sales practicum). One aspect of the sales practicum would be to prepare students for sales competitions hosted at universities around the country. The PSI would also connect with businesses looking for interns and full-time professional sales employees. Eventually, the Institute hopes to provide opportunities for these companies to become involved with the institute by becoming involved in on-campus conferences, symposia, and other activities. Finally, the PSI will provide the opportunity and motivation for collaborative scholarly research.

Sales is a particular area of interest for students in the E.J. Ourso College of Business. The purpose of the Professional Sales Institute will be to create and sustain a nationally competitive program in professional sales training that will exist as a concentration in the LSU Department of Marketing using a mix of public and private funding. Based on research conducted by the LSU Department of Marketing, over half of undergraduate marketing majors will take a job in sales. Sales jobs are also the most prevalent marketing related jobs within Louisiana, and thus any type of training in sales techniques and tactics is a very attractive offering for students within the E.J. Ourso College of Business. The 2012 US Census indicates that professional sales jobs are the second largest category after management jobs, with professional sales jobs making up roughly 24 percent of the workforce.

#### **3. Review of Business Plan**

The basic business model anticipates that the instructional staff for the sales concentration will be supported by the marketing department. However, private funds will be needed to support half of the salary of the director. Additional Foundation funds will be needed for the non-instructional costs related to the PSI (e.g. program administration, website support, sales team travel,

marketing communications, special events, etc.). A number of LSU alumni and businesses have expressed interest in providing donations to support this initiative. The PSI does not anticipate generating research grants or providing executive education, initially. The funding model will focus on donations from interested companies and individuals.

The institute will be primarily funded by the Department of Marketing and through private business donations held in an LSU Foundation account. A search will be conducted with the goal of finding a director for spring 2015. It is anticipated that the PSI will fund \$50,000 per year of this salary with the remaining \$50,000 to be funded by the academic department of the faculty member. The department has allocated a budget of \$5,000 for student travel to attend collegiate sales competitions and \$20,000 to cover travel, marketing, and other overhead costs.

**4. Review of Documents Related to Referenced Matter**

The proposal has been reviewed by appropriate faculty and campus and system academic officials. A detailed proposal is on file in the System Office of Academic Affairs.

**5. Certification of campus (or equivalent) re. paragraph C, Article VII, Section 8.**

Appropriate certification has been provided by the campus.

**RECOMMENDATION:**

It is recommended that the Board of Supervisors adopt the following resolution:

**RESOLUTION:**

***“NOW, THEREFORE, BE IT RESOLVED*** that the Board of Supervisors of Louisiana State University does hereby approve the request from LSU A&M for conditional one-year approval to establish the Professional Sales Institute, subject to approval by the Board of Regents.”

Pursuant to Article VII, Section 8, D.5(c) of the bylaws of the Louisiana State University Board of Supervisors, this matter is a Significant Board Matter.

D.5(c) - Such other matters that are not expressly delegated herein or hereafter by the Board...

**1. Summary of Matter**

The LSU College of Engineering would like to request naming of a renovated hydraulics lab that was made possible through a generous gift from Ronnie Hebert and M.R. Pittman totaling \$200,000. The donors request the lab be named in honor of Mr. Ronnie Hebert's company, Environmental Technical Sales, Inc. (ETEC), a manufacturers' representative organization with expertise in equipment applications for water treatment, wastewater treatment, solids handling, and air emissions.

The ETEC Hydraulics and Water Distribution Laboratory was created to provide Civil and Environmental Engineering undergraduate students an experimental and modeling facility where they can get hands-on experience in monitoring, controlling, and modeling of hydraulic systems. The donations from Mr. Hebert and the M.R. Pittman Group provided for substantial upgrades to equipment and computer workstations within the lab.

With a degree Civil Engineering from LSU, Ronnie Hebert is a registered Civil and Environmental engineer with over 40 years of experience. As an avid supporter of the College, he directs a large portion of his philanthropic giving each year to support LSU's College of Engineering through an endowed scholarship in the Civil and Environmental Engineering department and most recently, the renovation of Civil Engineering hydraulics lab.

In preparation for the Forever LSU Campaign, the College of Engineering undertook a comprehensive process in determining the naming opportunities for designated facilities within the College. As part of that process, the College determined that the naming of laboratory facilities initiate at \$100,000 and increase, based on the size, scope and location of the laboratory. Hence, the naming for the ETEC Hydraulics and Water Distribution Laboratory is in line with the policy procedures.

The College of Engineering request a lab in the college be named the "ETEC Hydraulics and Water Distribution Laboratory".

**REQUEST FROM LSU AND A&M COLLEGE TO  
NAME THE CONFERENCE ROOM IN  
HOWE RUSSELL-KNIFFEN HALL THE  
"DR. ROBERT A. MULLER CONFERENCE ROOM"**

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

Pursuant to Article VII, Section 8, D.5(c) of the bylaws of the Louisiana State University Board of Supervisors, this matter is a Significant Board Matter.

D.5(c) - Such other matters that are not expressly delegated herein or hereafter by the Board...

**1. Summary of Matter**

The Department of Geography and Anthropology and the College of Humanities and Social Sciences recommends to name the Conference Room in Howe-Russell-Kniffen Hall after Dr. Robert A. Muller.

Naming of this room would honor one of the longest standing members of the Department of Geography and Anthropology, a renowned climatologist, the founder of the Louisiana Office of State Climatology, and founder and former Director of the Southern Regional Climate Center at LSU. This conference room serves the needs of the Southern Regional Climate Center, the Southern Climate Impacts Planning Program, as well as the entire Department of Geography and Anthropology. Given Dr. Muller's many contributions to the department and the fields of synoptic and applied climatology, I think it would be appropriate to honor him in this way. Therefore, I would like to request that you consider my application to name Howe-Russell Geoscience Complex Room E332 the "Dr. Robert A. Muller Conference Room."

Robert Muller has been actively engaged in climate-related research for more than 50 years. After serving in the U.S Army just after World War II, Muller's college career began at Rutgers University, where he majored in Geography. He graduated in 1958 with a B.A. in geography, and continued his studies at Syracuse University where he earned a M.A. degree in 1959 and a Ph.D. in 1962. From 1962 to 1964, Bob served as a geographer/climatologist at the U.S. Forest Service in Berkeley, California with an adjunct appointment in the Geography Department at Cal-Berkley. He then served as an assistant and associate professor at Rutgers University before joining the LSU faculty in 1969. In 1978, Bob became the State Climatologist for Louisiana where he ran the Louisiana Office of State Climatology, a position he held until 1991. In 1990, he was awarded a grant from NOAA to develop the Southern Regional Climate Center (SRCC) at LSU, and he assumed the role of Director of the SRCC from 1990 until 1997, though he formerly retired from LSU in 1994. The Louisiana Office of State Climatology and Southern Regional Climate Center are still highly successful programs within the Department of Geography and Anthropology, the College, and University. These successes have led to further growth in the LSU Climate Program through the awarding of NOAA's Southern Climate Impacts Planning Program to LSU. As such, the impacts of the accomplishments of Dr. Robert A. Muller are still being realized today.

Throughout his career, Dr. Muller has over 100 publications, including books, monographs, research reports, and articles. The physical geography books that he co-wrote in the 1980s were the most widely used instructional books in the country on physical geography for many years. In addition, Muller made significant contributions to water-budget climatology and atmospheric circulation research. He served as chair for 16 MS students and 8 PhDs, many who have had long successful careers in academics. Despite being retired, Muller continues to publish in scientific journals, has written several book chapters, and even co-authored a book with me entitled Hurricanes of the Gulf of Mexico, published by LSU Press in 2009. Bob is a member of 8 professional organizations that include the Association of

American Geographers, the American Geophysical Union, the American Meteorological Society, the American Association of State Climatologists, and the National Weather Association. For his Achievements, Bob was awarded the Lifetime Achievement Award for the Climate Specialty Group of the American Association of Geographers in 2003.

Following the guidelines and criteria in PS-70 (naming University Facilities), I believe Dr. Robert Muller easily satisfies the criteria for having this facility named after him. He has made substantial contributions to both field of physical geography and LSU. In the years following his retirement he has continued to assist, influence, and mentor many colleagues and students in the Department. He is kind and sincere, loves LSU and the Department of Geography and Anthropology, and still provides great value to our climate program.

The Department of Geography and Anthropology and the College of Humanities and Social Sciences recommends to name the Conference Room in Howe-Russell-Kniffen Hall the "Dr. Robert A. Muller Conference Room".

Dear Dr. Alexander:

Attached please find a memo from Dr. Barry Keim of the Department of Geography and Anthropology proposing that a conference room (Howe-Russell E332) be named the **Robert A. Muller Conference Room** in recognition of Dr. Muller's distinguished record as a scholar, founder of the Louisiana Office of State Climatology, founder of the Southern Regional Climate Center (both at LSU) and various other achievements in the field of climatology. A faculty member at LSU from 1969 until his retirement in 1994, he remains active in his field and an occasional presence on campus.

This proposal has been endorsed not only by the Chair but also by the faculty of the Department (Memo attached) and by Dean Foster of the College of Humanities and Social Sciences. Dr. Muller's 19 page vita is available should you wish to review it.

Your Naming University Facilities and Academic Units Committee has reviewed this proposal and recommends its approval.

Dear President Alexander,

I write this letter to ask if we can name the conference room facility located in Howe-Russell E332 after Dr. Robert A. Muller. **TO: Members of the Board of Supervisors**

**DATE: September 12, 2014**

Pursuant to Article VII, Section 8, D.2(a) of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

D.2(a) The assignment, lease, transfer, encumbrance or sale of land, mineral rights, rights-of-way, servitudes, or other immovable property owned or controlled by LSU...

**1. Summary of the Matter**

On July 11, 2012, LSU Agricultural Center accepted a bid from Cortez Southern Resources, LLC for an oil, gas and mineral lease on land in East Feliciana Parish. In December 2013, the LSU Board of Supervisors approved Cortez Southern's request for assignment of 90% of the Idlewild oil, gas and mineral lease, State Agency Lease No. 20808, to Halcon Energy Properties, Inc. Halcon Energy Properties, Inc. is now requesting to assign their 90% right, title and interest in this lease to HK TMS, LLC, a wholly owned subsidiary of Halcon Resources Corporation.

The LSU AgCenter is further requesting the Board of Supervisors to authorize and empower the President at this time to sign the final Assignment Agreement.

RE: **Significant Board Matter**  
Mineral Lease Assignment  
LSU AgCenter Idlewild Research Station  
East Feliciana Parish  
Clinton, Louisiana

Halcon Energy Properties, Inc., has requested it's proposed assignment of the Idlewild oil, gas and mineral lease, State Agency Lease No. 20808, to HK TMS, LLC, be approved by the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College.

We enclose herewith our request for approval and ask that it be placed on the agenda of the Board of Supervisors at the next meeting.

I certify that, to the best of my knowledge, I have provided all necessary documentation and that the information contained therein is complete, accurate, and in compliance with Article VII, Section 8 of the Bylaws of the Board of Supervisors. I agree to cooperate in any issues related to this matter. Please let me know if any additional information is needed.

Sincerely,

William B. Richardson, LSU Vice President  
for Agriculture and Dean of College of Agriculture

Re: **Request for Consent to Assignment  
State Agency Lease #20808  
East Feliciana Parish, Louisiana**

Dear Ms. Daniel:

Halcón Energy Properties, Inc., a Delaware corporation, with a mailing address of 1000 Louisiana, Suite 6700, Houston, TX 77002 ("Halcón") is the current owner and holder of Ninety percent (90%) of that certain State Agency Lease No. 20808 (the "Lease") by and between the State Mineral and Energy Board, for and on behalf of the LSU Board of Supervisors, as lessor, and Blue Energy, Ltd., as lessee, dated effective December 14, 2011 and covering that certain 1,803.56 acres, more or less, situated in the Parish of East Feliciana, State of Louisiana, said lease being duly recorded as Instrument No. 212002 in the Records of East Feliciana Parish, Louisiana, and to which reference is here made for all purposes.

Pursuant to the terms and conditions set forth in said Lease, as assignment or sublease thereof shall require the written consent of Lessor, which consent "*shall be valid upon approval of the assignment or sublease by resolution of the Louisiana State University Board of Supervisors.*"

Accordingly, please consider this a formal request for the approval and consent by the LSU Board of Supervisors' to an assignment by Halcón's of its undivided Ninety percent (90%) right title and interest to HK TMS, LLC, a Delaware limited liability company, whose address is 1000 Louisiana, Suite 6700, Houston, TX 77002, as assignee. HK TMS, LLC is wholly owned subsidiary of Halcón Resources Corporation.

Should you have any questions or require any additional information concerning this matter please do not hesitate to contact Tim Struble, 832-538-0538 or [TStruble@halconresources.com](mailto:TStruble@halconresources.com).

Thank you again for your assistance with this matter.

Sincerely,

By:

CONDITIONS OF ASSIGNMENT

PARISH OF EAST BATON ROUGE

**KNOW ALL MEN BY THESE PRESENTS, THAT:**

**WHEREAS**, the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College (hereinafter Lessor) has been requested to consent to and approve an assignment (conveyance) of an oil, gas, and mineral lease, by **Halcon Energy Properties, Inc.** (hereinafter Assignor), which assignment conveys an undivided Ninety and No/100 percent (90.00%) interest in the following described oil, gas, and mineral lease:

State Agency Lease #20808  
East Feliciana Parish, Louisiana

Said interest to be assigned to **HK TMS, LLC** (hereinafter Assignee).

**WHEREAS**, Lessor requires certain conditions be included in the assignment, which conditions are not in the general assignment executed by the parties involved.

**NOW, THEREFORE**, the Assignor and Assignee do hereby and by these presents agree to the following conditions of assignment: (1) the Assignor is not relieved of its obligations or liabilities under the above described lease; and (2) any notice required or allowed by the Lessor to Assignor under said lease shall be considered notice to Assignor when such notice has been properly made to Assignee or its assigns.

**IN WITNESS WHEREOF**, this instrument is executed this 31<sup>st</sup> day of July.

2014.

WITHOUT LIMITING THE GENERALITY OF THE IMMEDIATELY PRECEDING SENTENCE, EXCEPT SOLELY WITH REGARD TO THE REPRESENTATIONS AND WARRANTIES MADE BY ASSIGNOR UNDER THE AGREEMENT, AND THE SPECIAL WARRANTY OF TITLE MADE HEREIN, THE ASSIGNED PROPERTIES ARE HEREBY TRANSFERRED AND SOLD WITHOUT ANY OTHER REPRESENTATIONS AND WARRANTIES OF ANY KIND WHATSOEVER (AND ASSIGNOR HEREBY NEGATES AND DISCLAIMS ANY OTHER REPRESENTATIONS AND WARRANTIES OF ANY KIND), WHETHER EXPRESSED, IMPLIED OR STATUTORY, AND ARE SOLD "AS IS AND WITH ALL FAULTS AND DEFECTS" AND "WITH NO WARRANTY AS TO MERCHANTABILITY, FREEDOM FROM REDHIBITORY VICES OR DEFECTS OR FITNESS OR SUITABILITY FOR ANY PARTICULAR PURPOSE."

This Assignment is being delivered pursuant to and is subject to the terms and provisions of the Agreement including with respect to indemnification. The delivery of this Assignment shall not affect, enlarge, diminish, or otherwise impair any of the representations, warranties, covenants, indemnities, terms, or provisions of the Agreement.

The Assignor and Assignee acknowledge and agree that this Assignment is further subject to (a) the terms of the Leases (the rights and interests of the Assignor in such Leases being hereby conveyed to the Assignee); (b) subject to the special warranty of title made herein, any and all instruments or documents affecting the Assigned Property transferred hereby which are filed of record in the County/Parish where the records of the Assigned Property are filed, or referred to therein or incorporated therein by reference; and (c) subject to the terms of the Agreement, any taxes assessed against the Assigned Property herein conveyed or the production therefrom for the calendar year in which this transfer becomes effective.

Assignee shall be and is subrogated to all covenants and warranties of title by Persons previously given or made to the Assignor or its predecessors in title. Assignee shall be and is subrogated to all indemnities and other rights against third parties previously given or made to the Assignor or its Affiliates, in each case, in respect of the Assigned Property, except to the extent that the same relate to claims concerning any Retained Liabilities.

This Assignment along with the Agreement constitute the entire understanding between Assignor and Assignee with regard to the subject matter hereof, superseding all prior statements, representations, discussions, agreements and understandings. This Assignment shall be binding on and inure for the benefit of the rightful successors and permitted assigns of the Assignor and Assignee. In case of any conflict between the terms and provisions of the Agreement and the terms and provisions of this Assignment, the terms and provisions of the Agreement shall prevail. Notwithstanding the foregoing, third parties may rely upon this Assignment for the description of the Assigned Property, which Assigned Property is not reduced or diminished in any manner by the terms of the Agreement.

Where separate assignments of Assigned Property have been, or will be, executed for filing with and approval by applicable Governmental Authority, any such separate assignments (a) shall evidence the Assignment and assignment of the applicable Assigned Property herein made, and shall not constitute any additional Assignment or assignment of the Assigned Property, (b) are not intended to modify, and shall not modify, any of the terms, covenants and

conditions set forth in this Assignment, and (c) shall be deemed to contain all of the terms and provisions of this Assignment, as fully and to all intents and purposes as though the same were set forth at length in such separate assignments.

THIS ASSIGNMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF LOUISIANA, EXCLUSIVE OF PRINCIPLES OF CONFLICTS OF LAW. THE PARTIES HEREBY SUBMIT TO THE JURISDICTION OF ANY COURT OF COMPETENT JURISDICTION AND PROPER VENUE IN LOUISIANA AND HEREBY AGREE THAT ANY SUCH COURT SHALL BE A PROPER FORUM FOR THE DETERMINATION OF ANY DISPUTE ARISING HEREUNDER. If any provision of this Assignment is adjudged by a court to be invalid or unenforceable, the same will in no way affect any other circumstance or the validity or enforceability of any provision of this Assignment. If any provision of this Assignment, or any part hereof, is held to be unenforceable because of the duration of such provision or the area covered thereby, the parties agree that the court making such determination shall have the power to reduce the duration and/or area of such provision, and/or to delete specific words or phrases, and in its reduced form, such provision shall then be enforceable and shall be enforced.

## Annex A

*Attached to and made a part of that certain Assignment, Assumption and Bill of Sale dated effective as of March 1, 2014, by and between Halcón Energy Properties, Inc., as Assignor, and HK TMS, LLC, as Assignee*

### Assigned Properties

The term “**Properties**” means all of the Assignors’ (and Assignors’ Affiliates’) right, title and interest in and to the following (but excluding the Excluded Assets), subject to the terms and reservations hereof:

(a) all oil and gas leases, leasehold interests, operating rights, working interests, net revenue interests and similar operating interests, or other rights to Hydrocarbons (whether producing or non-producing) described in Exhibit “A” attached to this Annex A (which shall include all oil and gas leases of Assignors that cover rights in the Tuscaloosa Marine Shale), in each case, as to all depths (collectively, all of the foregoing, the “**Leases**”); (ii) the lands covered by the Leases and all lands pooled or unitized therewith (collectively, the “**Lands**”); and (iii) all expressed or implied rights-of-way, easements and other surface rights, insofar and only insofar as the same arise in or under, or are attributable to or necessary for the use, development, or operation of the Leases (collectively, the “**Easements**”); and the interests described in subparts (a)(i)-(a)(iii) are (collectively referred to as the “**Real Property Interests**”);

(b) (i) all of the wells listed on Exhibit “A” attached to this Annex A (the “**Wells**”), (ii) all well heads, casing, tubing, pumps, motors, gauges, valves, heaters and treaters constituting part of or connected to the Wells, (iii) all automation equipment constituting part of or connected to the Wells, (iv) all gathering lines and improvements, water lines, vessels, tanks, boilers, separators, treating equipment, fixtures, compressors and other equipment used in connection with the Wells, (v) all power lines, telephone and communication lines used in connection with the Wells, (vi) all injection wells and water disposal facilities used in connection with the Wells, and (vii) all other appurtenances owned and used in connection with the production, treating, storing, transportation or marketing of Hydrocarbons from the Wells; and (viii) any and all other equipment, machinery, fixtures and other tangible personal property and improvements located on or used in connection with the operation of the Wells (collectively referred to as the “**Equipment**”);

(c) all presently existing unitization, pooling and/or communitization agreements, declarations or designations and contractually, statutorily, judicially or administratively created drilling, spacing and/or production units, insofar as the same are attributable or allocated to the Real Property Interests or the Wells, and all of the Assignors’ interest in and to the properties covered or units created thereby which are attributable to the Real Property Interests or the Wells;

(d) all presently existing and valid Hydrocarbon sales agreements, operating agreements (excluding any operating rights or duties), gathering agreements, transportation agreements, farmout and farm-in agreements, participation agreements, unitization, pooling and communitization agreements, purchase agreements, exploration agreements, area of mutual interest agreements, exchange and processing contracts and agreements and any other contracts, agreements and instruments, insofar as the above agreements cover, are attributable to or relate to the Real Property Interests or the Wells, Equipment or any interests pooled, communitized or unitized therewith;

(e) all Hydrocarbons in, on, under or produced from or attributable to the Wells and the Lands and the proceeds thereof; and

(f) to the extent assignable without extra cost or expense to Company, Geological and Geophysical Information and copies of the Records in Assignors' possession to the extent relating to the Properties described in the foregoing subsections (a) through (e).

In addition, for purposes of this Assignment, the following terms shall have the following meanings attributed to them:

**"Customary Post-Closing Consents"** means all rights to consent by, required notices to, filings with or other actions by Governmental Authorities in connection with the sale, disposition, transfer or conveyance of federal, state, tribal or other governmental oil and gas leases or interests therein or related thereto, which are customarily obtained subsequent to the assignment, disposition or transfer of such oil and gas leases or interests therein, or such operations.

**"Existing Burdens"** means all existing and valid Liens, security interests, claims, burdens or encumbrances of any kind on or affecting any of the Assigned Properties in effect as of the date of this Assignment, whether recorded or unrecorded, including, without limitation, all existing and valid burdens measured by or payable out of the production of Hydrocarbons in effect as of the date of this Assignment affecting the Assigned Properties (including, without limitation, the landowner's or lessor's royalty, overriding royalties, net profits interests, production payments, and any other charges or existing burdens of a similar nature applicable thereto); *provided, however*, that in the event, that the lessor's percentage royalty under the applicable Lease is increased in connection with granting an extension or renewal contemplated therein and pursuant to the terms of such Lease, then such increased royalty shall be taken into consideration as part of "Existing Burdens"; *provided further, however* that "Existing Burdens" shall not include Liens or security interests for borrowed money granted or established by Assignor or any of its Affiliates (unless Assignor has expressly excluded the ORRI to be granted pursuant to the Royalty Agreement from its grant of such Liens).

**"Excluded Assets"** means: (a) the Assignors' minute books, financial and income tax records and legal records (other than title records); (b) any existing or future refund of costs, Taxes or expenses borne by any of the Assignors, their Affiliates or their respective predecessors in title attributable to the period prior to the applicable Effective Time; (c) any and all proceeds

from the settlements of contract disputes insofar as said proceeds are attributable to periods of time prior to the applicable Effective Time; (d) all rights and interests of the Assignors or any of their Affiliates under (i) any policy, bond or agreement of insurance or indemnity (including any rights, claims or causes of action of any Assignor against Third Parties under any indemnities or hold harmless agreements and any indemnities received in connection with any Assignor's or any of its Affiliates' prior acquisition of any of the Properties (to the extent the indemnities do not cover or address any claims, damages, or liabilities that would be an Assumed Obligation under this Agreement), to the extent and only to the extent such rights and interests relate to the ownership of the Properties prior to the applicable Effective Time and (ii) any bond; (e) all of the Assignors' and their Affiliates' proprietary computer software, patents, trade secrets, copyrights, names, trademarks, logos and other intellectual property; (f) all accounts receivable and audit rights arising under any of the applicable contracts or otherwise with respect to any of the other items included in this definition of Excluded Assets), to the extent and only to the extent such rights and interests relate to the ownership of the Properties prior to the applicable Effective Time; (g) any Geological and Geophysical Information, and any other information, which any Assignor cannot assign without extra cost or expense (unless Assignee has agreed to pay such extra cost or expense) or which Assignor is prohibited from sharing by agreement with a Third Party; (h) all claims of any Assignor or any of its Affiliates for refunds of or loss carry forwards with respect to (A) income or franchise Taxes, (B) any other Taxes attributable to any period prior to the applicable Effective Time, or (C) any Taxes attributable to any of the other items included in this definition of the Excluded Assets; (i) all documents and instruments of any Assignor or any of its Affiliates that may be protected by an attorney-client privilege, and all data that cannot be disclosed to the Company or its members as a result of confidentiality arrangements under agreements with Third Parties (other than title opinions and other title records relating to the Properties); and (j) all equipment brought onto a well site temporarily for purposes of drilling, reworking or maintaining a well, all vehicles, and any other equipment, inventory, machinery, tools and other personal property not currently in use for the operation of a well or wells.

**“Geological and Geophysical Information”** means data, core and fluid samples and other engineering, geological and/or geophysical studies (including seismic data, studies and information), and other similar information and records, in each case relating to the Properties.

**“Governmental Authority”** means any foreign, national, state, local, municipal, tribal or other government or division thereof; any governmental, regulatory or administrative agency, commission, body or other authority exercising or entitled to exercise any administrative, executive, judicial, legislative, police, regulatory or taxing authority or power; and any court or governmental tribunal or arbitrator.

**“Hydrocarbons”** means crude oil, natural gas, casinghead gas, condensate, sulfur, natural gas liquids, and other liquid or gaseous hydrocarbons.

**“Lien”** means any lien, mortgage, security interest, pledge or rights of a vendor under any title retention (other than Hydrocarbon leases, or equipment leases, or agreements that are terminable within sixty (60) days without penalty or payment) or other arrangements substantially equivalent thereto.

**“Permitted Encumbrances”** means (a) (A) with respect to any Leases and other leasehold interests: royalties and overriding royalties, and (B) with respect to Wells: royalties, overriding royalties and other burdens or encumbrances to the extent they do not, individually or in the aggregate, increase the Assignor’s Working Interest (without at least a proportionate corresponding increase in the Assignor’s Net Revenue Interest) in any Well or Lease from that described in Exhibit “A” attached to this Annex A, (b) Liens for Taxes for which payment is not due or which are being contested in good faith by appropriate proceedings; (c) Liens (other than Liens in favor of Assignor or their Affiliates) of mechanics, materialmen, warehousemen, landlords, vendors, and carriers and any similar Liens (other than Liens in favor of Assignors or their Affiliates) arising by operation of Law which, in each instance, arise in the ordinary course, for sums not yet due or which are being contested in good faith by appropriate proceedings; (d) Liens (other than Liens in favor of Assignors or their Affiliates) under operating agreements, unit agreements, unitization and pooling designations and declarations, gathering and transportation agreements, processing agreements, and Hydrocarbon purchase contracts; (e) easements, surface leases, and other rights and plat restrictions, zoning laws, restrictive covenants and conditions, and building and other land use laws and similar encumbrances, insofar as the same do not materially interfere with the operation, development or use of the affected Assigned Property; (f) all Customary Post-Closing Consents; (g) the terms and provisions of the Leases, Contracts and other instruments constituting part of the Assigned Properties; (h) conventional rights of reassignment obligating the lessee to reassign or offer to reassign its interests in any lease prior to a release or abandonment of such lease; (i) required non-governmental Third Party consents to assignments which have been obtained or waived by the appropriate parties or which need not be obtained prior to an assignment or which cannot be unreasonably withheld, and preferential rights to purchase which have been waived by the appropriate parties or for which the time period for asserting such rights has expired without the exercise of such rights; (j) all defects or irregularities: (A) arising out of lack of affirmative statement of corporate authorization or a variation in corporate name, (B) that have been cured or remedied by applicable statutes of limitation or statutes for prescription, (C) consisting of the failure to recite marital status in documents or omissions of heirship proceedings, (D) that have been cured by possession under applicable statutes of limitation, or (E) resulting from lack of survey or failure to record releases of liens, production payments or mortgages that have expired by their own terms or the enforcement of which are barred by applicable statutes of limitation; (k) rights vested in or reserved to any Governmental Authority to regulate the Assigned Properties, to terminate any right, power, franchise, license or permit afforded by such Governmental Authority, or to condemn, expropriate or designate a buyer of any of the Assigned Properties; (l) any provision in a Lease, Contract, surface lease, easement or other surface use agreement entered into prior to the date of this Assignment providing a Third Party with rights to an overriding royalty interest or other burdens on production or payments triggered by the use of the relevant surface property for drilling or other purposes (each a **“Surface Use Burden”**); (m) the Existing Burdens; (n) the Royalty Agreement and any and all obligations thereunder and rights created thereby or pursuant thereto; and (o) any other burdens or encumbrances that would constitute a Permitted Lien under the Royalty Agreement (or the Conveyance of ORRI to be granted pursuant thereto).

**“Records”** means, subject to the rights and restrictions of Third Parties, copies of the Assignors’ books, records and files relating to the Properties, including all Contracts and any and all title, lease files, land files, Well files, maps, division order files relating to the Wells,

abstracts, title files (including, title, title opinions and memoranda, and title curative documents), production files relating to the Wells, technical, engineering and maintenance files relating to the Wells, environmental and safety records, engineering records relating to the Wells; to the extent transferable without payment of additional consideration (unless the Company elects to make any such payment).

**“Royalty Agreement”** means the Royalty Agreement between the Company and the ORRI Owner (as defined therein), dated as of June 16, 2014, as amended.

**“Taxes”** means taxes of any kind, levies or other like assessments, customs, duties, imposts, charges or fees of any Governmental Authority, including gross receipts, ad valorem, value added, excise, real or personal property, asset, sales, use, royalty, license, payroll, transaction, capital, net worth and franchise taxes, withholding, employment, social security, workers compensation, utility, severance, production, unemployment compensation, occupation, premium, windfall profits, transfer and gains taxes or other governmental taxes imposed or payable to the United States or any other Governmental Authority, and in each instance such term shall include any interest, penalties or additions to tax attributable to any such Tax, including penalties for the failure to file any tax return or report.

The term **“Third Party”** means any Person other than a Party or an Affiliate of a Party.

**Annex B**  
**Assumed Obligations and Retained Liabilities**

For purposes hereof, the following terms will have the following meanings attributed to them:

**“Assumed Obligations”** means the following obligations only with respect to and to the extent attributable to the Properties:

- (i) all liabilities, costs, expenses, duties, damages, lawsuits, proceedings, audits, judgments, settlements, orders, penalties, fines, and obligations attributable to the ownership, use, maintenance, repair, replacement, development, operation, plugging, abandonment, legal compliance, or other disposition of such Properties, whether known or unknown, whether fixed, liquidated or contingent, and whether arising from or attributable to periods, before, on or after the applicable Effective Time, including, without limitation, under the terms of all Leases constituting part of such Properties, as well as under the terms and provisions of all Contracts constituting part of such Properties, and all Third Party claims; and
- (ii) all real estate, occupation, ad valorem, severance, production and personal property Taxes on the Properties for the calendar year of the respective Closing and thereafter (it being acknowledged that such Taxes for 2014 are being prorated based on the Effective Time);

*provided, however*, notwithstanding anything to the contrary herein, “Assumed Obligations” shall not include any Retained Liabilities.

**“Retained Liabilities”** means those liabilities and obligations of any Assignor arising from the following:

- (a) all losses, claims, liabilities, demands, costs and expenses arising out of, incident to or in connection with the ownership, use, operation or other disposition of any Excluded Assets;
- (b) all losses, claims, liabilities, demands, costs and expenses arising out of, incident to or in connection with the Assignors’ failure to pay or incorrect payment of any ad valorem, severance or similar Taxes allocable to the Assignors’ interest in the Properties with respect to periods prior to the Effective Time (specifically excluding any sales or transfer taxes arising

from the transactions contemplated hereunder to occur at Closing which are to be treated in accordance with Section 7.6 of the Agreement);

- (c) liabilities and claims arising from Assignors' indemnity under Section 6.2, subject to the limitations in Sections 6.6, 7.2 and 7.17 of the Agreement;
- (d) solely to the extent that the following are covered by Assignor or their Affiliates actual insurance coverage (and not otherwise): claims, demands, damages, costs and expenses, obligations or other liabilities with respect to bodily injury, illness or death arising out of, incident to or in connection with operations of Assignor or their Affiliates on the Properties occurring prior to the Closing, provided, however, that the Retained Liabilities described under this subparagraph shall not include (and the following is expressly excluded): any obligations to the extent constituting Assumed Obligations; and
- (e) all claims, demands, violations, actions, damages, assessments, penalties, fines, costs, expenses, obligations or other liabilities with respect to any Proceedings pending as of the Effective Time arising out of, incident to or in connection with Contributors' ownership or operation of the Properties, solely to the extent attributable to periods prior to the Effective Time, including, without limitation, those described in Schedule "3.5" of the Agreement.

**EXHIBIT "A"**

## Request from LSU AgCenter to establish a restricted account for oil, gas, and mineral revenues

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to paragraph D. of Article VII, Section 8 of the Board Bylaws, the following is provided:

### 1. Significant Board Matter

This matter is a “significant board matter” pursuant to the following provisions of Article VII, Section 8 of the Bylaws:

- D.1 Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

### 2. Summary of the Matter

At its meeting of April 14, 1978 the Board of Supervisors of Louisiana State University and A&M College approved a resolution that allocated 10% of **all oil, gas and mineral lease bonus revenues** and 10% of **all delay rental payments** attributable to leases entered into subsequent to the effective date of that resolution to be credited to restricted funds at the LSU System office in order to cover partially certain operating expenses of the system. The remaining 90% would be for the benefit of the individual campus.

At its meeting of July 28, 1978, the Board of Supervisors of Louisiana State University and A&M College approved a resolution that allocated 25% of any **royalty revenues** from the production of oil, gas, and other minerals on properties of the Board of Supervisors where such production commenced on or after July 1, 1978 for unrestricted budgetary purposes to the campus or other major administrative entity having custody of the land from which such production is attributable and 25% to a restricted account of the Board of Supervisors and System Administration for recurring and extraordinary expenses.

The LSU AgCenter maintains that the resolutions aren’t entirely clear on whether the AgCenter must deposit its share of these funds into an unrestricted account or whether it has the ability to deposit these funds into a restricted account. Because the level of activity involving the lease and production of oil, gas or other minerals can vary greatly and impact the flexible manner by which these funds can be used, the LSU AgCenter requests approval to establish a restricted self-generated account to collect their portion of these lease and royalty revenues.

### 3. Fiscal Impact

Approval of this request will clarify that LSU AgCenter is allowed to restrict the self-generated revenues received from oil, gas, and mineral revenues.

#### RECOMMENDATION

It is recommended that the Board adopt the resolution set forth below.

**NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College does hereby approve a restricted account effective July 1, 2014 for the deposit of oil, gas, and mineral revenue collected by LSU AgCenter that is attributable to the revenue identified in the April 14, 1978 and July 28, 1978 minutes of the Board to be utilized in the same fashion as the restricted account for the Board of Supervisors and the System Administration for recurring and extraordinary expenses incident to the operation thereof.

**MEMORANDUM**

**TO:** Dr. F. King Alexander  
President

**RE:** Request for Board Action

This request regards the policy for deposit of royalty monies generated through production of oil, gas or other minerals on lands owned by the Board. Current policy provides that these revenues be apportioned on the basis of 75% for budgetary purposes to the campus or other major administrative entity having custody of the land involved and 25% to a restricted account of the Board of Supervisors and the System Administration for recurring and extraordinary expense incident to the operation thereof. Current policies aren't entirely clear on whether the AgCenter must deposit these funds into an unrestricted account or whether it has the ability to deposit them into a restricted account. This request establishes a policy that the funds will be deposited into a restricted account.

The level of activity involving the production of oil, gas or other minerals can vary greatly, thus impacting the flexible manner by which these funds can be used. Approval of this request will provide a better framework for managing these funds.

I certify that the information in this request is complete and accurate. Please contact Ms. Coulon or Mr. Barre if there are questions or if additional information is needed.

## REQUEST FROM LSU AND A&M COLLEGE TO APPROVE SOUTH CAMPUS PURCHASE

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

Pursuant to Article VII, Section 8, D.2(a) of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

D.2(a) The assignment, lease, transfer, encumbrance or sale of land, mineral rights, rights-of-way, servitudes, or other immovable property owned or controlled by LSU...

### **1. Summary of Matter**

In accordance with previous approvals, the Board of Supervisors has purchased approximately 78.64 acres of land on the west side of LSU's existing South Campus property from the LSU Property Foundation ("Foundation"). Approximately 20.05 acres of land (consisting of frontage along Nicholson Drive) remains. The LSU Property Foundation now proposes to sell the remaining 20.05 acres, designated as Tracts C-2-B-1-A, C-3-A-1-A and C-4-B-1-A on Exhibit A, to the Board of Supervisors for the sum of two million, twenty-five thousand eighty-four and no/100 Dollars (\$2,025,084.00). This transaction will complete the acquisition of a total of 98.691 acres of South Campus property from the LSU Property Foundation.

### **2. Review of Business Plan**

Funds for the purchase will be provided through Two Million Dollars (Priority 1) Capital Outlay funding available on or about October 1, 2014, with remaining funds provided through private funds donated to the LSU Foundation. Costs associated with the operation and maintenance of the land will be borne by the University.

### **3. Fiscal Impact**

The price per acre for the additional 20.05 acres of land is the same as that charged by the Foundation in connection with the previous sales, \$100,996.69 per acre, for a total purchase price of \$2,025,084.00. The proposed purchase will increase the property holdings of the Board of Supervisors in the South Campus area and provide the University with frontage on Nicholson Drive.

### **4. Description of Competitive Process**

The price per acre for the land is based on the actual purchase price paid by the LSU Property Foundation to acquire the land, \$100,000 per acre, with miscellaneous direct costs incurred by the LSU Property Foundation accounting for the remaining \$996.69 per acre. The appraised value of the property materially exceeds the purchase price.

### **5. Review of Legal Documents**

Not applicable.

### **6. Parties of Interest**

None.

## 7. Related Transactions

An Act of Sale will be entered into between the LSU Property Foundation and the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College once the recommendation to purchase has been approved by the Board and Capital Outlay funds are made available.

## 8. Conflicts of Interest

None.

## RECOMMENDATION

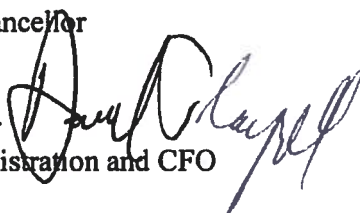

**“NOW, THEREFORE, BE IT RESOLVED** by the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College that F. King Alexander, in his capacity as President of Louisiana State University System, or his designee, is authorized on behalf of and in the name of the Board of Supervisors to approve and execute an Act of Sale and any related or ancillary contracts and agreements reasonably required to consummate the purchase from the LSU Property Foundation of approximately 20.05 acres of land designated as Tracts C-2-B-1-A, C-3-A-1-A and C-4-B-1-A of the Chatsworth Plantation, East Baton Rouge Parish, Louisiana, for the sum of \$2,025,084.00;

**BE IT FURTHER RESOLVED** that F. King Alexander, in his capacity as President of LSU, or his designee, is hereby authorized by and empowered for and on behalf of and in the name of the Board of Supervisors, in consultation with legal counsel, to include in the Act of Sale and any related or ancillary contracts and agreements any terms and conditions that he may deem in the best interest of the Board of Supervisors; and,

**BE IT FURTHER RESOLVED** that the Board, pursuant to the Uniform Affiliation Agreement between it and the LSU Property Foundation, finds an acceptable University purpose for the LSU Property Foundation to enter into this sale and any related or ancillary contracts and agreements.”

**RE:** Recommendation to Approve the Purchase of South Campus Property from the  
LSU Property Foundation

Attached hereto for your review is a resolution requesting approval of a proposal by the LSU Property foundation to sell the remaining 20.05 acres of land (consisting of frontage along Nicholson Drive) to the Board of Supervisors. This transaction will complete the acquisition of a total of 98.691 acres of South Campus property from the LSU Property Foundation. The LSU Property Foundation's asking price is \$100,996.69 per acre, for a total purchase price of 2,025,084.00.

I respectfully request, should you concur, that the resolution be submitted for placement on the agenda of the September 2014 meeting of the Board of Supervisors.

Please let me know if you have additional questions. Thank you.

**REQUEST FROM THE LSU HEALTH CARE SERVICES DIVISION  
FOR APPROVAL TO LEASE SPACE FROM  
THE HEALTH CARE SERVICES FOUNDATION**

**TO: Members of the Board of Supervisors**

**DATE: September 12, 2014**

Pursuant to Article VII, Section 8, D.2(a) of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

D.2(a) The assignment, lease, transfer, encumbrance or sale of land, mineral rights, rights-of-way, servitudes, or other immovable property owned or controlled by LSU...

**1. Summary of the Matter**

The LSU Health Care Services Division (LSU Health) requests approval by the Board of Supervisors to lease Approximately 7,288 RSF on the 3rd floor Health Sciences Center Foundation building to house the Accountable Care Organization (ACO) of the LSU HCSD.

**Accountable Care Organization:** LSU HCSD provides and is coordinating Accountable Care Services (ACS). Programs for patient care that include chronic disease management, population health, and healthcare improvement science are important for quality health care delivery for patients across our state. In conjunction with multiple agencies the LSU HCSD public-private partnerships are coordinating, collaborating, studying and improving patient care. The use of 'big data' and analytics is allowing statewide quality metric development and advancement. ACS provides a learning collaborative to facilitate continual improvement.

Lead by the Clinical Coordination Committee (CCC), a team of clinical experts in population health and improvement science, the committee assists in implementation of evidence based guidelines and feedback on performance. HCSD Medical Informatics builds innovative electronic solutions to present care providers with actionable, relevant and up to date patient care information with a single-sign-on from multiple sources. Utilizing a new federated data warehouse model, the Informatics and Analytics teams provide data support for programmatic success. ACS works in conjunction with LSU Improving Clinical Outcomes Network (ICON) which provides an infrastructure for intensely focused improvement studies. ICON enables medical resident, pilot and intermural projects which utilize economy of scale towards knowledge and translation of best practices.

Accountable Care Services is a truly innovative collaborative approach to health care delivery improvement. ACS utilizes data acquisition, data normalization and federation, evidence based improvement science, and translation of research to evidence based care provision, all towards increasing and improving the value of health care delivered to our patients

The Accountable Care Organization within the LSU HCSD is currently housed in various building throughout the medical complex in New Orleans. In order to be more efficient and effective this organization needs to be consolidated at one location. Once the partner moves into the new hospital currently under construction, space will be vacated in the state owned University Medical Center Medical Office Building and this organization can then move into that building.

HCSD is seeking Board approval to enter into a short term lease (1year with a 6 month option) with the Health Sciences Center Foundation

**2. Review of Business Plan**

LSUHCSD will lease approximately 7,288 RSF on the 3rd floor Health Sciences Center Foundation building to house the Accountable Care Organization at a cost of 11,539.33 per month. This is a square foot cost of \$19 per square foot that is below the current market value of property in

downtown New Orleans.

### 3. Fiscal Impact

The cost to LSUHCSD will be \$138,472 per year plus a prorated share of the utility costs for the building (32.71%) and a security deposit of \$11,539.33. The cost will be offset by the revenues generated by the ACO.

### 4. Description of Competitive Process

The lease is being requested as a sole source since there is no space in the Medical Complex sufficient to allow for the consolidation of the organization into one area of a building. This location will be a temporary location until the new hospital is completed and space is vacated in the University Medical Office Building (UMOB) to allow for the relocation of this organization into state owned space at that time.

### 5. Review of Legal Documents

Lease will ultimately be prepared by the Real Estate Leasing Office in the Division of Administration. A copy of the sole source letter as well as the proposal letter from the Lessor's agent is provided for your information.

## RECOMMENDATION

It is recommended that the LSU Board of Supervisors adopt the following resolution:

**"NOW THEREFORE, BE IT RESOLVED** By the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College that Dr. F. King Alexander, President of the Louisiana State University System, or his designee is hereby authorized to execute a lease of approximately 7288 rentable square feet of space for the LSU Health Care Services Division at an annual rate of \$137,472 plus a one-time security deposit of \$11,539.33.

**BE IT FURTHER RESOLVED** That said Dr. F. King Alexander, President of the LSU System, or his designee, be authorized in consultation with general counsel, to include in such documents, any terms and conditions as he deems to be in the best interest of the Board of Supervisors."

RE: **Significant Board Matter**  
Request for Approval to Lease  
Space from the Health Care Services Foundation

Dear President Alexander

The LSU Health Care Services Division is requesting approval from the Board of Supervisors to lease space from the Health Care Services Foundation to house the LSU Health Care Services Division, Accountable Care Organization in New Orleans.

The LSU Health Care Services Division (LSU HCSD) has determined that there is an immediate need for short term space to accommodate the Accountable Care Organization in the New Orleans area. Due to the following reasons we feel that lease of space from the Health Sciences Center Foundation is the most practical and feasible solution:

1. The short term nature of the proposed lease (1 ½ years)
2. The need to be in close proximity to both the Interim LSU Hospital in New Orleans as well as our University Medical Center Management Corporation partners and the new University Medical Center that will be completed and operational in mid 2015,
3. The lack of available space within the medical district
4. The immediate need to consolidate this organization in a single location rather than having them located in various buildings throughout the medical district

I certify that, to the best of my knowledge, I have provided all necessary documentation and that the information contained herein is complete, accurate and in compliance with Article VII, Section 8 of the Bylaws of the Board of Supervisors. I agree to cooperate in any issues related to this matter. Please let me know if any additional information is needed

Sincerely

Mr Danny Mahaffey  
Director of Property and Facilities  
3810 West Lakeshore  
Baton Rouge, Louisiana 70808

Dear Mr. Mahaffey,

The LSU Health Care Services Division (LSU HCSD) has determined that there is an immediate need for short term space for the Accountable Care Organization in the New Orleans area. Due to the short term nature of the proposed lease and the need to be in close proximity to both the Interim LSU Hospital in New Orleans as well as our University Medical Center Management Corporation partners and the new University Medical Center that will be completed and operational in mid 2015, it has been determined that a sole source lease is justified pursuant to R.S. 39:1597.

The Accountable Care Organization (ACO) is currently located in state owned space spread out throughout New Orleans and desperately needs to be consolidated in one location in order to function properly. The current arrangement is no longer tenable. The ACO works very closely with our private partners throughout the state, the largest being the University Medical Center Management Corporation (UMCMC) in New Orleans, Louisiana.

The UMCMC has leased both the Interim LSU Hospital in New Orleans and has leased and are occupying most of the supporting facilities previously operated by LSU HCSD and once completed will lease the new hospital scheduled for completion and in operation in mid 2015. Once the new hospital is operational, UMCMC will vacate state owned space and the ACO will be able to move into the University Medical Center Medical Office Building (UMOB) a state owned space and will be able to move out of the now proposed lease space.

It is important that the ACO be located in close proximity to the existing ILH, the new hospital as well as the Health Science Center in New Orleans. The proposed lease space is located in the Health Sciences Center Foundation building located within LSU Medical Complex in New Orleans.

For these reasons, sufficient justification exists to enter into the lease without competitive bidding pursuant to the sole source provisions in LA R.S. 39:1597.

If you have questions, please let me know.

LSU Health Care Services Division

**RE: Proposal to Lease Space on the 3rd Floor to LSU Health Care Services Division**

Dear Mr. Jones:

On behalf of LSU Health Sciences Center Foundation ("Landlord"), I have been authorized to submit this proposal for your consideration.

1. **ADDRESS:** LSU Health Sciences Foundation Building, 2000 Tulane Avenue, New Orleans, Louisiana 70112
2. **LANDLORD:** LSU Health Sciences Center Foundation, a Louisiana non-profit corporation
3. **TENANT:** LSU Health Care Services Division
4. **PREMISES:** Approximately 7,288 RSF on the 3rd floor known as Suite 300, depicted in Exhibit A.
5. **USE:** General business office use for the conduct of Tenant's business, including conference and computer facilities, kitchen area and other legally permitted uses consistent with the character of a first class building.
6. **LEASE TERM:** Initial Lease term of one (1) year.
7. **LEASE COMMENCEMENT:** October 1, 2014.
8. **BASE RENTAL RATE:** \$19.00/RSF, Full Service.

9. **SECURITY DEPOSIT:** \$11,539.33
10. **PROPORTIONATE SHARE:** 32.71%
11. **OPTIONS TO RENEW:** Provided Tenant is in good standing and has met it's obligations during the primary lease term, Tenant shall have one (1) option to renew the term of the lease for a period of six (6) months on the same terms and conditions as set forth in the lease subject to an increase in base rent equal to the percentage increase in CPI over the original lease term; such option may only be exercised by Tenant if Tenant gives Landlord written notice, at least three (3) months prior to the expiration of the Lease.
12. **CONDITION OF LEASED PREMISES:** Tenant has inspected and accepts the Premises and the Common Areas "as-is, where-is," in their condition at the beginning of the term of the Lease.
13. **TENANT RESPONSIBILITIES:** Tenant shall maintain the non-structural portions of the Leased Premises in a good, orderly and safer condition and in good repair and condition, ordinary wear and tear excepted. Accordingly, Tenant shall be required to maintain the Leased Premises free of debris and in a professional office-like manner adhering to the Rules and Regulations set forth for all Tenants of the building. Furthermore, Tenant shall be responsible for any damages arising out of its use of the premises and be required to carry commercially available liability insurance acceptable to Landlord, but in no event, less than a combined single limits (per occurrence) policy of \$1,000,000. Tenant shall not have the right to assign or sublet all or any portion of its leasehold interest under the lease.
14. **SUBORDINATION OF LEASE:** Tenant shall be required to subordinate its leasehold interest to any existing and or future mortgage encumbering the Leased Premises, provided that Tenant shall be granted non-disturbance and peaceful enjoyment subject to any such subordination.
15. **BUILDING ACCESS:** Tenant shall have Building access seven (7) days per week, twenty-four (24) hours per day.
16. **BUILDING MAINTENANCE:** Landlord shall maintain the structural portions of the Building and the Common Area and provide heating ventilation and air conditioning and elevator service, water, electrical power, routine common area maintenance, janitorial cleaning five days a week (excluding holidays)

and other services customarily provided in comparable buildings in the area.

**17. HEATING, VENTILATION & AIR CONDITIONING:**

Landlord shall provide normal heating, ventilation and air-conditioning (HVAC) as required in the reasonable judgment of Landlord for Tenant's use and occupancy during normal business hours from 7:00 a.m. to 6:00 p.m. Monday through Friday and 7:00 a.m. to 1:00 p.m. on Saturday, normal holidays excluded.

Overtime HVAC is available at other times at rate of \$35/hour.

**18. TENANT INSURANCE:**

Tenant shall maintain at all times during the Term the following insurance policies:

(i) Comprehensive general public liability and property damage insurance coverage for personal liability and property damage, with a broad form endorsement that includes a contractual liability endorsement covering any agreement by Tenant to indemnify Landlord as set out in the Lease, with a minimum combined single limit for bodily injury and property damage of \$1,000,000 per person per occurrence.

(ii) Workers compensation insurance in accordance with the statutory requirements of the State of Louisiana and Employer's Liability with a limit of \$500,000

(iii) All risk property insurance and on all of Tenant's furniture, fixtures, equipment, and other personal property located in, upon or about the Leased Premises, or used in the conduct of Tenant's business in, upon or from the Leased Premises, covering all risks covered by an "all risk form" policy of fire and extended coverage insurance, with limits equal to the full replacement value thereof.

Each insurance policy required herein shall name Landlord, Landlord's management company, and Landlord's lender as an additional insured as its interests may appear, and shall be issued by a company that is acceptable to Landlord in its reasonable judgment, and its qualified to do business in the State of Louisiana, with general policyholder's rating of no less than "A" and a financial rating of XII or better, as listed in the most current available Best's Insurance Report. Tenant agrees to deliver to Landlord the original (or a copy certified by insurer) of each policy required hereunder before the term begins, and the original (or a copy certified by the insurer) of each renewal thereof no later than fifteen (15) calendar days before any such insurance policy shall expire. Each such policy or renewal thereof, as the case may be, shall be accompanied by a certificate of the insurer that such policy may not be cancelled except upon thirty (30) calendar days prior written notice to Landlord. The deductible amount on the insurance policies require above shall in no event exceed \$1,000.00, and Tenant shall be responsible for all the payment of all such deductible amounts.

Each policy of insurance maintained hereunder and each renewal or replacement thereof shall contain (i) a clause in a form acceptable to Landlord providing that each underwriter shall waive all of its rights to recovery, under legal or conventional subrogation or otherwise, against Landlord; (ii) a "breach of warranty" clause stating that the interest of Landlord, if any, including its officers,

employees, and agents will not be affected by the failure of tenant or any insurer to comply with any of the warranties expressed in the printed conditions of the policy; (iii) a clause providing that the Landlord shall not be liable to the insurance carrier for payment of any premiums for such insurance by reason of its being named an additional insured there under; and (iv) a clause providing that coverage is primary and in not excess or contributory with any other insurance or any self-insurance maintained by Tenant.

The submission of this proposal does not constitute an offer to lease. It is understood that this proposal does not constitute a binding commitment on the part of either party, it being understood that no such commitment shall exist in the absence of a formal written lease agreement executed by the authorized representative(s) of both Lessee and Lessor.

We respectfully request that you submit your response to this proposal by **Thursday, July 31, 2014**.

Thank you in advance for your response.

**REQUEST FROM THE LSU HEALTH CARE SERVICES DIVISION  
FOR APPROVAL TO LEASE GROUND SPACE (LOT) TO  
THE CAPITAL AREA TRANSIT SYSTEM (CATS) FOR A TRANSFER HUB**

**TO: Members of the Board of Supervisors**

**DATE: September 12, 2014**

Pursuant to Article VII, Section 8, D.2(a) of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

D.2(a) The assignment, lease, transfer, encumbrance or sale of land, mineral rights, rights-of-way, servitudes, or other immovable property owned or controlled by LSU...

**1. Summary of the Matter**

The LSU Health Care Services Division (LSU Health) requests approval by the Board of Supervisors lease the lot immediately west of the North Baton Rouge Clinic on Airline Highway in Baton Rouge Louisiana to the Capital Area Transit System (CATS).

Bob Mirabito, the Executive Director of CATS originally approached Our Lady of the Lake (OLOL) to lease the lot for this purpose. OLOL is currently leasing half the lot with the remainder of the lot still under possession of the LSU Health Care Services Division. OLOL has indicated that they are not interested in entering into a sublease with CATS but sees the benefit to their clients in having a transportation hub in close proximity to the clinic, which would result in reduced travel times for the population they serve. OLOL has indicated their willingness to give up their leased portion of the lot in order to allow LSU HCSD to negotiate directly with CATS for this Transportation Hub.

The property is a 2.412 acre lot currently undeveloped that was originally intended to be used for parking serving the LSU HCSD Administrative and Business office and the North Baton Rouge Clinic. However after operating the NBR Clinic for more than a year, it has been determined that additional parking is not needed. The current surface parking lot adequately meets the need of both the HCSD and the North Baton Rouge Clinic.

CATS has proposed to lease the site, which is currently unused, at an appraised rate of \$1,553 per month. Based on the benefits to the clients served by the clinic reducing ride times to the clinic as well as to Woman's Hospital, we feel that this is a good use for this property.

**2. Review of Business Plan**

LSUHCSD will lease to the Capital Area Transit System 2.412 acre lot immediately west of the LSU HCSD Administrative and Business Office and North Baton Rouge Clinic which will bring in much needed self-generated revenues to the LSU Health Care Services Division to help fund on-going operations and a rate of \$1,553 per month. This is the appraised fair market rate for the property. An appraisal is attached for your information.

**3. Fiscal Impact**

The revenue to LSUHCSD will be \$18,636 per year and will allow the LSU HCSD to avoid the cost of maintaining the property into the future.

#### 4. Description of Competitive Process

The lease is being requested as a sole source lease to CATS. We do not anticipate that there are other viable uses for the property that would bring in this type of revenue. We did not market the property and were approached directly by CATS to lease it to them in order to enhance services and reduce ride times to the clinic for the population served by the clinic. This will also reduce the ride times and transfers necessary for clients to reach Woman's Hospital.

Request for Approval to Lease Ground  
Space (Lot) to the Capital Area Transit System  
for a Transfer Hub

RECEIVED

PROPERTY & FACILITIES

Dear President Alexander

We are requesting approval from the Board of Supervisors to lease the lot immediately west of the North Baton Rouge / Urgent Care Clinic to the Capital Area Transit System (CATS).

Bob Mirabito, the CATS Executive Director originally approached Our Lady of the Lake (OLOL) to lease the lot for the development of a Transfer Hub. OLOL is currently leasing half the lot with the remainder of the lot still under possession of the LSU Health Care Services Division. OLOL has indicated that they were not interested in entering into a sublease with CATS but sees the benefit to their clients in having a transportation hub in close proximity to the clinic, which would result in reduced travel times for the population they serve. OLOL has indicated their willingness to give up their leased portion of the lot in order to allow LSU HCSD to negotiate directly with CATS for this Transportation Hub.

The lot is a currently undeveloped 2.412 acre lot that was originally intended to be used for parking serving the LSU HCSD Administrative and Business office and the North Baton Rouge Clinic / Urgent care Center. However after operating the NBR Clinic and Urgent Care Center for more than a year, it has been determined that additional parking is not needed.

CATS has proposed to lease the site, which is currently unused, at an appraised rate of \$1,553 per month. Based on the benefits to the clients served by the clinic reducing ride times to the clinic as well as to Woman’s Hospital, we feel that this is a good use for this property.

I certify that, to the best of my knowledge, I have provided all necessary documentation and that the information contained herein is complete, accurate and in compliance with Article VII, Section 8 of the Bylaws of the Board of Supervisors. I agree to cooperate in any issues related to this matter. Please let me know if any additional information is needed.

Sincerely

RE: The property under appraisal is a mostly rectangular shaped tract located along the northerly side of Airline Highway just east of it's intersection with N. Foster Drive in Baton Rouge, Louisiana. The vacant parcel of land is approximately 2.414 acres and is more specifically described as being the South 2.414 acres of Tract G, Addition to Suburb Loudon which is located in Section 39, Township 6 South, Range 1 East, East Baton Rouge Parish, Louisiana.

Dear Mr. Barr:

As requested, the subject property has been inspected and an appraisal has been made of the property located at the above captioned location. The purpose of this appraisal is to estimate the market value of the "fee simple interest" in the subject property, as vacant, as of, March 18, 2014, to derive at the monthly ground lease rate of the property.

The intended use of this appraisal is to derive at the current ground lease rate of the property for the lessee/client. We have not been engaged to make specific recommendations.

This appraisal report has been prepared in conformance with the Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation and with regulations adopted by the Department of the Treasury Office of the Comptroller of the Currency, required under Title XI of the Financial Institution Reform, Recover and Enforcement Act of 1989 (FIRREA). This report has also been prepared to conform to federal lending requirements.

The accompanying report, of which this letter is a part, describes the site, improvements and methods of appraisal, as well as pertinent data considered in reaching our value conclusions. The opinions are to be used solely for the purposed stated above and are subject to the accompanying definitions of market value and statement of general assumptions and limiting conditions.

March 24, 2014

Page -2-

*Market Value*<sup>1</sup> can be defined as *the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus.*

*Implicit in this definition is the consummation of a sale, as of a specific date, and the passing of title from seller and buyer under conditions whereby:*

- 1. Buyer and seller are typically motivated;*
- 2. Both parties are well informed or well advised, and each acting in what considers his own best interest;*
- 3. A reasonable time is allowed for exposure in the open market;*
- 4. Payment is made in terms of cash in U. S. dollars, or in terms of financial arrangements comparable thereto; and,*
- 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.*

To estimate the market value of the subject property, I have used the Sales Comparison Approach. Appropriate discussions of pertinent items follow.

Based upon our analysis, the market value of the "fee simple interest" in the subject property, as vacant, as of, March 18, 2014, to derive at the *monthly* ground lease rate of the property, is as follows:

<p style="text-align: center;"><b>ONE THOUSAND FIVE HUNDRED FIFTY THREE DOLLARS</b> <b>(\$ 1,553.)</b></p>

The undersigned appraiser states that their employment was not conditional upon their producing a minimal valuation, a specific value or the approval of a loan. Future employment is not dependent upon producing specified values, or is payment of the fee based on whether a loan application is approved or disapproved. Further, they state that either and/or both have personally inspected the property.

Our descriptions, conclusions, assumptions, limiting conditions and certifications are presented in the following pages. Additional supporting data for the conclusions is located in our files.

It has been a pleasure to serve you in this matter.

## **APPRAISAL ASSIGNMENT**

### **Identification of the Property**

The property under appraisement is a mostly rectangular shaped tract located along the northerly side of Airline Highway just east of it's intersection with N. Foster Drive in Baton Rouge, Louisiana. The vacant parcel of land is approximately 2.414 acres and is more specifically described as being the South 2.414 acres of Tract G of the Addition to Suburb Loudon which is located in Section 39, Township 6 South, Range 1 East, East Baton Rouge Parish, Louisiana.

A Legal Description of the site and survey are included in this report and are assumed to accurately depict the size and shape of the subject site.

### **Purpose and Date of the Appraisal**

The purpose of this appraisal is to estimate the Market Value of the Subject Property, as vacant, as of, March 18, 2014, to derive at the monthly ground lease rate of the property.

The date of the preparation of the report is March 18, 2014.

### **Function of the Appraisal**

The function of the appraisal is to provide the client, Capital Area Transit System, with sufficient information regarding the current monthly ground lease rate of the property for their proposed transit hub to be located on the site. We have not been engaged to make specific recommendations. The intended use of this appraisal is for the client only.

---

## **Problem and Scope of the Appraisal**

The appraisal problem involves estimating the monthly market ground lease rate of the subject property as previously described. The site consists of approximately 2.414 acres or approximately 105,158 square feet is a mostly rectangular and partly wooded parcel which is described as being the South 2.414 acres of Tract G which is located in Section 39, Township 6 South, Range 1 East, East Baton Rouge Parish, Louisiana. The appraisal will estimate the monthly market ground lease rate of the subject site, as is, as of, March 18, 2014.

Standards Rule 1-2(f) requires the appraiser to identify the scope of work necessary to complete the appraisal assignment. The scope of work completed for this appraisal assignment is intended to meet or exceed the expectations of the typical appraisal consumer. The scope of work completed for this appraisal assignment is also intended to be consistent with those actions completed by similarly qualified peers performing the same or a similar appraisal assignment in compliance with USPAP.

---

The initial step was to inspect the subject property and the surrounding area. After analyzing the market area, research was conducted relevant to the valuation process, including:

- We have reviewed and considered the regional and local influences and their affect on the subject development.
- We have reviewed and analyzed sales of comparable properties in the subject's immediate and general market area.
- We have made a determination of the property's highest and best use.
- We have conducted market research of competing land sales both listed and closed.
- We have identified a reasonable marketing period at the concluded market value estimate.
- No extraordinary assumptions were made for this appraisal assignment.
- No hypothetical conditions were employed for this appraisal assignment.

An **extraordinary assumption**<sup>1</sup> is defined as:

"An assumption, directly related to a specific assignment, which, if found to be false, could alter the appraiser's opinions or conclusions. Extraordinary assumptions presume as fact otherwise uncertain information about physical, legal, or economic characteristics of the subject property; or about conditions external to the property such as market conditions or trends, or about the integrity of data used in an analysis. "

<sup>1</sup> *Uniform Standards of Professional Practice, 2003 Edition (The Appraisal Foundation, 2003)*

---

An extraordinary assumption may be used in an assignment only if:

- It is required to properly develop credible opinions and conclusions;
- The appraiser has a reasonable basis for the extraordinary assumption;
- Use of the extraordinary assumption results in a credible analysis; and
- The appraiser complies with the disclosure requirements set forth in USPAP for extraordinary assumptions.

USPAP has a Competency Rule that states the following:

Prior to accepting an assignment or entering into an agreement to perform any assignment, an appraiser must properly identify the problem to be addressed and have knowledge and experience to complete the assignment competently; or alternatively, must:

- Disclose the lack of knowledge and/or experience to the client before accepting the assignment;
- Take all steps necessary or appropriate to complete the assignment competently; and
- Describe the lack of knowledge and/or experience and the steps taken to complete the assignment competently in the report.

I, Ricky M. Juban, disclose that I have completed numerous appraisals on similar type properties prior to completing this appraisal assignment.

---

A **hypothetical**<sup>1</sup> is defined as:

“That which is contrary to what exists but is supposed for the purpose of the analysis. Hypothetical conditions assume conditions contrary to known facts about physical, legal, or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis ”

<sup>1</sup> *Uniform Standards of Professional Practice, 2003 Edition (The Appraisal Foundation, 2003)*

This is an appraisal report presented in a self contained, narrative appraisal report format. The report has been developed in accordance with the Uniform Standards of Professional Appraisal Practice, 2014-2015 Edition, Definitions Section. The definition of an appraisal report and a restricted appraisal report are noted as follows:

**Appraisal Report:** *A written report prepared under Standards Rule 2-2 (a) for a written appraisal report performed under Standard 1.*

**Restricted Appraisal:** *written report prepared under Standards Rule 2-2 (b) for a written restricted appraisal report performed under Standard 1.*

In order to estimate the market value of the subject property, three traditional approaches to value are considered: The Sales Comparison Approach, the Cost Approach and the Income Approach.

---

**The Sale Comparison Approach** is used for estimating the value of the whole property (land and improvements) as well as site value As If Vacant. Sales of improved or vacant properties are analyzed and compared to the subject with adjustments applied to the sales for items of dissimilarities.

**The Cost Approach** is based on the principle of substitution: A potential purchaser would pay no more for a property than the cost of acquiring a similar property on the open market. This principle is applied in the Cost Approach through the assumption that a purchaser would pay no more for an existing property than the cost of building a new property of equal utility. Replacement Cost is estimated to build the improvements less accrued depreciation. Site value is then added to the depreciated improvement cost for an indicated value.

**The Income Approach** is based on the premise that value is created by the expectation of future benefits. The net annual income is projected and processed into an indicated value criteria through a capitalization of current income or discounting of a future income stream.

As previously mention, the subject property is vacant property and since it was first necessary to derive at the market value of the vacant subject parcel the Sales Comparison Approach as been applied as the approach to value.

---

In the course of our investigations, we have consulted city and county (parish) offices for information regarding zoning, tax rates, assessment practices, and growth trends; examined the market area, and inspected the subject property to evaluate it's condition, functionality and market appeal. We also consulted local real estate offices and/or services for comparable sales and offerings and discussed historical and anticipated market trends with local and national market participants. Finally, we collated the resulting information and applied it in the valuation process.

---

## **Property Rights Appraised**

Since the property is appraised in fee simple interest basis, we have assumed that all property rights that can be owned are included in our estimate of value. The property rights included are described as follows:

Rights in Real Estate	Land, site improvements & building improvements;
Rights in Tangible Personal Property	Furniture, fixtures and equipment;
Rights in Intangible Property	Goodwill, etc.

Any separate indications are developed as an allocation of total value are not meant to reflect the intrinsic value of each component if sold on a liquidation basis. They should be interpreted as the approximate value to overall property value.

---

## **Market Value Definition**

Market Value has been defined in the Uniform Standards of Professional Appraisal Practice, copyright 1990 by the Appraisal Foundation as:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is consummation of a sale as of a specified date and passing of title from seller to buyer under conditions whereby:

- 1.) Buyer and seller are typically motivated;
- 2.) Both parties are well informed or well advised, and each is acting in what he considers his own best interest;
- 3.) A reasonable time is allowed for exposure in the open market;
- 4.) Payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and
- 5.) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

---

## **Fee Simple Definition**

The property right appraised is the Fee Simple interest of the subject property. Fee Simple has been defined in the 3rd edition of The Dictionary Appraisal of Real Estate Appraisal, published by the American Institute of Real Estate Appraisers, as:

**"absolute ownership unencumbered by any other interest or estate; subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."**

## **Ground Lease Definition**

Ground Lease has been defined in the 3rd edition of The Dictionary Appraisal of Real Estate Appraisal, published by the American Institute of Real Estate Appraisers, as:

**"A lease in which the landlord receives stipulated rent and is obligated to pay all or most of the property's operating expenses and real estate taxes."**

## **Exposure Time**

Under Paragraph 3 of the Definition of Market Value, the value opinion presumes that "A reasonable time is allowed for exposure in the open market." Exposure time is defined as the length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at the market value on the effective date of the appraisal. Exposure time is presumed to precede the effective date of the appraisal.

---

The reasonable exposure period is a function of price, time and use. It is not an isolated opinion of time alone. Exposure time is different for various types of real estate and under various market conditions. As noted above, exposure time is always presumed to precede the effective date of the appraisal. It is the length of time the property would have been offered prior to a hypothetical market value sale on the effective date of the appraisal. It is a retrospective opinion based on an analysis of recent past events, assuming a competitive and open market. It assumes not only adequate, sufficient and reasonable time but adequate, sufficient and a reasonable marketing effort. Exposure time and conclusion of value are therefore interrelated.

Based on our review of national investor surveys, discussions with market participants and information gathered during the sales verification process, a reasonable exposure time for the subject property at the value concluded within this report would be approximately twelve (12) months. This assumes an active and professional marketing plan would have been employed by the owner.

### **Marketing Time**

Marketing time is an opinion of the time that might be required to sell a real property interest at the appraised value. Marketing time is presumed to start on the effective date of the appraisal and take place subsequent to the effective date of the appraisal. The opinion of marketing time uses some of the same data analyzed in the process of estimating reasonable exposure time and is not intended to be a prediction of a date of sale.

We believe, based on the assumptions employed in our analysis, as well as our selection of investment parameters for the subject, that our value conclusion represents a price achievable within twelve (12) months.

## **East Baton Rouge Parish and the city of Baton Rouge**

Baton Rouge is a community where life provides pleasure, opportunity and growth to its residents in lifestyle and in business- a community that seeks new opportunities through innovative thinking and new relationships. This is a city where some of the world's most advanced industrial facilities site side by side with antebellum mansions. Cutting-edge technology has chiseled a firm foothold in this thriving industrial and agricultural center that still retains the charm and romance of the Old South.

### **History of Baton Rouge**

Baton Rouge's earliest inhabitants were Native American tribes, possibly dating back as far as 8,000 B.C. A pair of grassy burial mounds located on the campus of Louisiana State University serves as a reminder of these cultures. Hernando de Soto, a Spaniard searching for gold in the 1500's, was one of the first European explorers to enter the region. A century passed before the French fur trader Rene-Robert Cavalier (Sieur de La Salle) rediscovered the area in 1682, claiming it for France and naming it Louisiana in honor of King Louis XIV.

The area's first permanent European settlement was founded in 1699 when French-Canadian explorer Pierre Le Moyne (Sieur d'Iberville) organized the first colony here. Legend has it that Iberville and his explorers discovered a tall, bloodstained cypress tree on the riverbank that marked the hunting territory of two Native American tribes. As a result, they later christened the area Baton Rouge, or "Red Stick." The actual site of this "Baton Rouge" or "istrouma," in Native American dialect) is located at what today is the campus of Southern University.

---

The French erected a fort here in 1718 and sent colonists to the area who brought with them their language, religion and traditions. In 1762, France secretly gave most of the Louisiana Territory to Spain as a war concession, only to demand it back in 1800.

During this same period, many Americans were trying to convince the fledgling U.S. government that controlled the mouth of the Mississippi River was critical to the new nation's growth and trade. President Thomas Jefferson agreed, and with the Louisiana Purchase in 1803, the United States acquired from France all lands west of the Mississippi for roughly \$15 million. In 1812, Louisiana was admitted to the Union as the 18<sup>th</sup> state. Five years later, Baton Rouge, the second largest town in Louisiana (4,000 residents), obtained its city charter. It became Louisiana's capital in 1849.

As it did to much of the South, the Civil War devastated Baton Rouge. After the war, however, the city recovered much of its economic strength by taking advantage of its premier location on the Mississippi River.

Steamboat and railroad traffic helped the city flourish in the early 1900's, and under the leadership of flamboyant Governor Huey P. Long, new roads, bridges, and a stunning state capital were constructed.

World War II and the following years brought an industrial boom to the city as petrochemical industries, aluminum companies and shipbuilders began major operations along River Road.

Today, Baton Rouge is a dynamic community, enriched by centuries of multicultural influence. Baton Rouge visitors and residents reap the benefits of the dramatic history, colorful heritage, premier location and vigorous spirit that have made it a special part of our nation's history.

## **STATE GOVERNMENT**

Both state and local governments reside in Baton Rouge. Together they employ more than 75,000 employees. This makes the state and local government the largest employer in the area. In 1986, the state government was hit with the same economic slow down as the oil and gas industry. At one time, the state budget deficit was projected to be as high as one billion dollars. The state government responded to this deficit by borrowing hundreds of millions of dollars in short term loans, restructuring state governmental offices reducing personnel staffs.

Standard and Poor raised Louisiana's bond rating to covering three billion dollars of debt to an "A" rating. This is a substantial improvement over the previous BBB+ rating.

State and local government recently teamed up with several financial institutions to help rebuild businesses impacted by hurricanes Katrina and Rita. The Governor has committed \$332.5 million in federal hurricane recovery (Community Development Block Grant) funds to economic recovery.

---

## **CITY PARISH GOVERNMENT**

Baton Rouge has been governed by a City-Parish type of government, since 1949, the first of its kind in the United States. It is a consolidation of the Parish (County) and city governing bodies in to one organization eliminating duplication of governmental services, increasing efficiency and reducing cost. The taxpayers pay the salary of one Mayor-President instead of two. Likewise, for the city and Parish, there is a single purchasing agent, treasurer, director of finance, clerk, attorney, personnel administrator, and public works director. The staffs of these offices handle the business of both City and Parish. Of the three branches of government: executive, legislative bodies, one for the Parish and one for the City. Thus, all twelve councilmen get together to legislate for the business of the Parish, while the city council- men (seven of the aforementioned) act in city matters.

City taxes are 8.67 mills, East Baton Rouge Parish Schools 43.45 mills, parish taxes are 50.07 mills, and CS1 taxes average 0.33 mills. Levies for special purposes occur in some portions of the City and Parish. These basic figures include parish, school, recreation and city taxes. The Assessor has recently completed a re-appraisal of all property values. The assessed values were raised, the taxing authorities appear to maintain the same level of taxes. This lowered the millage rate. New industries, or additions to existing industries, are granted 10 year tax exemption on ad valorem taxes by state law. State sales taxes total 4% and East Baton Rouge Parish sales tax is 5 %.

## **EDUCATION**

Louisiana State University, Southern University, and Baton Rouge Community College offer a base of institutions to generate a highly talented workforce. More than 83% of residents age 25 and over are high school graduates. About 14% hold bachelor's degrees or higher. Another 23% have some college credit. Educational facilities in the Parish total over 141 schools, including 33 parochial schools, accommodating 75,000 students from Kinder garden to the 12<sup>th</sup> grade. Louisiana State University is the largest and oldest center for higher education in the State, which has over 34,000 students. Southern University's enrollment is over 9,000. In addition, the City has four business colleges, two state schools (blind and deaf), two trade schools. LSU is located on a 300 acre campus with a \$200 million plus plant; and Southern University has a physical plant of approximately \$50 million.

## **CULTURAL**

Numerous concerts, industrial and trade commercial shows, drama productions and other events are presented during the year at the Louisiana State University Union Building, LSU Assembly Center and the Baton Rouge Rivercenter. The Old Governor Mansion has been converted into the Louisiana Arts and Science Center which feature exhibits and workshops along with one of the largest planetariums in the world.

The Baton Rouge Little Theater is the largest Little Theater in the nation in relation to membership to populations and produces a schedule of five plays each season. The Louisiana Art Commission has its galleries in the historic Old State Capital (built in 1847). Baton Rouge, Louisiana's state capital, is host to many cultural diversions such as the Baton Rouge Symphony. Baton Rouge is the home of the LSU football team, which attracts an average of over 90,000 spectators watch its home games in Tiger Stadium. Recently added to Tiger Stadium is the Stadium Club.

---

## **RECREATION**

Baton Rouge's public recreational facilities cover over 3,381 acres and include 37 recreational centers, 3 stadiums, 9 lakes with 90 acres of fishing area, 5 public courses, 127 parks, 114 playgrounds, 5 swimming pools, 83 tennis courts, 17 soccer fields, 134 softball fields and a zoo. Excellent boating, hunting and fishing areas are within a short distance from Country club developments and historic cottages provide a variety of choices for enjoyment, as well as provide a comfortable, safe environment for families. Activities tailor made for children await the little ones discovery in Baton Rouge's family-friendly town. From seasonal festivals and parades to kid friendly Venus like Brec's Baton Rouge Zoo, Blue Bayou Water Park and Dixie Landin' Amusement Park.

Parks in East Baton Rouge Parish include Hooper Park, Howard Park, Jackson Park, Manchac Parish park, Mayfair Park, Samuel D'Agostino Park, Airline Highway Park, Parish Park, Alsen Park and the Baton Rouge Zoo.

## **HOSPITALS**

East Baton Rouge Parish is served by six (6) hospitals contain approximately 2,022 beds. Earl K. Long is the Charity Hospital in Baton Rouge and has 135 beds.

Our Lady of the Lake Regional Medical Center is the largest private medical center in Louisiana, with 763 licensed beds. OLOL has 900 physicians and 3,000 staff members. The Woman's Hospital has 225 beds.

Baton Rouge General Hospital is a 448 bed community with two locations. The Baton Rouge General was named Louisiana's Hospital of the Year for nurse excellence by the Louisiana's State Nurses Association.

Between Ochsner Health System and Ardent Health Services, Summit Hospital has been renamed Ochsner Medical Center - Baton Rouge. Ochsner Medical Center - Baton Rouge Has more than 200 beds all private rooms. In addition, the hospital has access to more than 200 physicians.

Founded in 1968, The Woman's Hospital is the one of the largest women's facilities in the United States. The Hospital has 225 beds and over 8,100 babies are born there annually.

## **EAST BATON ROUGE PARISH SCHOOL SYSTEM**

East Baton Rouge is the second largest district in the state and among the top 65 nationally in student enrollment. The EBR is composed of 92 schools and 2 Pre-K Centers with an enrollment of approximately 45,000+ students in Pre-Kindergarten through the 12<sup>th</sup> grade.

## **TRANSPORTATION & WATERWAYS/PORTS**

Baton Rouge is the farthest inland deep water port on the Mississippi River to which ocean going ships can travel. Docks and terminals serve both deep water and river transportation. Baton Rouge ranks as the second largest port in Louisiana and fourth in the nation. The Mississippi River is linked to the Intra coastal Waterway which is a deep water channel that accesses the south Louisiana area. Water transportation is the leading influence on industrial development along the Mississippi River from Baton Rouge to the Gulf of Mexico.

Prior to the 1920's docking facilities in Baton Rouge consisted of wooden wharfs along the Mississippi River's edge. In the early 1920's the need became apparent for a public docking facility to handle cargo for smaller shippers and port users. By 1926, the Baton Rouge Municipal Dock was completed on the east bank of the Mississippi adjacent to the present I-10 Bridge. The Great Baton Rouge Port Commission was established in 1952 by an act of the Louisiana Legislature to regulate commerce and traffic along the river and to construct and operate public port facilities, and by 1954 construction began on the General Cargo Dock No. 1, the grain Elevator and the Grain Dock, all located on the west bank of the Mississippi River. Additional facilities followed through the years. Today the port is ranked seventh in the nation in total tonnage.

### **Location**

The Port of Greater Baton Rouge is strategically located at the convergence of the Mississippi River and the Gulf Intracoastal Waterway. The Main offices are located in the town of Port Allen, Louisiana.

New Orleans International (Moisant Field), is Louisiana's only international airport. It is serviced by 17 commercial airlines providing direct passenger service domestically and single-carrier service internationally to destinations around the globe.

## **Highways**

The East Baton Rouge Parish area is heavily influenced by the proximity of Interstate 10 and Interstate 12. The latest traffic count data available indicated a daily traffic count for Interstate 10 near the downtown/ LSU area of over 120,000 vehicles, and at the split with Interstate 12, approximately 93,254 vehicles. Interstate 110 provides access from I-10 to the downtown area, the airport and to US Highway 61. (Source: Louisiana Department of Transportation and Development, 1998).

\*Three railroad truck lines (Illinois Central System, Louisiana and Arkansas-Kansas City Southern Lines and Missouri Pacific Lines) serve Baton Rouge. The Texas and Pacific Lines, located on the west side of the river, provides Baton Rouge with an additional railway outlet.

## **Bus Transportation**

Greyhound Bus Line and Capital Area Transit System serve Baton Rouge and furnishes service to all sections to all sections of the United States through various connections.

---

## **Interstate Transportation**

Two interstate systems, I-12 and I-10 intersect in south central Baton Rouge. These interstate highways are the two major east/west arteries servicing south Louisiana and the Greater Baton Rouge area. Interstate Highway 12 has been widened from four to six lanes from College Drive to Agnail Lane to reduce congestion during rush hours. Two bridges span the Mississippi River at Baton Rouge and is further served by U.S. Highways 61, 65, and 190 leading to New Orleans to the southeast and other major cities around the Baton Rouge area.

## **UTILITIES**

### **Natural Gas**

Natural gas is the major fuel for all purposes in the Greater Baton Rouge area. The recent decline in the oil and industry has hampered the recovery of the state's oil and gas. Even though the Tuscaloosa Sand promises to produce many hundreds of millions of cubic feet of natural gas, the gas is committed by Federal Edict to users primarily outside the state of Louisiana. Both residential and commercial use customers have increased in the last 15 years. The company plans to maintain a two-rig program in the Trend for the next ten years. Today, several big-name field, such as Judge Digby, Port Hudson, Morganza and others, continue to kick out impressive amounts of hydrocarbons. Several Oil & Gas companies are teaming up and signed a letter of intent (LOI) to participate in a well to be drilled to test sands at depths of 10,000 -11,000 feet in a field of 4,500 acres prospect in St. Landry Parish. Still the Tuscaloosa has captured the company's attention as well. British Petroleum (BP) assumed the mantle of lead operating the play via it's purchases of Amco, and its current inventory includes 46 producing wells in six fields in the vicinity of Baton Rouge.

---

## **Electric**

An adequate supply of electrical power is available for all industrial commercial and residential consumers in the Baton Rouge area from its two power plants, totaling 1,344,000 KW capacity. The Gulf States System capability is in excess of three million KW. Dixie Electric, a Co-op electrical utility company, also generates additional power for use in the outer fringes of the Baton Rouge area.

Both utilities have been expanding and updating their power plants to service lines. Gulf States Utilities has completed a nuclear power plant located 30 miles north of Baton Rouge, known as Riverbend. It began operating in late 1986. Big Cajun, a joint venture of a number of electrical co-ops together with Gulf States Utilities, has built a large coal fire generating plant 30 miles northwest of Baton Rouge.

## **Water**

Baton Rouge water is among the softest in the nation which tests zero hardness and is absolutely pure and requires no treatment. The entire supply is obtained from deep wells.

## **Telephone Service**

South Central Bell provides telephone service to East Baton Rouge Parish and is comparable with others in the U.S.A.

---

## **CLIMATE**

The Baton Rouge area climate is moderate. According to the National Weather Service, Baton Rouge has an average minimum temperature of 57 degrees and an average maximum temperature of 78 degrees. It rarely freezes during winter months. However, the temperature can rise to 95-98 degrees during August and September. The average rainfall is 54 inches per year. These factors make the conditions favorable for farming 12 months of the year. The most common crops include; sugarcane soybeans, cotton and rice. The sandy loam soil found in the region is excellent for crop production.

## **ECONOMIC FACTORS**

The current unemployment rate for Baton Rouge is 8.0%. This is down from five years ago when the rate was 4.1%. During the 1986-87 period it was not unusual to see unemployment figures over 10% for the City.

The most recent released population statistics (2006) indicate East Baton Rouge Parish has a population post hurricane Katrina and Rita estimate of 511,000. The 2005 census revealed a population of 411,000.

This is an increase of a possible 90,000 new residents in the area. In 1990, the statistics show a population of 380,000. This is an increase of 31,000 (pre-Katrina) and estimated 121,000 (post-Katrina) in a 15 year span.

The Go Zone Act establishes tax incentives and bond provisions to encourage the rebuilding of local and regional economies devastated by Hurricanes Katrina and Rita. There are provisions geared toward both existing businesses that are new to the Go Zone area.

---

East Baton Rouge Parish and the city of Baton Rouge are located in the southeastern portion of the state of Louisiana. It is considered to be the hub for the Baton Rouge MSA (Metropolitan Statistical Area), which includes the parishes of East Baton Rouge, Ascension, Livingston and West Baton Rouge. This MSA area is further influenced by areas encompassing the parishes of Pointe Coupee, Iberville, West Feliciana, East Feliciana and St Helena, which are considered to be commuter areas for Baton Rouge MSA.

East Baton Rouge Parish encompasses a total land area of approximately 471 square miles with a population density of 843 persons per square mile. The Baton Rouge MSA, containing four parishes, encompassing a total land area of 1,586.60 square miles and a population density of approximately 380 persons per square mile.

### **Workforce/ Availability of Labor**

Louisiana is a right-to-work state. Its right-to-work law stipulates that individuals may not be denied the right to work because of membership or nonmembership in labor unions. Louisiana is below the national average and ranks 23<sup>rd</sup> among the 50 states in percentage of union membership. 14.1 percent of Louisiana's nonagricultural work force is unionized as compared to a national average of 18.2 percent. Louisiana's low ranking and low percentage of unionized workforce is significant because many of Louisiana's major industries are very capital-intensive.

---

## **Economic Profile**

The Baton Rouge LMA lies 200 miles north of the Gulf of Mexico along both sides of the Mississippi River. Strategically located at the interchange of the Gulf Intracoastal Waterway and the head of deep-water navigation on the Mississippi River, The Port of Greater Baton Rouge encompasses the 67 miles of river that marks the dividing line between deep water and shallow draft navigation in the Mississippi Valley. The port, fifth largest in the nation, provides excellent accessibility to ocean trade routes to and from Latin America, Europe and the Far East, as well as the heartland of America. As a result of the many national as well as foreign ports, considerable industrial development, including one of the heaviest concentrations of petrochemical industrial development, has occurred along the River between Baton Rouge and New Orleans.

## **Area Value Influences**

The forces that influence value can be segregated into four categories. Environmental consideration consists of man made or natural features that affect the operating environment of the property appraised. Social considerations relate to the quality of education, culture, population density, recreational facilities and amenities. These factors are commonly equated to a measure of the quality of life to a particular location. Governmental influences with regards to the honesty, responsibility of government and its overall cost have considerable influence on the business environment. The operating efficiency and responsiveness to business and industry needs strongly influence the quality of economic growth. The economic factors are a measure of the quality of mix between all the remaining forces. Without a good mesh between the environmental, social and governmental forces the economic base cannot develop to its potential.

## NEIGHBORHOOD DATA

The subject site is located along the northerly side of Airline Highway just east of it's intersection with N. Foster Drive in Baton Rouge, Louisiana. The vacant parcel of land is approximately 2.414 acres and is more specifically described as being the South 2.414 acres of Tract G of the Addition to Suburb Loudon which is located in Section 39, Township 6 South, Range 1 East, East Baton Rouge Parish, Louisiana.

The subject neighborhood, as indicated on the Neighborhood Map included on the following pages, may be generally delineated by the following area boundaries:

Hooper Road to the north;  
I-110 to the west;  
Prescott Road to the south; and  
Silverleaf Avenue to the east.

Access to the subject neighborhood is considered good from all areas of East Baton Rouge Parish as well as neighboring parishes. Serving the neighborhood in a north/west direction are Plank Road, Silverleaf Avenue, I-110 and N. Foster Drive with Airline Highway; the subject's frontage road, Hooper Road and Prescott Road serving the neighborhood in an east/west direction. In addition to these thoroughfares, there are several other primary and secondary roadways which provide adequate access through the neighborhood.

Development in the immediate subject area is oriented towards commercial and residential land uses reflecting average levels of maintenance and physical appearance.

---

The neighborhood possesses an average compliment of public, educational, and recreational facilities. Accessibility to public transportation, medical facilities, neighborhood shopping centers, areas of major employment, and other supportive services are opined to be average to good.

In summary, the subject neighborhood is considered to be developed with mostly commercial land uses along major roadways and residential uses along secondary roadways.

## DESCRIPTION OF THE SITE

### **Size and Shape**

The site is a mostly rectangular shaped tract that contains approximately 2.414 acres and appears to possess adequate shape and size for the proposed Capital Area Transport System transit hub.

### **Topography and Drainage**

The site appears to possess a generally level and partly wooded topography. Drainage is considered adequate and flow off the property in several directions.

### **Soil Condition**

We have not been furnished a report indicating the capacity of the subsoil, and we assume no responsibility for hidden, unapparent or abnormal conditions which would render the land more or less valuable. Nor do we assume any responsibility for adverse soil conditions or for engineering which may be required to discover them.

---

---

### **Flood Hazard Statement**

According to the National Flood Insurance Program Maps Panel 22033C0170E, dated May 2, 2008, the subject property appears to be located in Zone X, not being designated as an area of 100-year (minimal), flooding. The subject property does not appear to be located in a flood hazard area.

This opinion is based on our review of the location map included in this report and available Flood Hazard Maps.

Therefore, based on the best available information and our interpretation of the aforementioned flood maps and review of the location map, we assume that the site is not located within a flood hazard area. However, the appraiser is not qualified or trained to make engineering type determination regarding these type matters. Therefore, any person or persons contemplating purchase or financing of the subject property is/are advised to seek knowledgeable professional guidance in this regard.

**Hazardous Material Statement**

Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property, was not observed by the appraiser. The appraiser has no knowledge of the existence of such materials on or in the property. The appraiser, however, is not qualified to detect such substances. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.

**Wetlands**

A preliminary research of data did not reveal any supportive documentation that the subject site as described in the preface of this report, is situated in a designated " Federal Wetland " area. The reader is alerted that we are not a qualified expert in this field and the final determination would be subject to verification from a qualified expert with the Corp of Engineers.

This is not a mandatory request and would be performed at the readers discretion. We are hereby held harmless in the event that any of the subject site would be determined as being situated in a designated " Federal Wetland " area in the near future.

The reader is alerted that portions of East Baton Rouge Parish have been classified as being within the Coastal Zone Management Area of the Wetlands by the Corp of Engineers.

### **Streets and Access**

Airline Highway; a.k.a. U S. Highway 61, is a four lane asphalt paved primary roadway having a divided median and asphalt shoulders. The roadway is considered to be in average condition and is publically maintained. The subject's road frontage is considered to be average to good.

### **Easements**

According to our visual inspection there appears to be no adverse easements and/or encroachments which would encumber the site.

### **Utilities and Services**

All public utilities are available to the site. Police, fire and ambulance service are also available to the site.

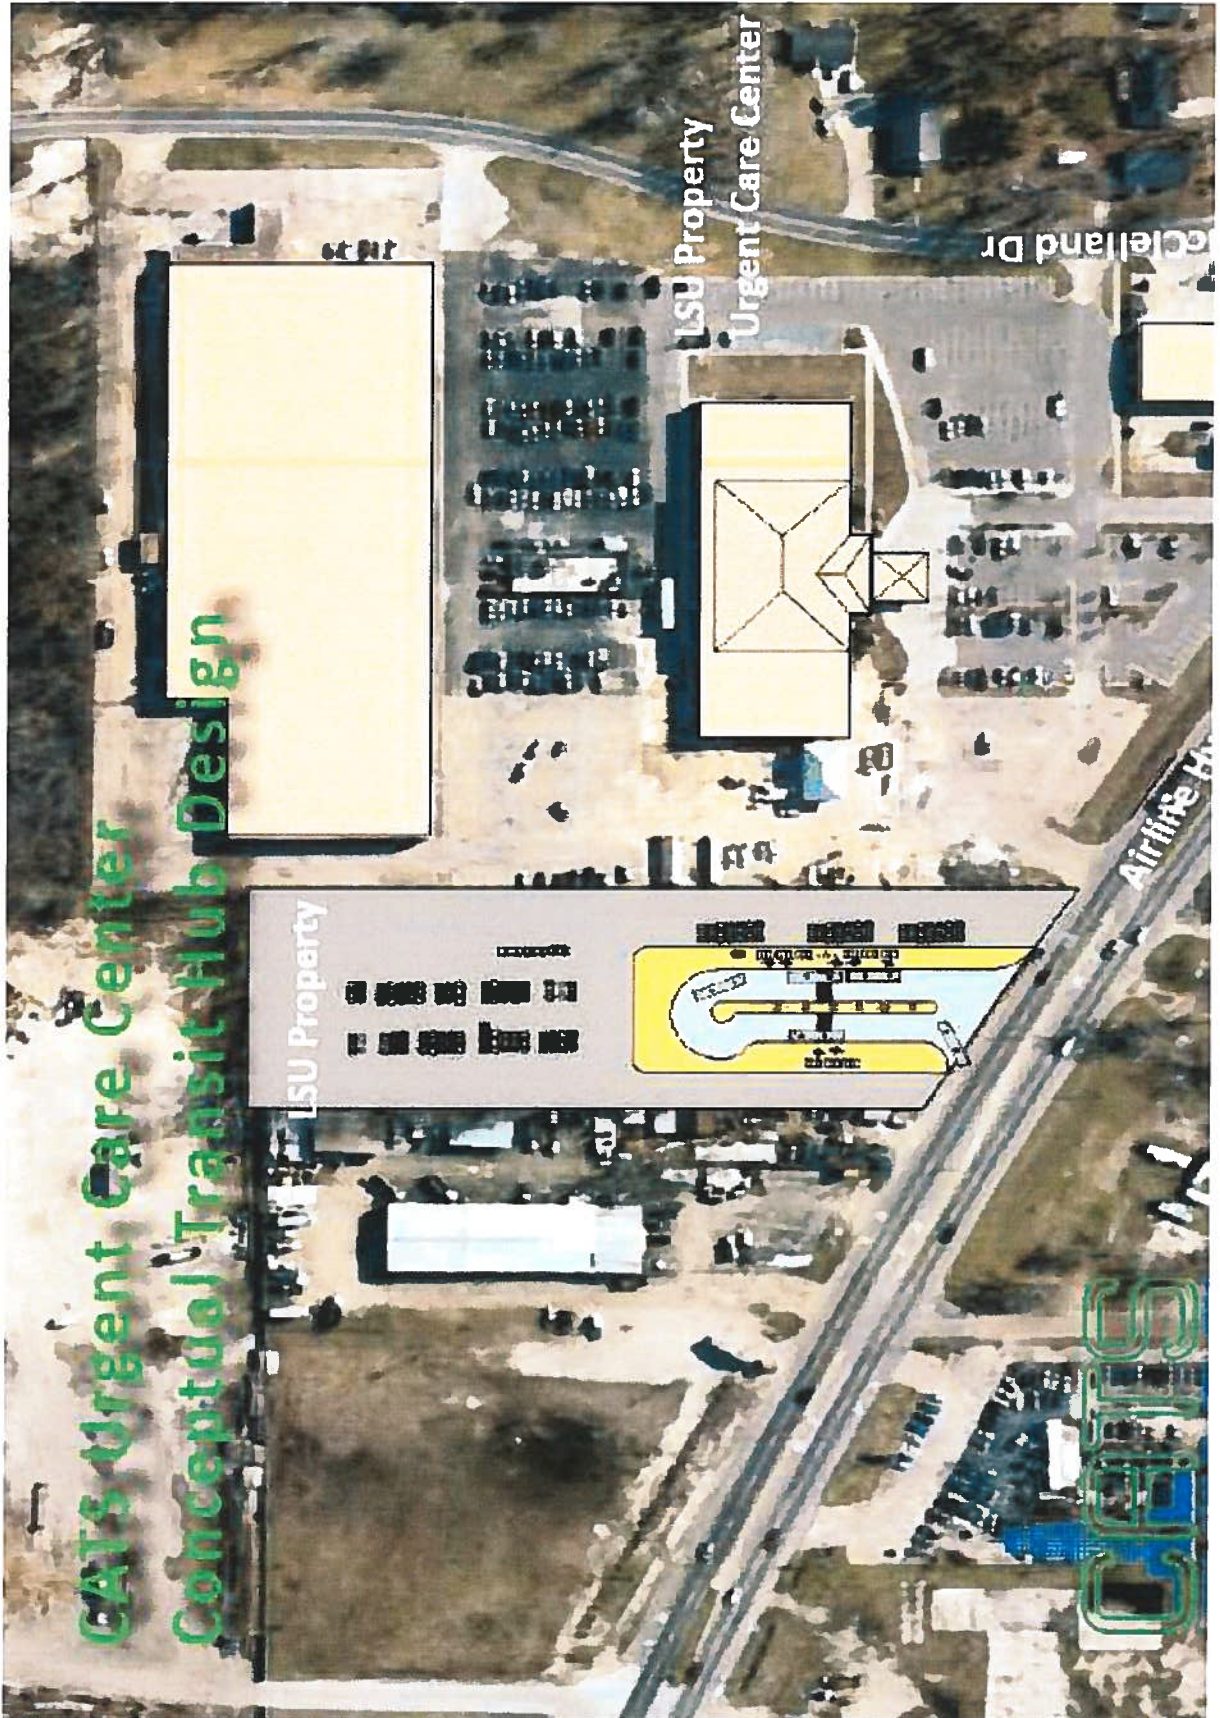

### **Conclusions as to Site Features**

The property under appraisal is considered to possess average to good overall physical utility for future development. This opinion is based upon it's average shape, average to good accessibility, average to good exposure, average to good frontage, and average to good topography. Further, it is our opinion that the current zoning reflects a good utilization of the site's physical characteristics.

---

## **Zoning**

The property is subject to the use control of East Baton Rouge Parish and currently is zoned C-2, Heavy Commercial District. This zoning classification allows for development of future improvements having this existing zoning classification.

## HIGHEST AND BEST USE

The "Highest and Best Use" of a property is defined as that logical, legal, and most probable use which will yield the greatest net income to the land over a sustained period of time. It is also that available use or program of probable future utilization which produces the highest present land value. Corollary to this definition which produces the highest present land value to the property, once committed to a certain use, the property maintains that use consistent with the improvements as its highest and best use until such time when the improvements no longer contribute to the total property value.

Before the definite highest and best use of a property can be determined, several decisions must be made. They are presented here in order of increasing specificity. It should be noted here that these questions and decisions relate to vacant property or improved properties when estimating the highest and best use of the site when vacant.

### **Steps in Analyzing a Sites Highest and Best Use:**

1. **Legal uses.** Are any of the potential uses permitted at all? Some may be prohibited by zoning or deed restriction, or by law. If so, they are not realistic alternatives and must be discarded.
2. **Physically Possible uses.** From among legally permissible uses, which ones are physically possible on the parcel in question? The size, shape, topography, subsoil conditions, or location of the site may preclude some of the remaining suggested uses.

- 
3.       **Appropriate uses.** Are the necessary supporting facilities - such as utilities, access, linkage available for any of the remaining proposed uses, regardless of whether it makes economic sense to inaugurate those uses? The others proposed must be disclosed.
  
  4.       **Feasible uses.** Is there economic or financial logic in pursuing any of the remaining proposed uses? Will any of them pay in the sense that they offer the prospect of producing a net return? These uses represent the range of alternatives from which Highest and Best Use is selected.
  
  5.       **Most Profitable uses.** From among the proposed uses that have been found to be legally permissible, physically possible, appropriately supported and financially feasible, which one is expected to generate the highest rate of return over a given income-forecast period at the time the decision is made? This is the highest and best use. If none of the potential uses is legal, possible, appropriate, and feasible, then under existing market conditions there is no highest and best use.

There are several viable options when estimating the highest and best use of a property.

In order to systematically derive a highest and best use for the subject property, all potential uses should be considered. Principal property types to be considered are: residential, apartment, commercial, public, office buildings, parking, and industrial uses. All of these potential uses should be analyzed on the basis of the five steps in estimating highest and best use as previously discussed. In the following paragraph, we will take each of those steps and analyze them more carefully.

---

### **1. Legal Use:**

The property is subject to the Use Control of East Baton Rouge Parish and as earlier reported is presently zoned C-2, Heavy Commercial District. Therefore, the uses permitted under these regulations would be a legal use.

### **2. Physically Possible Use:**

In this section of the highest and best use analysis, we must determine which of the legally permissible uses are physically possible for the property in question. The subject site has been fully described and analyzed in a previous section of this report, it is our opinion that most of the allowed uses, as well as many of the uses not allowed under the present zoning are physically possible on the subject parcel. Most of the legally permissible uses under the present zoning appear to be physically possible uses of the site.

### **3. Appropriate Use:**

In order for a potential use to be appropriate as the highest and best use of the property, the necessary supporting facilities such as utilities, access, and linkage must be available to the subject site. All utilities are supplied to the site. Each utility supplied is considered to adequately meet adequate demand for commercial use development. The site has adequate access and link to surroundings vital to its support. Therefore, we have determined that current zoning of the property appropriate use of the site for a future transit hub development.

---

#### **4. Feasible Use:**

The function of the feasible uses component in the highest and best use analysis is to determine if there is any economic or financial logic in pursuing any of the potential uses and will any of them pay in the sense that they offer prospects of producing a net return, especially a competitive net return.

At this point in the analytical process, based upon our analysis of the recent sales within the subjects property's immediate market area as well as the current market trend it is our opinion that the probable uses that will offer a competitive net return to the subject site would be future commercial and/or public use development of the property.

In determining that this use is the only feasible use to which the subject property could be used, we have considered such factors as the current and future commercial and/or public development needs of the subject property's immediate market area. Therefore, it is our opinion that the development of the subject property with any uses other than this future type use would not produce a competitive return at this time.

#### **5. Most Profitable Use:**

The function of this last step is to choose from among the possible uses that have been found to be legally permissible, physically possible, appropriately supported and financially feasible, one that would generate the highest rate of net return over a given income forecast period. The most profitable use of the subject property at this time would be future development of the property into commercial and/or public use such as the proposed transit hub use.

---

## **APPRAISAL PROCEDURE**

In estimating value of improved real estate, three approaches to value are normally used. These approaches consider factors relative to replacement cost of a property, including both land and improvements, the income producing potential of a property, and analysis of probable market response to investment characteristics by comparison of sale transactions involving similar investment properties.

### **Land Valuation**

The value of the subject site as if vacant, at its highest and best use, is based upon market analysis of recent comparable sales of land similar to the subject site. Dissimilar features are given proper consideration with a comparison being made based on a selected unit of comparison. The adjusted indications from the sales are then correlated into a value indication for the subject land.

---

## LAND VALUATION

---

Numerous methods are available to the appraiser when valuing land. These methods include the Sales Comparison, Land Distribution, Abstraction or the Allocation method , Land Residual method, Ground Rent Capitalization method and the Subdivision Development method. The objective of each methodology is to estimate the market value of the land as if were vacant. A description of each of these approaches is as follows:

*Sales Comparison Approach:*

In this approach the appraiser derives at an indication of value by comparing the property being appraised to similar properties that have been sold recently, applying appropriate units of comparison, and making adjustments to the sales prices of the comparables based on the elements of comparison.

*Abstraction (Extraction):*

Extraction is the method the appraiser uses in estimating the land value in which the depreciated cost of the improvements of the improved property is estimated and deducted from the total sale price to arrive at an estimated sale price for the land. This method is most effective when the improvements contribute little to the total sale price of the property.

*Allocation:*

A method of estimating land value in which sales of improved properties are analyzed to establish a typical ratio of site value to total property value and this ratio is applied to the property being appraised or the comparable sale being analyzed.

---

*Land Residual:*

This is a method of estimating land value in which the appraiser isolates and capitalizes the net operating income attributable to the land for an indication of the land's contribution to the total property.

*Ground Rent Capitalization:*

This method of estimating land value is applicable when the ground rent corresponds to the owner's interest in the land, the leased fee interest; applied by capitalizing ground rent at a market derived rate. This method is useful when comparable rents, rates and factors can be derived from an analysis of sales of lease land.

*Subdivision Development Method:*

This is a method of estimating land value when subdivision and development are the highest and best use of the parcel of land being appraised. All direct and indirect costs and entrepreneurial profit are deducted from an estimate of the anticipated gross sales price of the finished lots; the resultant net sales and proceeds are then discounted to present value at a market derived rate over the development and absorption period to indicate the value of the raw land.

In the subject's general market area the Sales Comparison approach is typically used when sufficient market data is available. Properties located in the subject's market area are typically not leased.

---

In order to estimate the market value of the subject underlying land, we have given consideration to market data relative to recent sales of similar land parcels located in the general subject area.

Our analysis of the market data has utilized the sale price per acre as the unit of comparison, with adjustments included for various dissimilar features that influence value. These factors include: property rights, financing terms, conditions of sale, market conditions (time), location and physical characteristics. The market data, which has been given primary consideration and is presented following this discussion.

The sales are summarized as follows:

<b>Sale No.</b>	<b>Sale Date</b>	<b>Size (Sq. Ft.)</b>	<b>Sale Price/S.F.</b>
1	12/12	38,848	\$1.80
2	08/11	102,366	\$1.71
3	08/13	19,716	\$2.13
4	05/11	41,382	\$2.42
<b>Subject</b>		<b>105,153</b>	

The various factors considered regarding the adjustments of the sales are as follows.

### **Property Rights**

All of the sales were transferred in fee simple and therefore no adjustments are necessary for this feature.

---

### **Financing/Time**

The sales were sold on an all cash basis and therefore, we feel no adjustments are required of any of the sales for financing. All sales occurred within the last four (4) years.

### **Conditions of Sale**

The sales were reported to be arms length transactions and therefore, no adjustments were required for this feature.

## **COMPARISON ADJUSTMENT GRID**

<b>Sale</b>	<b>Price/ Sq.Ft.</b>	<b>Cond./ Time</b>	<b>Loc.</b>	<b>Size/ Topo</b>	<b>Frntge/ Shape</b>	<b>Exposure/ Topo</b>	<b>Net Adjst.</b>	<b>Adjusted Price/S F</b>
1	\$1.80			-10%			(\$0.18)	\$1.62
2	\$1.71		10%		-10%		\$0.00	\$1.71
3	\$2.13		10%	-20%	10%	10%	\$0.21	\$2.34
4	\$2.42			-10%			(\$0.24)	\$2.18

All other characteristics are considered similar and no other adjustments are necessary for these features. Our adjustments were made using the sales most comparable to the subject property.

---

The adjusted range is \$1.62 to \$2.34 per square foot. In our opinion the value should fall towards the lower middle of the range of these two indications.

Based on the market data and our analysis thereof, it is our opinion that the market value of the subject site, as if unimproved, is best reflected by a per unit value of \$1.75 per square foot. Therefore, an estimate of market value for subject land is derived as follows:

105,153 Sq. Ft. x	\$1.75 /Sq Ft.	=	\$184,018
<b>Indicated Land Value:</b>			<b>\$184,000</b>

## GROUND LEASE RENTAL RATE

Most land leases are basically structured in such a way that rent is determined by a market ground lease rental rate, expressed as a percentage, being applied to the market value of the land that was determined in this report. While an appraiser may be aware of several ground lease parcels in the market area, the data that can be extracted from these ground leases are only market rents to the extent the ground leased transactions were recently entered into. The appraiser has to incorporate historical and proxy information to form an opinion for the appropriate land lease rate. Based upon our knowledge of the local market and after having conversations with local Realtors, appraisers, investors and attorneys it is our opinion that a rental rate of around ten percent (10%) would be appropriate for the subject property. Therefore, the monthly lease rate of the subject property is derived as follows:

Estimated Land Value	\$184,000
Lease Rate (%)	10.0%
Annual Lease Rate	\$18,400
<b>Monthly Lease Rate</b>	<b>\$1,533</b>

## ASSUMPTIONS AND LIMITING CONDITIONS

By this notice, all persons and firms reviewing, utilizing or relying on this report in any manner bind themselves to accept these limiting conditions and assumptions along with and specific assumptions and/or limiting conditions. Do not use this report if you do not so accept. These conditions are a part of this report, they are a preface to any certification, definition, fact or analysis, and are intended to establish as a matter of record that the Analyst's function is to provide a present market value indication for the subject property based upon the Analyst's observations as to the subject property and real estate market. This report is an economic study to estimate value as defined within. It is not an engineering, construction, legal or architectural study nor survey. Expertise in these areas, among others, is not implied.

### 1. LIMIT OF LIABILITY

The liability of Ricky Juban, firm, employees and affiliated independent contractors is limited to the client only and to the fee actually received (total per report). Further, there is no accountability, obligation, or liability to any third party. If this report is placed in the hands of anyone other than client, client shall make such party aware of all limiting conditions and assumptions of the assignment and related discussions. The Analyst is in no way to be responsible for any costs incurred to discover or correct any deficiencies of any type present in the property; physically, financially, and/or legally. In the case of limited partnerships or syndication offerings or stock offerings in real estate, client agrees that in case of lawsuit (brought by lender, partner or part owner in any form of ownership, tenant, or any other party), any and all awards, settlements of any type in such suit regardless of outcome, client will hold Analyst completely harmless in such action.

### 2. TRADE SECRETS

This report was obtained from Ricky Juban or related companies and/or its individuals or related independent contractors and consists of "trade secrets and commercial or financial information" which are privileged and confidential and exempted from disclosure under 5 U.S.C. 552 (b) (4). Notify the analyst(s) signing the report or Ricky Juban. of any request to reproduce this report in whole or part.

### 3. MANAGEMENT OF THE PROPERTY

It is assumed that the property which is the subject of this report will be under prudent and competent ownership and management; neither inefficient nor super-efficient.

### 4. COPIES, PUBLICATION, DISTRIBUTION, USE AND OWNERSHIP OF REPORT

Possession of this report or any copy thereof does not carry with it the right of publication, nor may it be used for other than its intended use. The physical report(s) remain the property of Ricky Juban for the use of the client, the fee being for the analytical services only. The client may distribute copies of this report in its entirety to such third parties as he may select. However, report(s) shall not be given to third parties without the prior written consent of the signatories of this report. Neither all nor any part of this report shall be disseminated to the general public by the use of advertising media, public relations, news, sales or other media for public communication without the prior written consent of Ricky Juban.

---

## 5. CONFIDENTIALITY

This report is to be used only in its entirety and no part is to be used without the whole report. All conclusions and opinions concerning the analysis are set forth in the report which were prepared by the Analyst(s) whose signature(s) appear on this report, unless indicated otherwise. No change of any item in the report shall be made by anyone other than the Analyst and/or officer of the firm. The Analyst and firm shall have no responsibility if any such unauthorized change is made.

The Analyst may not divulge the material (evaluation) contents of the report, analytical findings or conclusions, or give a copy of the report to anyone other than the client or his designee as specified in writing except as may be required by the Louisiana Real Estate Appraiser State Board of Certification as they may request in confidence for ethics enforcement, or by a court of law or body with the power of subpoena.

## 6. PROFESSIONAL FEES

The fee for this appraisal, analysis, or study is for the analytical services rendered and not for the time spent on the physical report nor the physical report itself. Amount or payment of fee for services is not contingent on any result, approval amount or other estimates or statements. The physical report(s) remain the property of Ricky Juban under all circumstances.

## 7. PROPOSED IMPROVEMENT, CONDITIONED VALUE

Improvements proposed, if any, on or off-site, as well as any repairs required are considered, for purposes of this report, to be completed in a good and workmanlike manner according to information submitted and/or considered by the Analyst(s). In cases of proposed construction, the report is subject to change upon inspection of property after construction is completed. This estimate of market value is as of the date shown, as proposed, as if completed and operating at levels shown and projected.

## 8. INFORMATION USED

No responsibility is assumed for accuracy of information furnished by work or of work by others, the client, his designee, or public records. I/we are not liable for such information or the work of possible subcontractors. Be advised that some of the people associated with Ricky Juban and possibly signing the report are independent contractors. The comparable data relied upon in this report has been confirmed with one or more parties familiar with the transaction or other source thought reasonable; all are considered appropriate for inclusion to the best of our factual judgment and knowledge. An impractical and uneconomic expenditure of time would be required in attempting to furnish unimpeachable verification in all instances, particularly as to engineering and market-related information. It is suggested that the client consider independent verification as a prerequisite to any transaction involving sale, lease, or other significant commitment of funds of subject property.

## 9. AUXILIARY AND RELATED STUDIES

No environmental or impact studies, special market study, highest and best use analysis study or feasibility study has been requested or made unless otherwise specified in an agreement for services or in the report.

---

10. TESTIMONY, CONSULTATION, COMPLETION OF CONTRACT FOR SERVICES

The contract for analysis, consultation or analytical service, are fulfilled and the total fee payable upon completion of the report. The Analyst(s) or those assisting in preparation of the report will not be asked or required to give testimony in court or hearing because of having made these analyses, in full or in part, nor engage in post consultation with client or third parties except under separate and special arrangement and at additional fee of no less than \$100 per hour. If testimony or deposition is required because of nay subpoena, the client shall be responsible for any additional time, fees, and charges regardless of issuing party.

11. LEGALITY OF USE

The report is based on the premise that there is full compliance with all applicable federal, state and local environmental regulations and laws unless otherwise stated in the report; further, that all applicable zoning, building, use regulation and restrictions of all types have been complied with unless otherwise stated in the report; further, it is assumed that all required licenses, consents, permits, or other legislative or administrative authority, local, state, federal and/or private entity or organization have been or can be obtained or renewed for any use considered in the value estimate.

12. DOLLAR VALUES, PURCHASING POWER

The value estimated, and the costs used, are as of the date of the estimate of value. All dollar amounts are based on the purchasing power and price of the dollar as of the date of the value estimate.

13. INCLUSIONS

Furnishings and equipment or personal property or business operations except as specifically indicated and typically considered as a part of real estate, have been disregarded with only the real estate being considered in the value estimate unless otherwise stated. In some property types, business and real estate interests and values are combined.

14. COMPONENT VALUES

The distribution of the total valuation in this report between land and improvements applies only under the existing program of utilization. The separate valuations for land and building must not be used in conjunction with any other analysis/appraisal and are invalid if so used.

15. LEGAL, ENGINEERING, FINANCIAL, STRUCTURAL, OR MECHANICAL NATURE HIDDEN COMPONENTS, SOIL

The Analyst and/or firm has no responsibility for matters legal in character or nature, nor of any architectural, structural, mechanical, or engineering nature. No opinion is rendered as to the title, which is presumed to be good and merchantable. The property is analyzed as if free and clear, unless otherwise stated in particular parts of the report.

The legal description is assumed to be correct as used in this report as furnished by the client, his designee, or as derived by the Analyst.

---

Please note that no advice is given regarding mechanical equipment or structural integrity or adequacy, nor soils and potential for settlement, drainage, and such (seek assistance from qualified architect and/or engineer) nor matters concerning liens, title status, and legal marketability (seek legal assistance), and such. The lender and owner should inspect the property before any disbursement of funds; further, it is likely that the lender or owner may wish to require mechanical or structural inspection by qualified and licensed contractor, civil or structural engineer, architect, or other expert.

The Analyst has inspected as far as possible, by observation, the land and the improvements; however, it was not possible to personally observe conditions beneath the soil or hidden structural, or other components. We have not critically inspected mechanical components within the improvements and no representations are made herein as to these matters unless specifically stated and considered in the report. The value estimate considers there being no such conditions that would cause a loss of value. The land or the soil of the area being appraised appears firm, however, subsidence in the area is unknown. The Analyst(s) do not warrant against this condition or occurrence of problems arising from soil conditions.

The analysis is based on there being no hidden, unapparent, or apparent conditions of the property site, subsoil, or structures or toxic materials which would render it more or less valuable. The Analyst and firm have no responsibility for any such conditions or for any expertise or engineering to discover them. All mechanical components are assumed to be in operable condition and status standard for properties of the subject type. Conditions of heating, cooling, ventilating, electrical and plumbing equipment is considered to be commensurate with the condition of the balance of the improvements unless otherwise stated. No judgment is made as to adequacy of insulation, type of insulation, or energy efficiency of the improvements or equipment which is assumed standard for subject age and type.

If the Analyst has not been supplied with a termite inspection, survey or occupancy permit, no responsibility or representation is assumed or made for any costs associated with obtaining same or for any deficiencies discovered before or after they are obtained. No representation or warranties are made regarding the above mentioned items.

The Analyst has no responsibility for any costs or consequences arising due to the need or the lack of need for flood hazard insurance. An Agent for The Federal Flood Insurance Program should be contacted to determine the actual need for Flood Hazard Insurance.

#### 16. AFTER TAX ANALYSIS AND/OR VALUATION

Any "after" tax income or investment analysis and resultant measures of return on investment are intended to reflect only possible and general market consideration, whether as part of estimating value or estimating possible returns on investment at an assumed value or price paid. Note that the Analyst(s) does not claim expertise in tax matters and advises client and any other using the report to seek competent tax advice as the Analyst(s) is in no way to be considered a tax advisor or investment advisor.

#### 17. INSULATION AND TOXIC MATERIALS

Unless otherwise stated in this report, the Analyst(s) signing this report have no knowledge concerning the presence or absence of toxic materials and/or urea-formaldehyde foam insulation in existing improvements. If such is present the value of the property may be adversely affected and further analysis at additional cost would be necessary to estimate the effects.

---

#### 18. VALUE CHANGE, DYNAMIC MARKET, INFLUENCES

The estimated value, which is defined in the report, is subject to change with market changes over time; value is highly related to exposure, time promotional effort, terms, motivation, and conditions surrounding the offering. The value estimate considers the productivity and relative attractiveness of the property physically and economically in the marketplace.

In cases of analysis involving the capitalization of income benefits, the estimate of value, investment value or value in use is a reflection of such benefits. The Analyst(s) interpretation of income, yields and other factors are derived from general, specific client and market information. Such estimates are as of the date of the estimate of value; they are thus subject to change as the market and value is naturally dynamic.

The "Estimate of Value" in this report is not based in whole or in part upon the race, color or national origin of the present owners or occupants of the properties in the vicinity of the subject property. The report and value estimate are subject to change if physical or legal entity of financing is different than that envisioned in this report.

#### 19. CHANGES, MODIFICATIONS

The Analyst(s) reserve the right to alter, amend or rescind any statements, analysis, conclusions or any value estimate in the report if there becomes known to us facts pertinent to the analytical process which were unknown to us when the report was finished.

#### 20. EXHIBITS

The sketches and maps in this report are included to assist the reader in visualizing the property and are not necessarily to scale. Various photos, if any, are included for the same purposes as of the date of the photos. Site plans are not surveys unless shown from separate surveyor.

21. Acceptance of, and/or use of, this report constitutes acceptance of the above conditions. Analyst liability extends only to stated client, not subsequent parties or users of any type, and the total liability of Analyst and firm is limited to the amount of fee received by Analyst.

**LEASE**

**ARTICLE I: PARTIES AND PREMISES**

**1.01 Parties.** This Lease is made on this \_\_\_\_ day of \_\_\_\_\_, 2014, by and between the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College (Lessor), and the Capital Area Transit System, (Lessee).

**1.02 Premises.** Lessor hereby leases to Lessee and Lessee hereby leases from Lessor that certain premises consisting of approximately 2.412 acres located along the northerly side of Airline Highway, which leased premises is more fully described on Exhibit A attached hereto and made a part hereof (the Leased Premises).

**ARTICLE II: TERM**

**2.01 Initial Term.** The initial term of this Lease shall be thirty (30) years, commencing on the \_\_\_\_ day of \_\_\_\_\_, 2014.

**2.02 Renewal Option.** Subject to the provisions of Article IV hereof, Lessee shall have the option to renew this Lease at the end of the initial term for three (3) renewal terms of ten (10) years each provided that;

- A. Lessee notifies Lessor in writing, not later than 180 days prior to the last day of the initial term hereof or option term, of Lessee's desire to exercise this option; and
- B. Lessee is not then in default under any of the terms and conditions of this Lease; and
- C. The Annual Rent during the renewal terms shall be adjusted every three (3) years based on changes to the Consumer Price Index..

**ARTICLE III: RENT**

The rent for this Lease payable by Lessee to Lessor shall consist of the following:

**3.01 Annual Rent.** Lessee shall pay to Lessor Annual Rent of \$18,000, payable in monthly installments of \$1500.00 during the term of the Lease. The first payment is due on or before the commencement date of this Lease and each subsequent payment shall be due on or before the first day of each month of each consecutive successive month thereafter.

**3.02 Manner of Payment; Late Charge.** All rentals due to Lessor by Lessee under the terms of this Lease shall be paid to Lessor by Lessee when due at the following location:

3810 West Lakeshore Drive  
Baton Rouge, LA 70808

or at such other address as Lessor or its authorized agent may, from time to time, designate in writing. In the event that Lessee fails to pay any installment of the Annual Rent within ten (10) days of the date when due, then Lessee shall pay to Lessor in addition to any rent that is due and owing a sum equal to five percent (5%) of the installment then due.

**3.03 Advanced Rent; Damage Deposit.** At the time of the execution of this Lease, Lessee shall deposit with Lessor the sum of \$1500.00 representing one monthly installment of the Annual Rent (the Advanced Rent and Damage Deposit).

At Lessor's sole option, Lessor may apply the Advanced Rent and Damage Deposit to the payment of any monthly installments of the Annual Rent, fees or expenses owed by Lessee as a result of this Lease and which payment has been past due for more than thirty (30) days; provided, however, that the application by Lessor of such Advanced Rent and Damage Deposit shall not necessarily preclude the default which may result from Lessee's failure to timely pay the monthly installment.

Upon the application of the Advanced Rent and Damage Deposit, Lessor may require that Lessee deposit an additional sum with Lessee so that the Advanced Rent and Damage Deposit shall always equal the sum indicated in the first paragraph of this section. At the termination of this Lease, Lessor shall return any unapplied sums of the Advanced Rent and Damage Deposit to Lessee.

#### **ARTICLE IV: VIOLATIONS**

**4.01 By Lessee.** In case Lessee fails to pay any installment of rent punctually when due, or fails to perform on demand, or violates any of the covenants, conditions, provisions or agreements herein contained, or if a petition in bankruptcy shall be filed by or against Lessee, or if Lessee becomes insolvent, or if proceedings are taken by or against Lessee looking to the appointment of a receiver, or for a respite, or if the Lessee ceases operating as a transit provider, should they continue uncured for a period of sixty (60) days after written notice thereof from Lessor to Lessee, Lessor may, at Lessor's option, without any putting in default: (1) proceed for past due installments of rent only, reserving its right to proceed later for the remaining installments; or (2) declare all of the unpaid installments of rent at once due and eligible, and the whole thereof shall become and be immediately due and payable, anything herein to the contrary notwithstanding, and proceed to enforce Lessor's legal remedies hereunder; or (3) cancel this Lease and immediately expel Lessee, without, however, waiving Lessor's right to collect all installments of rent and all other payments due or owing for the period up to the time Lessor regains occupancy of the Leased Premises. Notwithstanding anything herein, Lessor shall, in addition to all other rights and remedies, be entitled to enforce any or all of Lessee's obligations

hereunder by specific performance. Failure to strictly and promptly enforce any of the above rights shall not operate as a waiver of any of Lessor's rights, Lessor expressly reserving the right always to enforce all of the terms of this Lease, or to exercise the option above set forth, as well as all rights belonging to Lessor by law, regardless of any extension or indulgence previously granted.

**4.02 By Lessor.** Should Lessor fail to correct any of its violations of the provisions of this lease within sixty (60) days from receipt of such notice, or fail to take reasonable steps toward the correction of same as to violations that cannot be corrected within thirty (30) days, Lessee may cancel this Lease.

#### **ARTICLE V: RIGHT OF ENTRY**

Lessor and Lessor's agents shall have the right to enter the Leased Premises at all reasonable times to inspect same, to address any necessary safety concerns, to show the Leased Premises for sale purposes, or to show the Leased Premises for lease purposes within 150 days prior to termination of the Lease. The foregoing shall not in any manner affect the obligation of Lessee to pay rent, without any deduction or remission of rent on account thereof.

#### **ARTICLE VI: LESSEE'S INSURANCE**

Lessee, during the entire term hereof shall keep in full force and effect a policy of comprehensive general liability insurance which shall include bodily injury, property damage and personal liability insurance with respect to the Leased Premises, in which the limits of liability shall not be less than a combined single limit of \$2,000,000.00, \$2,000,000.00 per occurrence for personal injury, and \$5,000,000.00 for claims made during the policy year. Such insurance shall be with insurance companies duly licensed to do business in the State of Louisiana and bearing a rating A+XV in the latest Best Casualty Insurance Report. Lessor shall be furnished a certificate of insurance and shall be named as an additional insured therein, and the insurers thereof shall be requested to furnish Lessor at least ten (10) days advance notice of any change or cancellation of coverage.

#### **ARTICLE VII: LESSEE'S USE AND OPERATIONS**

**9.01 Lessee's Business.** Lessee is the transit provider for the Parish of East Baton Rouge and the use of the Leased Premises shall be limited to such purpose directly related thereto.

**9.02 Lessee's Obligations.** Upon Lessor's review and approval of any proposed construction plans, Lessee shall have the right to construct improvements on the Leased Premises consistent with its business purpose. However, Lessee shall do nothing on the Leased Premises that tends to injure or depreciate the property, or that affects or endangers Lessor's insurance or that is illegal, unlawful or prohibited by any law, ordinance, rule or regulation of any applicable public authority.

## **ARTICLE VIII: TRANSFER BY LESSOR**

Lessor shall not assign, transfer, mortgage or in any manner transfer the Leased Premises or any estate or interest herein, or permit any such assignment or transfer to occur by operation of law or otherwise.

## **ARTICLE IX: INDEMNIFICATION**

Lessee hereby releases Lessor from any liability for any loss or damage of any kind or for any injury to or death of persons or damage to property of Lessee or any other person from any cause whatsoever by reason of the construction, use, occupancy or enjoyment of the Leased Premises by Lessee except to the extent caused by the fault, negligence, action, inaction, or omission of Lessor. Lessee agrees to, and hereby does, defend, indemnify and save harmless Lessor, its officers, directors, employees, and agents from all claims, actions, demands, damages, costs and expenses and liability whatsoever, including reasonable attorneys' fees, on account of any real or claimed loss or damage or liability, and from all liens, claims and demands occurring in, or at the Leased Premises, or arising out of the construction, use, occupancy or enjoyment of the Leased Premises, or any repairs or alterations which may be made to the Leased Premises, or occasioned in whole or in part by any act or omission of Lessee, its agents, contractors, servants, employees or invitees. Lessee shall not, however, be liable for any of the foregoing to the extent occasioned by the fault, negligence, action, inaction, omission, or willful violation of this lease by Lessor or its officers, directors, agents, contractors, servants or employees.

## **ARTICLE X: SURRENDER OF LEASED PREMISES**

At the expiration date of the term of this Lease (whether the regular term or any renewal term) or its termination for other cause, and to the extent allowed by law;

- a) If mutually agreeable by the parties, Lessee shall have the option of purchasing the Leased Premises including the improvements made by Lessee for the then current commercially appraised value of the land only, without the improvements; or
- b) Lessee shall immediately surrender possession of the Leased Premises upon removal of all improvements, if such removal is requested by Lessor. Upon failure of Lessee to do so, Lessee shall be obligated to pay liquidated damages in the sum of the Rent Per Day for each day that Lessee fails to surrender possession of the Leased Premises. Should Lessor allow or permit Lessee to remain in the Leased Premises after the expiration or termination of this Lease, this Lease shall not be construed as having been reconducted, but it shall apply thereafter on a month-to-month basis. For purposes of this article, "Rent Per Day" shall mean the amount obtained by dividing the sum of the Annual Rent by 365.

**ARTICLE XI: NOTICES**

All notices, demands, requests and other instruments that are required or may be given under this Lease or the law, shall be given either in person, by public courier (e.g., Federal Express, UPS, etc.) or by U.S. Mail, postage prepaid, registered or certified, return receipt requested, addressed as follows:

If to Lessee:

If to Lessor: Louisiana State University System  
3810 West Lakeshore Drive  
Baton Rouge, LA 70808

Either Lessee or Lessor may change its address by providing written notice of such change. Notice shall be deemed to have been given when actually given in person or by public courier or certified mail with return receipt received by the sender after being mailed as shown by a postal mailing receipt.

**ARTICLE XII: SIGNS**

Lessee shall have the right to install, at its expense, any and all types of signage in its reasonable discretion; provided all signs installed and/or erected pursuant hereto shall meet and comply with any and all applicable rules, regulations and ordinances of any and all federal, state, local and municipal authorities having jurisdiction over the Leased Premises, and so long as such signage does not disparage Lessor and is not against public morals.

**ARTICLE XIII: ENVIRONMENTAL**

**13.01 Lessee's Use of Premises.** Except as allowed by law, during the term of this Lease, Lessee shall not cause any Hazardous Waste, as defined by the Louisiana Administrative Code, Title 33, Environmental Quality Regulations, Part V, Subpart 1, Chapter 1, to be generated, produced, brought upon, used, stored, treated or disposed of on or about the Leased Premises by Lessee, its agents, customers, employees or contractors without prior written consent of Lessor. In the event that Hazardous Waste is discovered upon, in, or under the Leased Premises, and the applicable governmental agency or entity having jurisdiction over the Leased Premises requires the removal of such Hazardous Waste, Lessee shall be responsible for removing the Hazardous Waste if the Hazardous Waste did not exist upon, in or under the Leased Premises prior to the commencement date of this Lease. During the term of this Lease and after knowledge thereof, Lessee shall promptly send Notice to Lessor of any spill, release, discharge or disposal of any Hazardous Waste in, upon or under the Leased Premises.

**13.02 Indemnity.** Lessee shall indemnify, defend and hold harmless Lessor, its officers, directors, employees, and agents from any claims, damages, fines, judgments, penalties, costs, liabilities and losses (including, without limitation, sums paid for settlements of claims, remediation expense, attorney fees, consultant and expert witness fees) arising from any Hazardous Substances existing on, in, under or about the Leased Premises as a result of acts or misconduct of Lessee, its agents, employees, invitees or contractors.

**13.03 Limitation of Lessee's Responsibility.** Notwithstanding any other provision herein, in no event shall Lessee have any responsibility for any Hazardous Waste which existed on the Leased Premises prior to the commencement date of this Lease.

#### **ARTICLE XIV: EMINENT DOMAIN**

If the whole of the Leased Premises shall be taken for any public or quasi-public use under any statute or by right of eminent domain, or by purchase in lieu thereof, or if the taking is a "quick take", then this Lease shall automatically terminate as of the date that title shall be taken. If any part of the Leased Premises shall be so taken as to render the remainder thereof unusable for the purposes for which the Leased Premises were leased, then this Lease shall automatically terminate as of the date that title shall be taken.

Lessor and Lessee each may prosecute any claim directly against the condemning authority in such condemnation proceedings for any loss either has sustained. Lessor's claims are limited to compensation for the value of the land in an unimproved state.

#### **ARTICLE XV: IMPROVEMENTS TO LEASED PREMISES**

Lessor will deliver the Leased Premises As-Is, Where-Is. Lessee may make any and all improvements to the Leased Premises it desires without a need to obtain Lessor's written consent provided all improvements meet and comply with any and all applicable rules, regulations and ordinances of any and all federal, state, local and municipal authorities having jurisdiction over the Leased Premises.

#### **ARTICLE XVI: MISCELLANEOUS**

**16.01 Governing Law.** All rights and remedies of Lessor and Lessee under this Lease shall be cumulative and none shall exclude any other rights or remedies allowed by law; and this Lease is declared to be a Louisiana contract, and all of the terms hereof shall be construed according to the laws of the State of Louisiana.

**16.02** If any provision of this Lease or any section, sentence, clause, phrase or word, or the application thereof in any circumstances be in conflict with the laws of the State of Louisiana or the laws of the United States of America, then the said laws shall be deemed controlling and the validity of the remainder of this Lease and the application of any such provision, section, sentence, clause, phrase or word in other circumstances shall not be affected thereby.

If any provision of this Lease or any section, sentence, clause, phrase or word, or the

application thereof in any circumstance be judicially held invalid, such invalidity shall not affect any other such provision, section, sentence, clause, phrase or word, which can be given effect without the invalid provision, section, sentence, clause, phrase or word, and to this end the provisions of this Lease are hereby declared severable.

**16.03 Short Form Lease.** Lessor and Lessee agree not to record this Lease, but each party hereto agrees, on the request of the other party and at the expense of the requesting party, to execute a so-called short form lease in recordable form. The short form lease shall not set forth the rental or other charges payable by Lessee under this Lease and shall expressly state that it is executed pursuant to this provision of this Lease and is not intended to vary the terms and conditions of this Lease. Said short form lease shall be in accordance with all applicable laws. Upon the termination of this Lease for any reason, Lessee agrees to execute, at Lessor's request, a recordable instrument evidencing the termination. Said instrument evidencing the termination shall be in accordance with all applicable laws. The party requesting recordation of the short form lease shall be solely and exclusively responsible for the payment of all recording fees, transfer taxes and all other taxes and charges attributable to or associated with the recordation. The right to record the short term lease cannot be refused by either party.

**16.04 Liens.** If a mechanic's or other lien is filed against the Leased Premises or any part thereof, because of a claim against Lessee, Lessee shall cause the lien to be canceled and discharged of record by bond or otherwise at Lessee's expense within fifteen (15) days after Lessee's notice of the lien, and if because of a claim against Lessor, Lessor shall cause the lien to be canceled and discharged of record by bond or otherwise at Lessor's expense within fifteen (15) days after Lessor's notice of the lien.

**16.05 Ownership of Improvements.** Any and all improvements made to or on the Leased Premises by Lessee and any trade fixtures and apparatus installed by Lessee on the Leased Premises shall remain the property of Lessee during the term of the Lease.

**16.06 Lessor's Representations.** Lessor further represents and warrants that the execution and performance of this Lease by Lessor has been duly authorized by all requisite organizational proceedings, including the approval of its Board of Supervisors; that this Lease is the legal, valid and binding obligation of Lessor in accordance with its terms; that Lessor is not bound by or subject to any contractual or other obligations that would be violated by its execution or performance of this Lease; that Lessor is not in default under any agreement, lease, mortgage or other instrument to which it is a party or by which it is bound, which affects the Leased Premises; and that Lessor is not now in violation of any applicable law or regulation, ordinance, franchise, lease, order, injunction or decree, or any other requirement of any governmental body or court relating to the Leased Premise.

**16.07 Lessee's Representations.** Lessee represents and warrants that it is duly organized, validly existing and in good standing under the laws of the State of Louisiana; that it has the power and is duly authorized to lease the Leased Premises; that it has full power and authority to enter into and carry out the terms of this Lease; that the execution and performance of this Lease by Lessee has been duly authorized by all requisite organization proceedings, including the approval of the Board of Directors; that this Lease is the legal, valid and binding obligation of

Lessee in accordance with its terms; and that Lessee is not bound by or subject to any contractual or other obligations that would be violated by its execution or performance of this Lease.

**16.08 Entire Agreement.** This Lease and exhibits contain the entire agreement between the parties, all previous or contemporaneous agreements being merged herein and waived hereby, and no modifications shall be made unless the same be done in writing after the date hereof.

**16.09 Obligation of good faith.** Lessor and Lessee further warrant that they will act in good faith at all times and in all dealings.

**16.10 Taxes.** No Ad Valorem taxes should be due and payable for the Leased Premises during the term of this Lease. However, if at any time any applicable Ad Valorem taxes are due and payable and have not been paid by Lessor, Lessee shall have the right to pay said Ad Valorem taxes to prevent a sale of the property at sheriff's sale and setoff the amount of said payment of Ad Valorem taxes against future rent payments.

**REQUEST FOR APPROVAL OF THE 2015 FIVE-YEAR CAPITAL OUTLAY  
BUDGET REQUEST AND  
FIRST YEAR PRIORITIZED CATEGORIES FOR THE  
LOUISIANA STATE UNIVERSITY SYSTEM.**

**To: Members of the Board of Supervisors**

**Date: September 12, 2014**

Pursuant to Article VII, Section 8, G.1 and G.2 of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

G.1 Capital outlay requests need not be submitted in accordance with the procedures of this Section. Board approval of any capital outlay request or item, or approval of an operating budget, shall not be considered direct or indirect approval.....

G.2 Capital outlay prioritization must be approved by the Board or by the Executive Committee.

**1. Summary of the Matter**

The Division of Administration requires that annual Capital Outlay Budget Requests, which includes projects proposed to be undertaken within the next five years, be submitted no later than November 1<sup>st</sup>. Proposed projects will renovate, repair and construct facilities and infrastructure to meet the needs of teaching, research, service and health care programs of the LSU System.

**2. Review of Business Plan**

To be submitted and reviewed for self-generated projects.

**3. Fiscal Impact**

Operation and maintenance cost will increase with new construction projects.

**4. Description of Competitive Process**

Not applicable.

**5. Review of Legal Documents**

Campus Capital Outlay Project Forms and 5-Year Plans are in order.

**6. Parties of Interest**

None

**7. Related Transactions**

Where applicable and when appropriate, auxiliary revenue bond documents will be provided to the Board for consideration.

**8. Conflicts of Interest**

None.

## **ATTACHMENTS**

- System 5-Year Plan
- First Year Prioritized Project List

## **RECOMMENDATION**

**“NOW, THEREFORE, BE IT RESOLVED** by the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College that the following list of projects to be submitted to the Division of Administration in accordance with the provisions of La. R.S. 39:101 *et seq.* and first year prioritized project categories are approved and;

**BE IT FURTHER RESOLVED**, that F. King Alexander, LSU System President and Chancellor, be and he is hereby authorized to make adjustments as necessary in this request as circumstances dictate, including technical corrections, increasing or decreasing the amount requested for individual projects by not more than twenty percent (20%) of the amount approved in this resolution, combining or renaming projects and/or changing sources of funds and to add self-generated projects with individual project costs of less than \$1 million without further approval by the Board, provided, however, that such project additions be reported to the Board.

**BE IT FURTHER RESOLVED** that transactions included or referred to in the capital outlay request that otherwise require Board approval are not approved by inclusion in the capital outlay request per Article VII, Section 8, G.1 of the Bylaws.”

## Consideration of the 2014-15 operating budget

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to paragraph D of Article VII, Section 8 of the Board Bylaws, the following is provided:

### 1. Significant Board Matter

This matter is a "significant board matter" pursuant to the following provisions of Article VII, section 8 of the Bylaws:

D.1 Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

### 2. Summary of the Matter

Each year an operating budget that details the expected revenues and expenditures of the University for the fiscal year is planned. These budgets are prepared in accordance with budget guidelines issued by the Board of Regents and the Division of Administration.

Pursuant to Board of Regents' guidelines, the operating budgets will be submitted to the Board of Regents on September 5<sup>th</sup>, with a caveat that they are being submitted contingent upon action by the LSU Board of Supervisors at its September 12<sup>th</sup> meeting.

The total beginning unrestricted operating budget for fiscal year 2014-15, including the LSU Health Care Services Division, is \$1,105,938,196. This represents a decrease of \$64,379,358 or 5.5% from the prior (November 2013) FY14 budget. Estimated restricted revenues including auxiliary enterprise operations total \$1,106,907,783. The total FY15 operating budget including estimated restricted revenues is \$2,212,845,979.

### 3. Review of Documents Related to Referenced Matter

The campuses have submitted the 2014-15 operating budget in the format requested by the Division of Administration and the Board of Regents.

#### RECOMMENDATION(s)

The Staff recommends that the Board consider the resolution set forth below.

## RESOLUTION

**NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of Louisiana State University and Agricultural & Mechanical College does hereby approve the operating budget for the year ending June 30, 2015, including the planned budget for the technology fee, said budget providing:

(a) Final approval and commitment authorization of funds for unrestricted educational and general, medical, and related expenses in the amount of \$1,105,938,196 for the campuses shown below.

LSU A&M  
LSU Agricultural Center  
LSU Alexandria  
LSU Eunice  
LSU Shreveport  
LSU Health Sciences Center, New Orleans  
LSU Health Sciences Center, Shreveport  
The LSU Paul M. Hebert Law Center  
LSU Pennington Biomedical Research Center  
The Hospital and Central Office of the LSU Health Care Services Division  
LSU Board of Supervisors and System Administration

(b) Commitment authorizations for auxiliary enterprises, grants and contracts, and other restricted funds estimated to be \$1,106,907,783.

(c) Transactions included or referred to in the operating budget that otherwise require Board approval are not approved by mere inclusion in the operating budget.

**BE IT FURTHER RESOLVED** that each campus and hospital shall prepare a quarterly financial report that is in accordance with a format approved by the President. The format of the report will include the following:

1. The transfer of funds from an academic to a non-academic area.
2. The transfer or significant failure to expend funds from any special programs approved by the Board or identified in the budget preparation narrative.
3. The transfer of funds from major budget categories to another when such transfer exceeds twenty percent (20%) of the smaller category.
4. Any significant changes in the budget that should be brought to the attention of the President and Board.
5. An explanation of any significant reduction in anticipated revenues.

Any subsequent modification to the reporting format will be approved by the President with notification to the Board.

Re: FY 2014-15 Operating Budget Narrative

In this brief overview of LSU's FY 2014-15 operating budget, we first want to commend and thank you and the LSU Board of Supervisors for allowing LSU to once again implement a merit increase plan for faculty and staff salaries. This is a positive step in enhancing salary competitiveness for the state's flagship campus. In the remainder of this narrative, we briefly describe the priorities and strategies implemented in preparing a balanced FY 2014-15 operating budget and also comment on priorities and issues to be addressed in planning for the FY 2015-16 operating budget and beyond.

The FY 2014-15 budget information presented to you shows LSU with a \$21.9 million increase over last fiscal year's operating budget. The increase in the operating budget is attributable to an increase in self-generated funds offset with reductions in state funding from the removal of one-time deferred maintenance and general operations funds and the Board of Supervisors state general fund realignment adjustment from LSU to the Agriculture Center and Law Center. The Governor and Legislature's commitment to not substitute state funds for tuition and fee increase revenues was a positive step for LSU and all of Louisiana's Public Higher Education Institutions. Another success story for Higher Education in Louisiana this past legislative session was the appropriation of \$40 million to the Workforce and Innovation for a Stronger Economy (WISE) program. This funding will be distributed by the Board of Regents based on methodology suggested by the WISE Council. A brief narrative on the WISE funding and its expected impact at LSU is discussed later in this document. The FY 2014-15 state funding level for Higher Education should be the floor funding with only stability or increases in future years. In order to implement a merit pay increase plan and balance the FY 2014-15 operating budget, LSU overcame several financial hurdles stemming from the continuing reduction, now over \$129 million (52.7%), in state general funds since January 2009 and the escalating costs of state mandates. Described below is a summary of the items/issues that were included in the FY 2014-15 operating budget development process and the University's plan to expend the increase in self-generated revenues.

**Increased Revenues:**

**\$ 21.9 million.** The total revenues in the FY 2014-15 operating budget increased by \$21.9 million over the FY 2013-14 operating budget. This increase is the net difference between a gross increase in LSU self-generated funds of \$26.7 million, the removal of \$4.4 million in one-time deferred maintenance and general operations funds, and the Board of Supervisors \$0.4 million state general fund realignment adjustment to the Agricultural Center and Law Center. The University's state general operating funds have decreased by \$4.8 million from FY 2013-14. The increase in self-generated funds primarily results from a 10% increase in resident tuition and required fees and a 2.3% increase in nonresident tuition and required fees. Also included in this increase is \$4.1 million in revenues from

LSU's self-generated units/programs such as the Division of Continuing Education, LSU Online Degree programs, and LSU Laboratory School.

**Operating Budget Obligations:**

**(\$ 4.5 million).** The increase in the cost of tuition and fee exemptions due to a 10% increase in resident tuition and required fees and a 2.3% increase in nonresident tuition and required fees is \$2.6 million. Students typically receive exemptions based on their academic ability and/or their socio-economic status. Examples of the socio-economic exemptions are the "hardship" tuition exemption program and the LSU Pelican Promise award. Two examples of the academic ability exemptions are the Flagship Scholars Award and the LSU Academic Scholars Award. Also included is the cost of implementing a new scholarship program which will increase the University's six major merit awards as approved by the Board of Supervisor's at its March 2013 meeting.

**(\$ 5.6 million).** The increase in unfunded state mandates primarily related to increases in retirement system contributions and group health insurance payments is \$5.2 million. Also included is \$0.4 million needed to annualize the FY 2013-14 classified civil service employee merit increase program. As the University's state general fund has continued to decline, unfunded mandates have escalated. Total unfunded state mandated costs now comprise 92% of the University's total state general fund budget as compared to FY 2008-09 when state mandates comprised only 31% of the total state general fund budget.

**(\$ 3.6 million).** The University had to replace \$3.6 million of temporary, one-time funds included in the prior year (FY 2013-14) operating budget. As outlined in the budget narrative sent to you last year, the operating budget was balanced using \$2.1 million from temporary institutional level savings resulting from such activities as deferring employee hires and \$0.5 million from contracts and agreements which allowed the University to temporarily transfer costs from the operating budget to other sources of funds. In addition, \$1 million of Student Technology Fee revenue, which has been temporarily used to supplement the Office of Information Technology Services to maintain certain student related activities, has been removed from the operating budget.

**(\$ 4.7 million).** LSU's "self-generating" and "direct-appropriation" entities are allowed to retain the revenues they generate or that are appropriated to them in order to cover the cost of their operations. Examples of such entities are the Division of Continuing Education, LSU Online Degree Program, Laboratory School, and Veterinary Medicine. These types of entities projected self-generated revenues to increase by \$4.4 million and their direct appropriations increased by \$0.3 million in FY 2014-15. These increased revenues are committed to the operation of these units and are not available to the general operation of other units across the University.

**(\$ 2.5 million).** The increase in institutional obligations related to funding such activities as faculty promotions and awards, annualizing the FY 2013-14 faculty and staff merit increase program, operations and utilities in new academic buildings, increase in System Office internal auditor charge, and implementation of the SACSCOC Quality Enhancement Plan.

**(\$ 7.7 million).** Faculty and staff merit increase program averaging approximately 3% will cost \$7.7 million in FY 2014-15. LSU's civil service employees will receive merit raises based on State Civil Service guidelines, policies, procedures and time-lines which will result in their receiving approximately 75% of the raise in FY 2014-15. The annualized amount for classified civil service raise program will be funded in FY 2015-16 budget.

In summary terms, the University had to overcome a \$6.7 million deficit, despite an increased budget, in order to meet its obligations. This was resolved by funds made available from such activities as increases in

revenues, management of scholarship programs, business efficiencies, internal reallocations, and temporary one-time actions as described below:

**REVENUE INCREASES/INTERNAL REALLOCATIONS (\$4.5 MILLION):**

**\$0.6 million.** Increase in procurement credit card rebate and auxiliary administrative charges.

**\$ 1.4 million.** In FY 2014-15, LSU will again realize the fiscal benefit of significant actions taken in FY 2011-12 to cut the cost of the tuition and fee exemption programs. Numerous changes were made in scholarship programs. One example of a change was the elimination of the "Bengal Legacy" program which had provided a significant reduction in the nonresident fee assessed to sons and daughters of LSU alumni. Another cost saving strategy was to change many exemptions to a fixed value rather than using the actual cost of the rising tuition and fees.

**\$ 2.0 million.** The amount budgeted at the University level for fringe benefits was offset by increases in recovery of fringe benefit expenses from auxiliaries, sponsored programs, and other self-generated units.

**\$ 0.5 million.** Since the School of Veterinary Medicine operates as a Responsibility Centered Management (RCM) unit, the School will absorb a portion of the state appropriation funding cut and pay for their faculty and staff merit increase program.

**TEMPORARY, ONE-TIME ACTIONS (\$2.2 million):**

**\$ 2.2 million.** Approximately \$2.2 million of temporary institutional level "savings" will be generated from activities such as deferring employee hires.

LSU is able to balance the FY 2014-15 operating budget and provide for a merit increase program through the dedication and hard work of the faculty, staff, and campus administrators. The items used to balance the budget did not happen by chance. Student enrollment continues to climb despite increases in both resident and nonresident tuition and required fees. Numerous performance targets established in the GRAD Act have been met. These revenue enhancing activities are directly attributable to the dedication and efforts of the faculty, who continue to provide our students with a quality education. Additionally, the administration and staff work diligently every day to insure the best possible experience for our students while providing our faculty with the services they need to be successful.

If additional reductions in state funding occur, LSU will likely become a mediocre institution at best and suffer in terms of national ranking and reputation. However, we believe that LSU can have a bright future and continue to improve its performance and service to Louisiana if, at a minimum, the following issues can be addressed.

- (1) **Autonomy and flexibility.** LSU must have greater autonomy and flexibility over revenues, expenditures, policies, and procedures. The Granting Resources and Autonomy for Diplomas (GRAD) Act of the 2011 regular session of the legislature provided for the first positive steps in addressing this issue. Some progress has been made in the areas of investments, risk management, facilities control, and procurement, but all the opportunities imagined have not yet been implemented. For example, the proposal for LSU to receive full autonomy related to Risk Management is currently scheduled for the Joint Legislative Committee on the Budget for final approval next month. LSU is also submitting the new Pilot Procurement Code proposal to the State this fall.

Examples of a few areas we must continue to explore for additional autonomies and flexibilities are institutional control over tuition and fees, University retirement contributions, the ability to “carry forward” funds without external approvals to further facilitate the University’s long-term financial planning, and the ability for the University to manage its own construction projects from start to finish (including architect selection). With your leadership, assistance, and cooperation, LSU will continue to pursue additional flexibilities and autonomies which will allow us to not only survive but flourish in the new higher education financial environment.

- (2) Stable and predictable state appropriations. Six years ago (FY 2008-09), LSU’s operating budget totaled \$451 million of which 58% was state appropriations. Today (FY 2014-15), LSU’s operating budget totals \$475 million of which state appropriations comprise only 26.8%. A major reason for the change in state investment during this period is a national, long-lasting recession that had a significant and negative impact on the state’s budget, and consequently the amount of state funding available for higher education. During the same time, LSU has increased its performance under the GRAD Act entitling the University to tuition increases of 10% annually while also increasing enrollment (without a change in the student academic profile!). Through performance and aggressiveness in the student marketplace, LSU has been able to offset the decline in state funding during this period. LSU greatly appreciates the efforts of the Governor and Legislature to hold base state funding level for FY 2014-15, and to enable the University to retain its increased tuition revenues as well. Going forward, it is imperative that state funding provided to the University continues to stabilize (if not increase) while also growing its self-generated revenues.
- (3) Self-generated revenues must remain on the campus. The key to LSU’s short and long-term success is directly related to the number of faculty it employs, as well as its ability to recruit, retain, and reward faculty by providing annual merit salary increases. To provide the level of service for students and their families that is commensurate with other national flagship universities and to be nationally competitive on the research front, we estimate that LSU would need to add approximately 400 faculty members for the number of students currently enrolled. We estimate in FY 2008-09, the difference between the state general fund appropriation and the cost of institutional mandated costs for retirement contributions, employer’s share of health insurance, payment to the state for risk management, etc. was approximately \$170 million. In FY 2014-15, this difference is now less than \$10 million. If the trend of the past six years continues into the next fiscal year, LSU will be paying more for mandated costs than it will receive in state appropriations. This would mean the institution will essentially be operating on self-generated funds from sources such as student tuition and fees. As noted above, if LSU is to operate and flourish in this changing financial environment, it must be able to retain its tuition and other self-generated revenues in order to successfully meet institutional needs and priorities.
- (4) WISE funding allocation. The University is very appreciative of the WISE program creation and appropriation approved by the Governor and Legislature for FY 2014-15. The intent of this funding is to target the state’s current and future workforce needs through degree/certificate production and research productivity in high demand fields, as determined from workforce demand and gap analysis provided by the WISE Council. LSU plans to strategically allocate the WISE funds to investments in areas that serve as the foundation to build Louisiana’s current and future economy, such as Energy, Coast, Computation, Biotechnology, Medical, and other four or five star job fields as defined by the Louisiana Workforce Commission. The funding will be dedicated to the production of more degrees and research activity in these areas through the investment in new faculty members, scholarships,

research, equipment, technology, and minor renovations. The University has already begun this process by asking the colleges to collaboratively work together to submit proposals that will achieve the goals of the WISE program. LSU will be the leader in this initiative that will drive the state's knowledge economy in a positive direction and will collaborate with the private sector to achieve the match requirement of these funds. The global economy is in transition to a knowledge economy. In order for Louisiana make this transition successfully, the state must continue to make and sustain investments like the WISE program and use its state universities and community/technical colleges to drive the economy in the appropriate direction.

LSU will continue to ensure that quality instruction, research, and service are its' enduring contributions to the state and nation. Again, thank you for this opportunity to briefly discuss the University's FY 2014-15 operating budget and the challenges and opportunities we face. Should you have any questions or wish to discuss the budget in more detail, please contact me.

 Expenditures should include all expenses related to the fee, both direct and indirect.

\*\* All funds in the General Appropriation Bill are combined to create the University's operating budget. LSU does not separately budget state and self-generated general funds to individual expenditure categories nor to individual budget units. The general registration fee and the nonresident fee are prorated to each expenditure category based on the total university operating budget.

# The Paul M. Hebert Law Center

## **“Operating Budget” for Fiscal Year 2014-2015**

2014-2015 Operating Budget Narrative

The Law Center's 2014-2015 operating budget is built to continue support for the Law Center's primary mission of providing outstanding teaching, research, and public service programs. This support will be provided again with essentially a stand-still budget.

The Law Center was approved to increase tuition and fees by 10% via Grad Act provisions but implemented only 6% of that authority in order to minimize the impact on students and to attempt to preserve its status as one of the best values in American legal education. Taking into account a modest \$34,004 increase in direct state funding, an increase in tuition discounts used to recruit new students in a highly competitive legal education market, and a jump in the cost of mandated costs (such as retirement and related benefits), the Law Center will have fewer net financial resources to support its instructional programs in 2014-2015 than it did in the previous fiscal year.

Despite fiscal constraints, however, the Law Center has enjoyed some noteworthy successes. It is moving ahead with the development of the Energy Law Center. For the fourth consecutive year, the Law Center has ranked within the Top 10 Best Value Law Schools in the nation by the *National Jurist*. The Law Center continues its upward trajectory in the latest national rankings of law schools, moving up four spots to #72 in the 2015 U.S. News rankings. The #72 ranking is the highest in the history of the Law Center. In a time when law schools across the nation are experiencing a reduction in new student applicants, the Law Center increased its enrollment of the freshman class by approximately 15%.

2014-2015 WISE Funds Initiatives

The Law Center seeks to obtain \$200,000 in funding from the Workforce and Innovation for a Stronger Economy (WISE) Program. As indicated below, the funds will be used to support preparation of our students to serve critical functions in the workforce and to play key technical roles in the development of the energy sector of the Louisiana economy.

The energy sector has long been a leading sector of the Louisiana economy. It will be even more critical in coming years. The Law Center's new John P. Laborde Energy Law Center was established to prepare the future lawyers and leaders of the energy sector, with an emphasis on interdisciplinary training for law students in such fields as engineering, science (for example, geology and physics), business (including economics) and coastal studies (including environmental science). Conversely, the Laborde Energy Law Center will offer students at LSU in non-law disciplines, such as those listed above, the valuable opportunity to obtain exposure to state of the art instruction in the legal subjects critical to the energy sector.

The general public often associates lawyers with lawsuits and court proceedings. In fact, skilled attorneys with specialized knowledge and experience are the indispensable architects of the transactions that drive our economy. This is particularly the case in the energy sector, which is witnessing transformative growth and change in Louisiana and requires innovative and expert legal guidance. The Law Center's dialog with alumni and industry leaders has repeatedly focused our attention on the demand for lawyers who not only understand the fundamentals of traditional oil and gas and other aspects of energy law, but who also are grounded in the science, engineering, and business of energy. A critical part of the mission of the Laborde Energy Law Center is to train precisely that cadre of lawyers to design and build the legal superstructure of Louisiana's energy future.

Among the specific uses of WISE funds we envision are the following:

- Funding for the development of interdisciplinary and “capstone” courses in Energy Law and non-law disciplines (science, engineering, business, and the like)
- Funding for the additional instruction these interdisciplinary courses will require
- Funding for student internships and externships in Energy Law and related disciplines
- Funding for “hands on” initiatives permitting law students to visit and see first- hand the varied energy facilities throughout the state, including our planned “Geaux Too” practicum
- Funding for colloquia, visiting speakers, and other practical support for our newly instituted Certificate Program in Energy Law
- Funding to support additional practical mini-courses related to Energy Law offered in the Law Center’s innovative Apprenticeship Week intersession program (e.g., Fundamentals of Offshore Leasing, which we offered in January 2014)
- Funding for technology and facilities improvements necessary to support the Laborde Energy Law Center and the various programs described above

RE: LSU Paul M. Hebert Law Center  
2014-2015 Budget Priorities

The main priority of the Law Center's 2014-2015 operating budget is to continue support for the Law Center's primary mission of providing outstanding teaching, research, and public service programs. This support will be provided again with essentially a stand-still budget. The Law Center has identified some programmatic initiatives that it would like to pursue, but it currently lacks the resources to pursue them.

The Energy Initiative identified below would enhance the profile of the Law Center and positively impact economic development in Louisiana. Other initiatives for civil law, student services, and an expansion of clinical offerings would strengthen the Law Center's educational offerings and improve the Law Center's ability to compete with its regional and national peers, and help the Law Center in its efforts to attract nationally-recognized faculty, and to recruit highly-credentialed students.

**Energy Initiative:**

Create two faculty positions that would provide immediate academic resource strength to the Law Center's new Energy Law Center and expand upon the traditional work of the Mineral Law Institute, a component of the Law Center for many years. The Energy Law Center will permit the Law Center to synergize with existing strengths of the LSU A&M campus in petroleum geology, petroleum engineering, coastal studies, and related fields to focus on energy finance, energy regulation, energy taxation, the emerging law of alternative energy and energy conservation, and other multi-faceted aspects of modern law practice relating to energy. The initiative would include one senior faculty position, one junior faculty position, an Energy Law Symposium, additional course coverage through adjunct professors, and an administrative assistant.

**Civil Law Initiative:**

The Law Center has a pressing need to add an additional faculty member to provide instruction to students in Civil Law topics, including those related to the laws of Louisiana. Funding would support a new faculty member and an administrative assistant.

**Appellate Advocacy:**

Provide support for moot arguments of pending appellate cases. Funding will support a coordinator, an administrative assistant, space and furnishings.

**Student Services:**

Create Dean of Students and Academic Success Coordinator positions to coordinate student activities and organizations, including pro bono activities required for purposes of American Bar Association accreditation; provide student academic counseling and programs for students with lower predictors of academic success.

**Clinical Expansion:**

A Clinical Director was hired in 2008-09, and expansion is needed to better fulfill our commitment to the ABA Standards for Approved Law Schools by providing live-client or other real-life practice experiences. An additional faculty position would permit the Law Center to offer clinical opportunities to additional students and to fulfill our commitment to provide additional community service through the legal representation of underrepresented populations in Louisiana, as exemplified by our current domestic violence clinic, juvenile justice clinic, homeless advocacy clinic, and immigration clinic.

RE: LSU Paul M. Hebert Law Center  
Merit-Based Pay Plan

The Law Center plans to offer a second consecutive year of merit salary increases for our faculty and staff.

The Law Center intends to implement this merit increase using the same framework as we did last year. A fund will be set aside for awarding merit pay increases, and it will be determined which employees will be entitled to merit pay increases. This group will be full-time employees who have been with us for at least one year and who are determined to be deserving of merit pay increases based on their performance and their contributions to the Law Center. The amounts to which the eligible employees will be entitled will be determined, and we will inform those employees of what the increases will be.

The actual effective dates for our merit pay increases have yet to be determined, but a September effective date both for those who are employed on a fiscal year basis and for those who are employed on an academic year basis is anticipated.

Classified employees who may be entitled to receive performance adjustments will be subject to the special rules that apply to them. If these adjustments are approved by the Civil Service Commission, it is anticipated that the effective date for performance adjustments for classified employees will be a date in October.

# LSU Pennington Biomedical Research Center

## **“Operating Budget” for Fiscal Year 2014-2015**

August 19, 2013

Dr. F. King Alexander, President  
Louisiana State University System  
LSU System Building  
Baton Rouge, LA 70803

**Executive Director's Narrative: 2013-2014 Operating Budget**

Dear President Alexander:

The 2013-2014 state operating budget for Pennington Biomedical is based on the FY 14 state appropriation, and at \$14.2 million reflects an increase of \$992 K from the FY 13 operating budget after the mid-year budget cut.

The majority of the state appropriated funds are used for research and the closely related function of academic support for research. Pennington Biomedical researchers will continue their preeminently successful quest for regular federal grant awards and grants and contracts from the private sector. Though the tightening of the federal budget in recent years, and now also sequestration, has impacted our revenue budget, Pennington Biomedical researchers continue to strive to make up the difference in private grant and contract funding.

Our spending on the academic support function is focused on core support units to our research efforts such as Clinical Chemistry, Cell Biology, Imaging, Comparative Biology, Mass Spectrometry, Proteomics, Genomics, and the Clinic Inpatient and Outpatient Units.

We continually strive to maintain a tight and efficient administrative infrastructure despite increasing mandated costs. In addition to using state appropriations to provide a level of base support to existing research programs and core support units, Pennington Biomedical executive management has used a part of its state appropriation throughout the Center's 25-year history as seed funding for new research programs. Since FY 09, budget cuts have limited our ability to seed new programs or recruit new scientists to the Center, or even to expand existing successful or promising programs. PBRC management will continue to look for opportunities to expand research programs and fund new scientists and directors through other means.

Pennington Biomedical's sole auxiliary unit, PBRC Stores, continues to support our objective of providing competitive prices to our researchers for equipment and supplies while maintaining the viability of the auxiliary enterprise through complete self-support, though the implementation of the LSU Geaux Shop may impact our stores operations.

I remain available to provide you with further information should you so wish.

Sincerely,

  
William T. Cefalu, M.D.  
Executive Director

# Louisiana State University Agricultural Center

## **“Operating Budget” for Fiscal Year 2014-2015**

September 12, 2014 Meeting

**Office of Vice President for Agriculture**

Date: September 3, 2014

To: F. King Alexander, President and Chancellor  
Louisiana State University SystemFrom: William Richardson, Vice President  
LSU Agricultural Center

Subject: FY 2014-15 Operating Budget Narrative

For FY 2014-15, the LSU AgCenter is grateful to be working with a budget that maintains a stable funding base. Additionally, we would like to express our appreciation for your support, as well as, the Board's support for allowing the AgCenter to implement another merit increase plan for our faculty and staff. This was very well received by faculty and staff and certainly helps with our recruitment and retention challenges.

Because the AgCenter is a nonstudent campus, increases in tuition and student fees are not available as a revenue source. Passage of the GRAD Act provided no relief for the AgCenter. Self-generated revenue is used to the extent possible, but a declining number of programs and employees create a negative effect. Competition for external sources of funding is acute, and granting agencies increasingly require matching funds or pledges of personnel effort at a time when these AgCenter resources are declining.

During the past legislative session, \$40 million was appropriated to higher education to fund the Workforce and Innovation for a Stronger Economy (WISE) program. While the final allocation to the AgCenter is still unknown at this point in time, the AgCenter considers the following initiatives to be critical needs that would be appropriately funded through the WISE Program:

- Expansion of the AgCenter's current 4H career readiness and workforce preparation skills. This program reaches thousands of Louisiana's youth and teaches them critical foundational skills that prepare them to join the workforce and/or pursue higher education.
- Research and outreach concerning food safety from farm to table (planting, growing, harvesting, processing, marketing and consumption); food innovation to promote Louisiana food products and entrepreneurialism, and nutrition research including development of functional foods.
- Research on the development and use of advanced technologies (e.g., UAV, GIS, etc.) to serve as monitoring tools for production of crops and monitoring of diseases and pests in Louisiana's diverse agricultural industry
- Research and outreach concerning development and protection of aquaculture industries (fish and shellfish) including technologies that improve breeding, water quality, and overall production

These initiatives improve Louisiana's workforce and provide technology and education to strengthen various sectors of the overall agricultural industry.

In addition to the WISE initiatives, the AgCenter's major budget priorities for FY 2014-2015 include the following:

- A general salary increase plan
- General faculty operating support (better information technology equipment, laboratory enhancements, travel funds, general supplies, etc.)
- Filling key faculty positions to alleviate gaps in coverage by field agents (Agriculture & Natural Resources [ANR], 4H, and Family & Consumer Sciences [FCS])
- Increased support for critical initiatives such as water issues and food safety

While there are many positives in the FY14-15 budget picture, the lack of *new* funding and increases in mandated costs continue to be challenging. High priority programs are generally understaffed with significant gaps in coverage. For example, the AgCenter's FTE's have been reduced from 1121 in 2008 to the current figure of 766 (this represents a 31% reduction). Transfers have been used to balance staffing where possible, but opportunities are limited because of the technical nature of most positions and the AgCenter's statewide locations. New staffing models are being developed and there is greater reliance on non-recurring revenue. Additionally, we are attempting to reduce the scope of programs. In making specific program decisions, key factors include but are not limited to the program's relevance to the AgCenter mission, impact on the state, economic development potential, industry and clientele support, and extramural funding opportunities. The AgCenter continues to engage in extensive consultation with all constituencies to help work through the budget challenges.

Engaging in collaborative programs is often highlighted as a very positive aspect of the AgCenter. The broad nature of the AgCenter's research and outreach combined with its statewide locations facilitate collaboration. The most recent initiative is the Healthy Communities partnership with Pennington Biomedical Center and the Southern University AgCenter. This initiative addresses growing concern over poor health and the need to curb obesity, diabetes and high blood pressure in Louisiana's citizens. The initiative is rooted in West Carroll Parish and addresses nutrition and physical activity as a community-wide effort. Other similar collaborative efforts are ongoing with Pennington, LSU Health Sciences, Tulane, ULL, UNO, ULM and SU. The AgCenter has a partnership with Nicholls on aquaculture and a partnership with La Tech in animal science. The AgCenter's Cooperative Extension Service and the Southern University Agricultural Center operate joint extension programs in many areas of the state and their parish faculty are jointly housed in local parish offices. The AgCenter's 4-H program partners with parish school boards in every parish of the state. AgCenter faculty hold joint appointments with many colleges on the A&M campus. Perhaps the most collaborative endeavor is the overall sharing of faculty with the LSU and A&M College of Agriculture. Most COA courses are taught by faculty holding joint appointments with the AgCenter. Building on this model, discussions are in progress between LSU-E, LSU-A and the AgCenter to share faculty and teaching resources. Last, initiatives are in process to foster closer administrative ties and an even closer working relationship between the AgCenter and the LSU and A&M College of Agriculture.

A major change that began in FY 2012-13 involved the AgCenter's overall administrative structure. Following turnover in key upper level positions, the administrative structure was studied and the decision made to move away from a structure focused on the functions of extension and research to one based on programmatic area. The decision followed extensive discussions with faculty and staff, unit heads, administrative leaders, and clientele. We are in the process of implementing the new structure and are receiving very positive feedback. The new structure will provide greater coordination between and within programs. Efforts to streamline administration will continue in the coming year.

The AgCenter continues to work with a developing business plan to refine the scope of activities with an eye toward the inevitable budget situation facing the LSU AgCenter. Cost savings, productivity and importance to the core mission of the LSU AgCenter are the three criteria that are to be addressed. We intend to make every effort to maintain our most critical programs, to remain true to our core mission of improving the lives of Louisiana citizens and to provide the most we can for every dollar invested in the LSU AgCenter.

## **“Operating Budget” for Fiscal Year 2014-2015**

August 15, 2014

Dr. F. King Alexander  
President  
Louisiana State University System  
3810 West Lakeshore Drive  
Baton Rouge, La 70808

Subject: Fiscal Year 2014-2015 Budget Narrative

Dear Dr. Alexander:

For most all aspects of my limited time back on the LSUS campus, it has been a wonderful experience. However, there are two significant areas of responsibility that already are proving to be most challenging as we face the new fiscal year: the LSUS budget and enrollment – specifically undergraduate enrollment.

**Fiscal Year 2013-14**

Unfortunately, we ended the year with a \$1.55M deficit. Why such a deficit? Essentially, it is the perfect storm of multiple years of declining enrollment, declining state appropriations, increased costs of operations via mandated expenses from other state agencies, increasing admission standards for our students and increasing costs in tuition to students.

Our major concern is the continuing decline in undergraduate enrollment and the retention of those degree-seeking students that impacts this campus financially the most in regards to tuition and fee revenues. This financial problem is not limited to our general fund budget, but to the entire campus. Fewer on-campus students translate to less revenue for other areas of our campus that depend upon revenues from student fees or student purchases. These areas are our Student Activities, University Center, Intercollegiate Athletics, Bookstore, and Food Service.

In regards to overall enrollment and especially undergraduate enrollment, our announced total student enrollment of 4,114 this past fall appropriately included some 775 high school dual-enrollment students who sought LSUS AP course credit. However, it needs to be noted that LSUS receives no state appropriation and receives nominal tuition dollars with these students (they do not pay student activities, university center, intercollegiate athletic fees, nor do they use the bookstore or food service). In contrast, when I left LSUS in 1994 there were relatively very few dual-enrollment students out of the 4,500 enrolled (on-campus) students.

LSUS has finished the fiscal year with a deficit for the second straight year. The result is that university reserves, always minimal at best, have basically been tapped out. Because of the deficit, we had to pull almost every available dollar we possessed in permitted restricted and auxiliary fund balances to cover the \$1.55M deficit. Excluded from this sweep of dollars are specific state or federal grants or donor restricted (designated) gifts. However, included are reserve funds for such things as the University Center and indirect research grant accounts.

There will be a relatively small amount of the total swept funds not needed to fix the FY2013-14 deficit. These funds will be retained in an emergency/strategic fund for future use.

### **Fiscal Year 2014-15**

The fiscal problems confronting LSUS continue with the current FY2014-15 budget that began 7/1/14. We begin the year with nearly \$700,000 less in state appropriations than a year ago (because of one-time state funds), with higher fixed (mandated costs) and/or pass through costs. As Chancellor-Designate, in anticipation of these additional costs, in consultation with Interim Chancellor Paul Sisson and the vice chancellors, I instructed a permanent cut of vacant faculty/staff position lines for the start of this fiscal year. The cuts resulted in a savings of nearly \$585,000 plus benefits (approximately 40%).

Unfortunately, the savings from the permanent cut in position lines still leaves LSUS beginning this year with nearly a \$2M operating deficit. To help strategically address the remaining problem for this fiscal year, as Chancellor-Designate I sought on behalf of LSUS a letter of credit (essentially a loan) of \$1.5M for the current fiscal year from the LSU System. With your support, we were granted this request. We will need to draw upon the letter of credit during this fiscal year to cover cash payment needs, including payroll. As it is a loan, we will be required to repay the loan (plus interest) in five years beginning in FY 2015-16.

### **Our Current Situation**

We need for our fiscal year budgets to be balanced. The letter of credit does not solve the underlying problem of insufficient total state appropriation, enrollment and tuition dollars. Cutting our way to a balanced budget is not a viable option (LSUS has suffered over a 65% decline in state appropriations over the past seven years (state appropriations have declined from 59% to less than 28% of budget)). The key to a balanced budget lies primarily with the growth of the right mix of enrollment at both the undergraduate and graduate levels.

There are some recent positive developments concerning enrollment to be noted, including the debut of our new Ed.D. in Leadership Studies, the significant increase of enrollment in our MBA and MEd programs offered through Academic Partnerships, and our 2+2 programs with LSU A & M. However, our projected fall, 2014 enrollment is more part-time graduate students (mostly via Academic Partnership), and fewer on-campus undergraduate students than fall, 2013.

This academic year is our year of review for SACSCOC institutional accreditation (that will occur on campus starting on April 28). Our financial stability will be a matter of SACSCOC evaluation.

### **Budget Strategies for 2014-15**

We recognize that our destiny primarily lies with us. We are committed to a highly pro-active set of major budget strategies for FY2014-15:

1. We are making key budget information more open and widely available to our stakeholders, including faculty and staff. The goal is to increase the level of understanding of our very critical budget situation and make clear the need for us to expeditiously re-grow our enrollment back to at least 4,200 students (not counting dual-enrollment students) to achieve a level of budget stability.
2. We are looking at everything we do and how we do it at LSUS in search of more innovative and/or efficient means of fulfilling our mission and sustaining overall high-quality of our

academic programs. A new strategic planning committee linked to budget will begin work when the fall semester begins. Everything will be on table for discussion.

3. We are more actively engaging student leaders to help us tell our story, increase our focus on the student experience, better retain students and identify more strategies for student success. Engaged students are a magnet to attract and retain other students.
4. We are continuing to make permanent reductions in faculty and staff positions through attrition (as previously stated, we have already instituted reductions effective this fiscal year that have resulted in a savings of nearly \$585,000 plus benefits (approximately 40%). Every full-time faculty and staff position that comes open is being reviewed at the Chancellor's level to determine the level of critical need to replace and/or alternative means of covering the position work. This is a challenge. We have over 25% fewer faculty staff now than in 2008-09. To further illustrate, the School of Business has 13 fewer faculty and 7 fewer staff persons than when I left LSUS twenty years ago (and the number of faculty would be even fewer had more retirements and/or departures occurred).
5. We are significantly increasing our strategies and efforts to better retain students, including personal telephone calls, text messages and letters personally signed by the Chancellor.
6. We are expediting our ongoing work with SUSLA and BPCCC to put in place full articulation agreements for every LSUS program/major.
7. We are already working to leverage our allocation of WISE funds in an innovative manner so as to more strategically grow enrollment and effectively serve the business needs of this region.
8. We are working with Academic Partnerships to identify new academic programs, including possibly new health care-focused program(s).
9. We are putting in place very comprehensive, "boots on the ground" additional initiatives at both SUSLA and BPCCC for the fall semester with a stretch goal of securing a net 500 additional transfer students for spring, 2015 versus spring, 2014.
10. We are continuing to seek financial support from the LSUS Foundation and other strategic stakeholders to secure additional external funds to permit bridge funding while we "right size" our enrollment and budget.

We will closely monitor the ten strategies, especially concerning our targeted significant growth of enrollment from BPCCC and SUSLA (Strategy 9). We recognize that the failure to achieve significant growth of enrollment may trigger the need to consider more drastic university actions, including the possible declaration of financial exigency (that could in turn possibly impact our SACSCOC review). Our faculty and staff are committed to doing those extra things necessary to avoid such a detrimental action for LSUS and our students.

### **Wise Funds**

As previously stated, we are already working to leverage our allocation of WISE funds in an innovative manner so as to more strategically grow enrollment and effectively serve the business needs of this region. We are exploring both educational and business partnership opportunities as a means of achieving the greatest impact possible from our WISE funds. While our due diligence analysis and conversations are still on-going, we expect to focus on the following areas of great importance to Northwest Louisiana and the State of Louisiana:

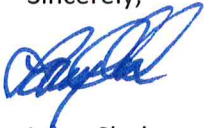

1. Health care. We are actively reaching out to LSU Health Shreveport and regional health care providers to identify program and/or course development needs related to health care.
2. Cyber Defense. We are reaching out to the Cyber Innovation Center (CIC) to identify academic program needs of the CIC and associated companies locating in the 3,000-acre National Cyber Research Park, such as CSC, Inc. CSC expects to employ some 800 technology persons by 2017.

3. Logistics/business support. The Port of Caddo-Bossier is undergoing a major expansion through associated new companies, such as Benteler Steel/Tube's first North American manufacturing facility.
4. Film/entertainment media. Shreveport has emerged as a major film/movie and entertainment media hub, as illustrated by Moonbot Studios that create extraordinary entertainment to an array of media platforms, including books, films, apps and games.
5. Military support. Barksdale Air Force Base and Fort Polk have significant educational and training support requirements and/or needs.

### **Final Thoughts**

Transitions are indeed exciting times, but often challenging times. As I have spent the last two months becoming more and more familiar with the LSUS community, I remain amazed by the impressive work that is going on all around campus, and the positive attitude that the campus has – even with all the financial problems that have been haunting us for the last several years. With the help of our Faculty and Staff, we will turn LSU Shreveport around! We will prove it this year! We have to, for the consequences of not doing so are not inviting!

Sincerely,

Larry Clark  
Chancellor

# **Louisiana State University Alexandria**

## **“Operating Budget” for Fiscal Year 2014-2015**

### Chancellor's Narrative

#### Louisiana State University at Alexandria

#### 2014-15 Unrestricted Operation Budget

Total funding, including state appropriations and self-generated dollars, for the 2014/15 fiscal year is \$16,782,303. In actual dollars, this is a 3.2% increase (+\$489,403) over the 2014 fiscal year. In reality, the university will ultimately perceive a funding reduction that results from introducing an estimated \$1M of salaries and expenditures back in to the operating budget. These costs have previously been budgeted in restricted and auxiliary accounts; however, due to the recent drain on those particular funds, those accounts can no longer sustain the same levels of support. In order to “make room” for these newly introduced expenditures, the university has gone through an exercise in budget reductions and position control on many open positions. The 2014/15 proposed budget is based on a flat-enrollment from the 2013/14 year. This budget, when properly managed, will allow the institution to operate sufficiently assuming that there are no major unbudgeted expenditures or challenges that arise during the year.

As mentioned above, this budget is based on a steady enrollment. Current indications show that fall enrollment will be up over last fall. If this trend carries forward through the spring semester, this increase in revenue from self-generated dollars will mitigate a portion of the cost reductions as well as allowing the university the opportunity to once again offer a one-time merit increase to faculty, unclassified, and classified staff. Even though LSU System has approved a 3% merit increase, LSUA is fiscally unable to commit to this expense at this time. While this increase cannot be budgeted, the university understands the importance of these increases and will make decisions in that regard once solid enrollment and self-generated revenue information is available.

A breakdown of the top areas within the 2014/15 budget are as follows:

Top Allocations	
Payroll (including Stu Work)	78.91%
Scholarships/Fee Exemption	4.10%
Insurance/WrkCmp/Unemp	3.96%
Utilities	2.90%
Summer Payroll	1.79%
Maintenance Contracts	1.74%
<b>TOTAL</b>	<b>93.40%</b>

#### Priorities for the 2014/15 Fiscal Year

The top priority going in to the new fiscal year is the continued emphasis on recruiting and enrollment. As the university becomes more dependent upon self-generated revenue, more funding has to be directed to resources that will result in new students and more students retained. Total funding allocated to Enrollment Management, Recruiting, and University Scholarships is \$1,371,762 or 8.1% of the operating budget. This includes salaries, operating expenses, travel, supplies and scholarship dollars. In addition, the LSUA Foundation has pledged \$175,000 in support of enrollment and recruiting.

Along with increasing enrollment, the university must build back up auxiliary account balances that were drained over the course of the last 3 years (primarily last fiscal year). While it was a necessity at the time in order to maintain operations, with the funding increase this year, and with the potential enrollment increase, it's now time to ensure that the university has dollars in reserve. This must continue to be a high priority.

As mentioned above, the university understands the importance of employee salary increases. The hope is to, at a minimum, provide a one-time stipend/increase in the spring semester. However, this will be solely dependent upon an increase in enrollment and self-generated revenues. Ultimately, the university must raise enrollment and sustain that increase in order to maintain the same level of services offered and to keep a well-qualified faculty and staff.

Finally, the institution must redirect appropriate funding back to its intended purpose. For example, the Student Technology Fee has been used in previous years for all IT operations. Beginning with this 2014/15 budget, these resources will be moved back to technology in the classrooms and academic setting. The university cannot continue to rely on these types of restricted funds for operating purposes.

From a monetary perspective, this will be a challenging year for the university; but also a time to re-group, re-build, and re-structure financial resources and procedures that will result in a more organized and efficient operation. All financial decisions made must be done in accordance with "keeping the student first". Resources must be allocated to those areas that recruit, retain and educate students.

## **“Operating Budget” for Fiscal Year 2014-2015**

**LSU EUNICE**  
**FY 2014-15**  
**BUDGET NARRATIVE**

The Governor has promised that budget Year 2014-15 will represent the first year that the state has not assigned any budgetary cuts to higher education since FY 2007-08. In FY 2013-14, the successful strategies and remediation efforts, which the campus had taken in FY 2012-13, resulted in LSUE's successful passage of the GRAD Act, with the resulting restoration of the campus' (10%) tuition authority. Therefore, for FY 2013-14, the total projected budget was \$12,793,598, which included a one-time allocation of \$338,025. Salaries, wages and benefits represented 84.04% of that sum. For this current budget year 2014-15, the projected total budget for the campus is \$12,806,716—\$13,118 more than FY 2013-14 budget amount—including the removal of the FY 2013-14 one-time allocation of \$338,025. Therefore, the FY 2014-15 total budget represents a modest increase of 0.103% from that of FY 2013-14.

For FY 2014-15, \$10,512,159 or 82.08% of the budget will be dedicated to faculty and staff salaries, wages and benefits, with 66.1% or \$6,948,537 of this salary component representing the academic portion of this personnel category. (NB. In budget year 2013-14, the academic share of the salary category was 66.4%—one of the higher budgetary percentile's assigned to academics among public, higher education) institutions in Louisiana. However, for FY 2014-15, with 82.08% of the budget dedicated to salaries, only \$2,294,557 or 17.92% of the remaining budget is available for the "operations" component of the campus' budget, i.e., utilities, supplies, insurance, printing, copying, professional services, travel, library books and periodicals. (NB. Library funds for FY 2014-15 represent only \$48,000 or 0.38% of the campus' total amount of funds).

Operating a 200 acre campus, with nearly 2800 to 3000 students, and 214 faculty and staff demands more than \$2.29 M in order to maintain, physically, and to support, intellectually, an attractive quality, academic campus, like LSUE—a campus, which, just this year, achieved a perfect outcome—(i.e., no negative findings)—on its SACS-COC Accreditation Reaffirmation scores—undoubtedly one of the best outcomes, to date, in the state. It is hoped, therefore, that in AY 2013-14, the campus' enrollment will meet its projections for the year in order to provide all of the self-generated revenue which the FIS budget was built-upon; and, that the state will not suffer a seventh consecutive year of an unbalanced budget and, consequently, find itself having to cut higher education, once again, for its coverage of the deficit. Moreover, it is also hoped that Louisiana will try to add-back, like other responsible states, its financial support of its public colleges and universities; and, in the process enable campuses to reduce the tuition burden it has placed upon its citizens. In this latter regard, now given the privatized status of the former Charity Hospital System, any budget deficit would fall, nearly exclusively, upon the state's public colleges and universities; and, as an end-result, would do even greater fiscal damage to Louisiana's public colleges and universities than such cuts have done in the past!

## **“Operating Budget” for Fiscal Year 2014-2015**

**CHANCELLOR'S NARRATIVE  
LSU HEALTH SCIENCES CENTER IN NEW ORLEANS  
2014-15 OPERATING BUDGET**

The Fiscal Year 2014-15 appropriation for the LSU Health Sciences Center in New Orleans Campus is \$171,995,609. In absolute dollars, it is an increase of \$1.8 million from our operating budget in Fiscal Year 2013-2014. We have set the following priorities for increases in spending:

- Restoring core mission functions that we have been funding from other sources and reserves.
- Increased employer contributions to retirement and health insurance.
- Increased risk management premiums.

Our campus continues our emphasis on creating and enhancing alternative sources of funding:

- LSUHSC-NO continues to seek new and/or expanded relationships with private and not-for-profit health care entities. We anticipate about \$17 million in new clinical revenue from contracts this fiscal year.
- LSUHSC-NO expects to leverage investments we are making in cardiovascular and genomic research to bring in additional sponsored research dollars.
- We have expanded enrollment in Allied Health, Nursing and Public Health and hope through a capital outlay appropriation and WISE funds to expand enrollment in our D.D.S. program.

We are cautiously optimistic that there will not be a mid-year reduction of state general funds and it will be possible to revisit the issue of merit increases for faculty and staff.

<b>FORM #</b>	
BOR-3A	Under Federal Funds, Other Federal includes the Social Security Admin. National Science Foundation, Dept. of Commerce and Dept. of Justice.
BOR-5	The total number of budgeted awards for FY 14-15 is less than the amount budgeted for FY 13-14. The estimate of awards for Hardship Waivers was overstated in the FY 13-14 budget and the number of awards for tuition exemptions under PM-12 has declined considerably due to the privatization of the LSU Hospitals. We had a number of HCSD employees pursuing Nursing degrees.
