Rescission of University Registration - this represents the most serious penalty that may be imposed on a registered student organization. It involves the revoking of the University's registration of the organization for a stated or an indeterminate period of time. If the organization also holds a charter from a national organization or association, the University may also request that the national organization or association revoke the organization's charter. Organizations that maintain a residence or meeting facility on University property may not occupy or utilize that facility unless and until the organization returns as a registered student organization in good standing.
